Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over 10,000,000 trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call at Corrigan's and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed.

A Washington Birthday Story.

For a Washington birthday story, this, from an exchange, will do: It's a pity Luke Short, who was "Bat" Masterson's old partner, isn't living to go to Paris and take part in that revolver contest. Some years ago Short was stopping at the Leland hotel, in Chicago. At breakfast a fly lit in his glass of milk, whereupon he tossed the milk in the air, shot the fly out of it with his .44, caught the fluid again in the glass, drank it, and then quietly resumed his conversation with a reporter to whom he was relating how his eyesight had failed.

The Best in the World.

We believe Chamberlain's cough remedy is the best in the world. A few weeks ago we suffered with a severe cold and troublesome cough, and having read their ads in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was half used. It is the best medicine out for colds and cough—Herald, Andersonville, Ind. For sale by Corrigan.

Nearly every person needs a tonic medicine at this time of the year to brace up and invigorate the nervous system, to cleanse the bowels, liver and kidneys. Herbine is the best and safest remedy to do this, as it will constipate, regulate the liver and enrich the blood. Price 50c.—Corrigan.

The Gentler Sex.

To some among the gentler sex the words "equal rights" have been, it is feared, synonymous with "similar rights." It is no doubt owing to this misapprehension of terms that the attempt was made, not so very long ago, to introduce the glories of the bloomer costume. But though the attempt proved a failure the spirit that impelled it still survives, as may be seen by the various masculine modifications that have crept into female dress during the past few years. Where is the flowing and graceful drapery of former days that jealously shielded the modest wearer from gaze, sadness creeps over one that such things should be?—Cardinal Gibbons in New York Journal.

Illiteracy in Russia.

The illiteracy of Russia exceeds that of any other country claiming to have a civilized government. The Humanitarian states that in 10,000 villages of the vast empire there is not a school, and it is estimated that not twenty per cent of the population of the empire has acquired even the rudiments of a common school education. It has been figured out that if the czar would disband 100,000 men of the vast army he would thereby save money enough to provide a school for each of the villages. It is not surprising that the czar should desire to reach some arrangement with the other nations which would permit him to partially disarm.

An Ocean Laundry.

All women travelers will rejoice over the idea conceived by E. M. Fielding, of Boston, who is the first to institute an "ocean" laundry for the benefit of passengers on a large steamship. He is to act as superintendent of the first experiment. The plant will be as complete in every way as a laundry on shore. The machinery consists of a large steam mangle and washing and ironing machines. Other appliances include those of starching. The passenger will deliver his or her laundry to the steward, and in a few hours the linen, fresh and wholesome, will be returned.

To Explore Siberian Islands.

An expedition to explore the New Siberia islands and Samukoff land has been organized by Baron Toll, and will depart some time in June from a Norwegian port. The party will proceed to the mouth of the Lena and will pass the winter on its banks at a point above the town of Yakutsk. In the summer of 1901 explorations toward the north will be commenced and forces joined with a detachment which will be sent out in March with a sufficient supply to do so.—Washington Times.

Chess Player Stelitz Insane.

William Stelitz, the famous chess expert, who was the greatest player at the game since Paul Morphy's day, is now an inmate of Manhattan State Hospital for the Insane in New York. He was admitted to the institution this week, and his wife is left penniless. Stelitz lost the world's championship to Emanuel Lasker in 1894 and never recovered from the blow. His friends went back on him when his marvelous mind gave way and he is now obliged to go to a charitable institution.

Thought He Was Orthodox.

The tendency of most doctrines is to be very narrow, and the loyalty for a particular church is "bred in the bone," as a certain little boy bears witness. His motherhood was telling him of the childhood of Christ, and in the course of her story said that Christ was a Jew. The little fellow looked up at her in wide-eyed astonishment and said in an awed voice: "Why, mother, I always thought that the Lord was a Presbyterian."

Spreads Like Wild Fire.

When things are the best they become the best selling. A. Hare, a leading druggist of Belleville, O., writes: "Electric bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidney, bowels, blood and nerves. Electric bitters tone up the stomach, regulate liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run down man or woman. Price 50c. Sold by Corrigan.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. Price 25c and 50c.—Corrigan.

In almost every neighborhood there is someone whose life has been saved by Chamberlain's colic, cholera and diarrhea remedy or who has been cured of chronic diarrhea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving others. For sale by Corrigan.

CAUSES BUTLER TO RESIGN HIS OFFICE

(Continued from first page.)

and refuse to give your petitioner credit for \$200 due your petitioner from Holt county, as county attorney, for the months of January, February and March? Was it because your special committee was appointed to do dirty work, or is this "special committee" alone to blame for what they have done? Why did your special committee, in their most remarkable report, recommend that the board request that your petitioner at once file with the county clerk a full and complete statement of all receipts and disbursements of money collected by him and belonging to Holt county after they had brought in their false and malicious report? Was any county officer in this or any other state ever requested by a "special committee" or any other committee to file a statement after they had gone through the farce of checking up his office? Why did not your honorable body call upon your petitioner for a statement before you appointed a "special committee"?

Why was the chairman of your honorable board instructed to demand of your petitioner that he pay into the county treasury, at once all money in his hands belonging to Holt county? Was it not for the purpose of conveying the idea to your honorably body, and the people of Holt county, that your petitioner was short in his accounts with Holt county?

Your petitioner begs leave to consider that when a person has faithfully and conscientiously, for more than three years, discharged the office of county attorney in a county the size of Holt, that his reputation, his character and his family be entitled to a fair consideration and honorable treatment by the county board of the county for whom he has labored faithfully for years, in the attempt to put the people in said county and the government of said county in a good, solid financial condition.

Therefore your petitioner respectfully prays that a committee of three be appointed to employ an expert accountant to check up the books, records and accounts of your petitioner as county attorney; that said committee be appointed as follows: One by your petitioner, who hereby names S. B. Howard, one by your honorable body, and these two to elect a third person, these three to compose the committee. That the said committee have power to employ an expert accountant (a competent person) and to agree on the compensation said expert shall receive per day for the entire work as the judgment of the committee is best. That the expenses of said committee and the compensation agreed upon for the accountant by the committee, be provided for and paid as follows: If the expert shall find that your petitioner is in debt to Holt county one dollar or one cent your petitioner shall settle all claims of said committee and of said expert, but and if the county shall be found to be indebted to your petitioner, then all claims of said committee and expert are to be paid by the individual members of the board, and that for the purpose of defraying any and all expenses so incurred your petitioner and the individual members of the county board shall each deposit in the First National bank or Elkhorn Valley bank of O'Neill the sum of \$150 in cash subject to the check of said committee, at the time of the selection of the third member of said committee.

To the end that justice may be done and that your honorable body may know the truth, your petitioner humbly prays that you will take action on this petition forthwith.

W. R. Butler,

County Attorney of Holt County.

We present the foregoing letter to show what Mr. Butler has to say regarding the shortage. He claims credits that have not been given him, but produced no evidence to the board that he is entitled to what he claims. The board notified Butler to file a statement by 10 o'clock Wednesday morning or he would be mandamus and compelled to do so. Mr. Butler did not heed this notice.

Butler Resigns.

This (Thursday) afternoon Mr. Butler sent his resignation to the board, and it was promptly accepted.

This action relieves the populists of a whole lot of worry, but W. R. isn't out of the woods yet.

R. M. Johnson of Stuart was given a preliminary hearing before Justice Slatery last Monday on the charge of subornation in connection with the Kraft-Munt rape case and was bound over to the district court in the sum of \$1,000. This was not a very good week for Holt county attorneys.

An ounce of prevention is worth a pound of cure, and a bottle of Ballard's Horebound syrup used in time is worth a staff of physicians with a drug store or two included. Price 25c and 50c.—Corrigan.

A Horrible Outbreak.

"Large sores on my little daughter's head developed into a case of scaldhead" writes C. D. Isbill of Morgantown, Tenn., "but Bucklen's Arnica salve completely cured her." Its a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c at Corrigan's.

White's Cream Vermifuge not only effectually destroys worms, it also increases the appetite, aids assimilation and transforms a frail infant into one of robust health. Price 25c.—Corrigan.

Most women with female weakness suffer dreadfully from piles in addition to their other pains. They may be cured by using Tabler's Buckeye pile ointment. Price 50c in bottles; tubes 75c.—Corrigan.

The Horses of the Boers.

The artillery and cavalry horses of the Boers have all been inoculated against the "tsetse fly" and rinderpest, both of which are apt to play havoc with green horses in that district.

Canada in Case of Invasion.

Canada is self-supporting, but in event of an attack being made upon the Dominion Britain would have to provide both army and navy for its defense.

such More Favorable.

No other word than triumph does justice to the results of the Dingley law. No matter where the test is applied its workings are far more favorable than any tariff ever devised by a Democratic congress.—St. Louis Globe-Democrat.
