Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. Where Coal Is Precious Mineral.

The report comes from Cape Nome, the new Alaska gold field, that coal and wood are very scarce. All available wood has been used for ten miles on either side of Nome City. Wood brings \$50 to \$60 a cord, and it is a very poor article at that. The coal supply is very meager and coal is sold by the pound, bringing seven and as high as eight cents a pound.

Mothers who would keep their children in good health should watch for the first symptoms of worms and remove them with White's Cream Vermifuge. Price 25c.—Corrigan.

A Wealth Of Beauty

Is often hidden by unsightly pimples, eczema, tetter, erysipelas, salt rheum, etc. Bucklen's arnica salve will glorify the face by curing all skin eruptions, also cuts, bruises, burns, boils, felons, ulcers, and worst forms of piles. Only 25c a box. Cure guaranteed. Sold by Corrigan, druggist.

Two incidents of the Battle of the Nile told by "one of the gunners' crew": One lad who was stationed by a salt box on which he sat to give out cartridges, and keep the lid close—it is a trying berth—when asked for a cartridge, he gave none, yet he sat upright; his eyes were open. One of the men gave him a push; he fell all his length on the deck. There was not a blemish on his body, yet he was quite dead, and was thrown overboard. The other, a lad, who had the match in his hand to fire his gun, in the act of applying it a shot took off his arm; it hung by a small piece of skin. The match fell to the deck. He looked to his arm, and seeing what had happened, seized the match in his left hand and fired off the gun before he went to the cock-pit to have it dressed.

DANGER AHEAD.

California's Protest Against Proposed Reciprocity Concessions.

If reciprocity treaties with foreign nations mean the release from restrictive tariff regulations of foreign products which we do not produce, in return for the admission for such of our products into foreign territory as they do not produce, no one will deny their wisdom.

On the other hand, if these treaties mean the withdrawal of tariff in such a manner as to build up one class of products in our own country at the expense of another, or the fattening of powerful Eastern corporations by the destruction of protective industries of the country, it is time to call a halt.

The news from Washington that not only the Jamaica reciprocity treaty, but the French reciprocity, contains provisions that strike staggering blows not only to the fruit industry of the Pacific coast, but to our wine industry and still other products, at the behest of rich and powerful corporate interests in the East, is amazing and disheartening.

If that is the way the administration and the Republican party interpret the duty they owe to the country, the sooner the president and the party learn that they are treading the path that leads to disaster the better.

It will not do to lightly put this question aside by saying that California must suffer for the general good. If that were true it might be a good excuse, however lamentable, but it is not.

Will it be for the common good to shatter the industrial interests of this immense western region that the Standard Oil company, the northwestern millers and greedy importers in the east may fatten?

The Republican party has stood for protection to our growing industries with magnificent results. If it permits itself to be used by designing men it will basely desert its colors, and will deserve the fate that will surely overtake it.

It is not a question alone of injury to our local interests; the affair assumes a national importance. Should the Republican party prove faithless to its trust in California, it will prove faithless in other states.—Los Angeles (Cal.) Express.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Doty, Des Moines, Iowa. For sale by Corrigan.

Careful Inspectors.

In Sweden yarn is not allowed to be sold if it contains .0009 per cent of arsenic. A carpet has been condemned by the inspectors because it contained one thousandth part of a grain of arsenic in sixteen square inches—that is, one grain in a piece of carpet ten feet square.

If you are troubled with that most uncomfortable disease called piles, don't neglect it. Don't let the complaint get a firm hold. Every day the disease is neglected it grows worse. Commence at once to use Tabler's Buckeye Pile Ointment, the relief is immediate, and cure infallible. Price, 50c in bottles. Tubes, 75c.—Corrigan.

From Candles to Electricity.

Siberia has made the most wonderful leap in progress in the nineteenth century. The people of that country never have seen illuminating gas used. From candles they have jumped into the electric age. The towns are lighted by the arc light and the houses by incandescent lamps. The Siberians understand the handling and care of electric light apparatus so well that accidents are extremely rare. It has been suggested that perhaps their immunity from accidents may be explained by the fact that they wear heavy rubber overshoes.

Would Not Suffer So Again for Fifty Times its Price

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liveryman, Burgetstown, Washington Co., Pa. This remedy is for sale by Corrigan.
