ROYAL BAKING POWDER CO., NEW YORK.

A Woman's Awful Peril

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful stomach, liver and kidney remedy. Cures dyspepsia, loss of appetite. Try it; only 50c; guaranteed. For sale by Corrigan.

Tortured a Witness.

Intense suffering was endured by witness T. L. Martin of Dixie, Ky., before he gave this evidence. "I caught every night until my throat was nearly raw; then tried Dr. King's New Discovery, which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for coughs, colds and all throat, chest and lung troubles. It will stop the worst cough and not only prevent but absolutely cure consumption. Price 50c and \$1. Every bottle guaranteed. Trial bottles free at Corrigan's.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure—John E. Clifford, proprietor Norwood house, Norwood, N. Y. This remedy is for sale by P. C. Corrigan.

A Fast Bicycle Rider

Will often receive painful cuts, sprain or bruises from accidents. Bucklen's Arnica Salve will kill the pain and heal the injury; its the cyclist's friend. Cures chafing, chapped hands, sore lips, burns, sores and piles. Cure guaranteed; only 25c—try it. Sold by Corrigan.

Stafford Sayings.

Earl Posson is herding for Mr. Reed. John Harmon, of O'Neill, and James Gallagher, of Laurel were at Stafford Wednesday. Will Crandall is working on the section. Ed Johnson sold his farm to a Mr. Thompson from the southern part of the state. The Brobst family spent Sunday with the Townsend family. Ezra Moore and family passed through town Sunday on their way from Orchard. Mr. Foster, of Ewing, was a Stafford visitor Sunday. Mr. and Mrs. Boies, of Chadron, parents of James Boies, arrived in town Tuesday morning for a short visit. H. Crandall is treating his store to a coat of paint which greatly improves its appearance.

McCaffrey Items.

Will Morgan and Lewis Latta had business in western Holt Sunday. Mrs. Lamberson went to O'Neill Saturday. John Harmon and Miss Maggie McLaughlin, of O'Neill, visited at McCaffrey Sunday. Mrs. McCaffrey and Mary Morgan viewed the sights of Amelia Sunday. Ed Gallagher is spending a few days north of O'Neill this week. Olar Baker, of O'Neill, visited in this vicinity Sunday. A party of men from Burwell and Lincoln were viewing the wilds of this valley Sunday looking for locations. Charlie Cole, of O'Neill, was a McCaffrey visitor Sunday. The wolves are getting very bold in this vicinity. On Monday three entered Morgan's pasture and attacked the small calves, but fortunately were seen before any harm was done. Children who are weak, fretful or troublesome should be given a few doses of White's Cream Nermifuge. They will then become strong, healthy and active, have rosy cheeks, bright eyes, will be happy and laughing all the day long. Price, 25 cents P. C. Corrigan.

ELECTRICAL RESEARCH.

Some Things That Have Not Yet Been Found Out.

Prof. McArdie says that before long science will succeed in measuring the energy of a lightning flash, and also in demonstrating the nature of the aurora. That the aurora is an electrical phenomenon has long been recognized. An intimate relation seems to exist between the aurora and sun spots. In 1882 the astronomer at Greenwich sent out notification of the appearance of an enormous sun spot on Nov. 17 of that year. For three hours on the morning of that day not a wire of the Western Union Telegraph company could be used, and not even the market quotations could be distributed. At night there was a brilliant auroral display and all telegraph service was again interrupted. Cables to Europe and wires to Chicago were alike unworkable; but some messages were sent as far as 700 miles by cutting off the batteries and utilizing the atmospheric electricity. Over half of North America, across the Atlantic and over northern Europe it seemed as if legions of ethereal demons were busy inciting electric and magnetic apparatus to strange and mischievous antics. The official production of an electric fire-ball by Prof. Richmann is unique, though electricity in this form is not unfamiliar. Sometimes such balls are seen to run along the surface of the sea, and when they appear on land they usually burst with a loud noise, often with disastrous effects. Nobody has yet been able to explain these balls, which appear to be a very concentrated form of electricity. When the experts say, as most of them do, that electricity is merely a form of motion, the explanation is more or less unsatisfactory, but how is one to account for the presentation of a form of a motion in the shape of a luminous sphere?—Boston Transcript.

ATTORNEY-AT-LAW | O'NEILL

I wish to announce to my friends and former patrons, as well as all new comers, that I have opened an office in O'Neill and resumed the practice of law, and will give prompt and careful attention to all business entrusted to me; will practice before the United States land office and government departments, attend to notary business, do shorthand and typewriter work when wanted, and will give lessons in shorthand if desired. Medicolegal cases a specialty. Office front room over land office.

IS A THING OF THE PAST.

Long-Horned Steer Took Too Much Space and Held Too Decided Opinions.

Ten years from now the visitors at the stock yards in Chicago will look at the massive horns nearly six feet from tip to tip that hang over the doorways of offices and hardly be able to believe that they were taken from the head of a "beef critter" on the Texas ranges, and that hundreds of thousands of cattle with such horns once ran half wild on the ranches and plains of the Lone Star state. For the passing of the long-horned, long-legged, uncertain colored and still more uncertain tempered Texas steer is a thing of today, and in his place one finds a stockily built, red or roan animal, with short, stubby horns, or no horns at all. The Texas steer of today is not properly descended from the Texas cattle of the past. He has simply supplanted the others on the ranges, and the former animal has either migrated farther south or has gone out into space and is no more. The improvement—as it most certainly is—has been brought about in many ways. The first great change came when the cattle man decided that car space that could be filled up by good, salable beef, was more profitable than that taken up by the picturesque horns of the Texas steer, and began to dehorn the yearlings and young steers. More could be gotten into a car, as they could stand closer together. It was but a step to then begin to improve the quality by crossing the cows with fine bred bulls, Durham, Hereford and Angus, and the Texas steer of 1900 will compare very favorably with the cattle in Missouri. He has taken 100 to 150 pounds heavier than in former days.

Ten thousand dollars worth of clothing and shoes at a sacrifice at Sullivan's. 15 per cent discount on all cash sales. The discount will last during the month of May only. Come at once and get bargains at Sullivan Merchandise Company's store. 45-3

H. B. Hubbard's Percheron stallion, Robert, will stand Mondays and Tuesdays during the season of 1900 at C. S. Kennel's, 8 miles northwest of O'Neill, and the remainder of each week he will be at his home on the George Bradt place 10 miles northeast of O'Neill. 45-2

Piles are not only most painful but also very dangerous, as the inflamed nodules are very apt to take on malignant action and cancer of the rectum is produced. They should be cured. Tabler's Buckeye Pile Ointment will cure the most obstinate cases. Price, 50 cents in bottles. Tubes, 75c P. C. Corrigan.

ORDINANCE NO. 84.

An ordinance for the purpose of raising revenue by levying and collecting a license tax upon billiard and pool halls.

Be it ordained by the mayor and council of the city of O'Neill, Nebraska:

Sec. 1. It shall be unlawful for any person or persons, firm or corporation, to engage in the business of running a billiard or pool hall in the city of O'Neill, Neb., without first having paid the license tax hereinafter mentioned.

Sec. 2. The tax imposed under the provisions of Sec. 1 shall be as follows: For each billiard or pool table \$10 per year, payable annually in advance. Provided, that all license issued under the provisions of this ordinance shall expire on the first day of May in each year, and that no license shall be issued for a shorter term than to the end of the current fiscal year.

Sec. 3. The license tax herein provided for shall be paid to the city treasurer and his receipt taken therefor, which receipt shall be filed with the city clerk, who shall thereupon issue his license to the person to whom such receipt is given for the period mentioned in such receipt.

Sec. 4. All persons violating any of the provisions of this ordinance shall, upon conviction thereof, be fined not less than one dollar nor more than ten dollars, with cost of prosecution, for each offense, and in default of payment thereof shall be committed to the city jail until such fine and costs are paid.

Sec. 5. This ordinance shall go into effect and be in force from and after its passage and publication according to law.

J. F. Gallagher, Mayor. Ed F. Gallagher, City Clerk.

Rheumatism is conceded to have its origin in a poisoned condition of the blood, and to be most successfully treated by Herbine, which acts upon the liver, kidneys and other blood purifying organs, thereby diverting the system of the offending agents. Price, 25 cents P. C. Corrigan.

NOTICE FOR PUBLICATION.

CONTEST NOTICE.

Department of the Interior, United States Land Office, O'Neill, Neb., April 30, 1900.

A sufficient contest affidavit having been filed in this office by John Morgan, Jr., contestant, against timber culture entry No. 6703, made October 3, 1891, for NE¹ Sec. 22, township 27 n range 14 w by Peter C. Mortensen, contestee, in which it is alleged that Peter C. Mortensen has failed to break or caused to be broken, ten acres of said tract during the 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, years of said entry, that the said entry man has failed to plant or caused to be planted, any trees, tree seeds or cuttings upon said tract during the 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, years of said entry; further, that there were ten acres of said tract planted to cottonwood cuttings and ash trees by one Thomas Swift, a former entryman, but the present entryman has wholly failed to utilize said trees so planted by the former entryman in any manner during the 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, years of said entry, having neglected to permit the same to grow upon which they stood to grow up to grass and become thoroughly reseeded, and the prairie fires to run over said ground year after year, whereby said trees were killed and destroyed so that not to exceed three living trees are now standing thereon, all of which said trees still exist. Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m., on June 22, 1900, before the register and receiver at the United States land office in O'Neill, Nebraska.

The said contestant having, in a proper affidavit, filed April 30, 1900, set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication.
