BRIEF TELEGRAMS.

Candidate Towne is making speeches through Indiana.

The Chicago theaters are filled with shirtwaist audiences.

All grades of refined sugar were advanced a nickel per hundred.

Senator Foraker of Ohio denies that he has presidential aspirations.

David Sinton, who has just died in Cincinnati, left a fortune of \$62,000,000.

The census bureau announces the population of Quincy, Ill., as 36,252, against 31,494 in 1890.

France has not yet replied to Russia's note regarding the withdrawal of the troops from Pekin.

Ex-Governor L. D. Lewely died very suddenly and unexpectedly of heart failure at Arkansas City, Kas.

At Glasgow, Scotland, eleven persons are now suffering from bubonic plague and five others have symptoms.

The population of Wilkesbarre, Pa., is 51,721, against 37,718 in 1890, an increase of 14,003, or 37.13 per cent.

The population of Allentown, Pa., is 35,416, as against 25,228 in 1890, an increase of 10,188, or 40.38 per cent.

The German transport Batavia will embark German troops at Wu Sung to assist the British and French detachments.

The United States transport Rosecrans sailed for Manila via Nagasaki, with light batteries C and M, Seventh artillery.

Direct telegraphic communication between the United States and Germany was opened through the new German cable.

General MacArthur chronicles two recent deaths among his officers in the Philippines in cablegrams received at the War department.

A hurricane damaged buildings and ruined crops in many districts in western Manitoba and territories. The losses are about \$100,000.

The census bureau announces the population of Elmira, N. Y., is 35,672, as against 30,893 in 1890, an increase of 4,779, or 15.47 per cent.

Secretary of State Hay, who has been in poor health most of the summer, and who is recuperating at Lake Sunapee, continues to improve.

The sheriff of St. Joseph, Mo., seized 100 slot machines valued at \$8,000, and will burn them. The machines had been in use in all parts of the city.

The census of the Osage and Kaw Indian tribes shows an increase in population over 1890, which is probably true of most Indian tribes in Oklahoma.

At Brazil, Ind., J. D. Kershaw, aged 64 years, who has held the position of treasurer of the Brazil Block Coal company for eleven years, died of Bright's disease.

John G. Wooley, prohibition candidate for president, and the stalwarts of the prohibition party, have arranged for a 10,000 mile campaign trip, covering many states.

The Peruvian senate had under consideration a proposal for preventing Chinese immigration in view of a possible exodus from China as a result of the present disturbances.

The detachment of Kansas City firemen on their way home from the Paris exposition visited Windsor and made a tour of the castle. Subsequently they lunched with the mayor at the Guild hall.

At a sheep slaughtering and dressing exhibition at Indianapolis, Chas. J. Gardiner of that city broke the world's record when he killed and dressed ten sheep in thirty minutes and twenty-two seconds.

Thirty-one fever-stricken or wounded soldiers were discharged from the general hospital at Presidio and given transportation to Washington, D. C. They are from the Philippines and have been under treatment for some time. Most of the complaints are incurable and the men have applied for admittance to the Soldiers' home at Washington.

Chicago is in luck to the extent of having a gas war with prices at 60 cents per 1,000 feet, and a downward tendency.

After attending a wild west show at Beloit, Miss Clara M. Kendall, a school teacher of Rockford, Ill., became violently insane.

The census bureau announces that the population of Syracuse, N. Y., is 108,743 against 88,140 in 1890, an increase of 20,231, or 22.95 per cent.

At Topeka, Kas., Rev. Francis S. McCabe, for many years a prominent minister in the Presbyterian church in Kansas, died of cerebral apoplexy, aged 73 years.

The dead bodies of William Taylor and Hansen Rasmussen were found on adjoining ranches near Folsom, Cal. Both men had been murdered.

The office building which the Aetna Real Estate company proposes to erect on the southeast corner of Broadway and Thirty-third street, New York.

Mrs. Bertha Honore Paplmer may return to this country bearing off among other trophies the coveted Legion of Honor bestowed by the French government.

The census bureau announces the population of Detroit at 285,704, against 206,876 in 1890, an increase of 38,77 per cent.

At Syracuse, New York, in an attempt to break the world's stallion trotting record of 2:06 1/4, Cresceus trotting a mile in 2:06 1/4.

At Lansing, Mich., the state prohibition convention nominated a full state ticket, headed by Professor S. Goodrich of Albion, for governor.

It seems to be the generally accepted conclusion that the wreck on the Philadelphia & Reading railway at Hatfield, twenty-seven miles from Philadelphia, which resulted in the loss of thirteen lives and more or less serious injuries to fifty-three persons, was due to negligence or disregard of signals.

DISASTER DOWN SOUTH

Galveston, Texas. Almost Destroyed by Wind and Wave.

A GREAT LOSS OF LIFE REPORTED

At Least Four Thousand Homes Swept Away by Swirling Waters—Entire Population of City in Danger—Only Meagre Details.

HOUSTON, Tex., Sept. 10.—The West Indian storm which reached the Gulf coast yesterday morning has wrought awful havoc in Texas. Reports are conflicting, but it is known that an appalling disaster has befallen the city of Galveston, where it is reported 1,000 or more lives have been blotted out and a tremendous property damage incurred. Meager reports from Sabine Pass and Port Arthur also indicate a heavy loss of life, but these reports cannot be confirmed at this hour.

The first news to reach this city from the stricken city of Galveston was received tonight. James C. Timmins, who resides in Houston and who is the general superintendent of the National Congress company, arrived in this city at 8 o'clock tonight from Galveston. He was one of the first to reach here with tidings of the great disaster which has befallen the city, and the magnitude of that disaster remains to be told because of his endeavors to reach home. After remaining through the hurricane on Saturday he departed from Galveston on a schooner and came across the bay to Morgan's Point, where he caught a train for Houston.

The hurricane, Mr. Timmins said, was the worst ever known. The estimates made by citizens of Galveston was that 4,000 houses, most of them residences, have been destroyed and that at least 1,500 people have been drowned, killed or are missing. Some business houses were also destroyed, but most of them stood, though badly damaged.

The city, Mr. Timmins avers, is a complete wreck, so far as he could see from the water front and from the Tremont hotel. Water was blown over the island by the hurricane, the wind blowing at the rate of eighty miles an hour straight from the Gulf and forcing the sea water before it in big waves. The gale was a steady one, the heart of it striking the city about 5 o'clock yesterday afternoon and continuing without intermission until midnight Saturday night, when it abated somewhat, although it continued to blow all night.

Of his own knowledge Mr. Timmins knew of only one house succumbing with fatal results, though he heard of many residences being carried away with inmates. The house that he saw destroyed was Ritter's saloon and restaurant, at 2109 Strand street, a principal business street of the city. This three story building was blown down and nine men—prominent citizens—were killed.

Among the dead are: Charles Kellers, a cotton buyer for an English firm; Stanley C. Spencer, general manager of the Elder-Wemster steamship line; Richard Lord, manager for McFadden's cotton company, whose body is still in the ruins.

Secretary Bailey of the wharf company and several waiters and customers saved themselves by jumping from the upper story just before the crash came.

It was reported that the orphan asylum and both the hospitals were destroyed and if this proves true the loss of life will be great, as these institutions were generally crowded and as they were substantial buildings the chances are that many had taken refuge in them.

The water extended across the island, Mr. Timmins said it was three feet deep in the rotunda of the Tremont hotel and was six feet deep in Market street.

HEAVY FIGHTING IN COLOMBIA.

Desperate Battle Between Rebels and Regulars.

KINGSTON, Jamaica, Sept. 10.—Mail advices received today from Colon, Colombia, say that the rebels seized the town of Turbaco, near Carthagena, as well as the railway, last Monday. The following day the Colombian war ship Cordoba arrived with 400 troops and heavy fighting ensued. There was great excitement in Carthagena when the mail steamer left Colon.

Daggett May Get Promotion.

WASHINGTON, Sept. 10.—It is believed that the president will accept the recommendation of General Chaffee and promote Colonel Aaron S. Daggett of the Fourteenth infantry to the vacant brigadier generalship which will follow from the retirement next Monday of General Joseph Wheeler. If this is done General Chaffee will be only temporarily set back in his own advancement to the brigadier generalship.

Gold and Silver Exports.

NEW YORK, Sept. 10.—Exports of gold and silver from this port for last week aggregate \$964,428 silver bars and coin, and \$9,800 gold. The imports of specie were \$30,228 gold, and \$136,109 silver. The imports of dry goods and merchandise were valued at \$10,366,880.

Japan Increases Its Army.

SALT LAKE, Sept. 10.—A special to the Tribune from Pocatello, Idaho says:

From information originating here it would appear that Japan is trying to mobilize a still larger army for her wars in Asia. For a week past every mail from the west has brought letters from the Japanese laborers on the Oregon Short Line instructing them to return to Japan for service in the army. There are about 1,300 Japanese in the service of the Oregon Short Line.

GOOD ROADS IN PHILIPPINES.

Commission Will Discuss Appropriation of \$2,000,000 Soon.

MANILA, Sept. 10.—The Philippine commission at its first public session to be held next Wednesday will discuss the appropriation of one-third of the treasury's \$6,000,000 for the construction and repair of roads and bridges throughout the archipelago. The people profess to be much gratified at the prospect of this work of development.

The revenue authorities of Manila collect under the Spanish laws a tax of 5 per cent upon the salaries of American civilians earning \$300 per annum and upward. The tax is unpopular and provokes protests among them. The Filipinos and foreigners, who are used to it, do not object to the levy.

The reports of the military operations show that of late these have been trivial. Manila is now experiencing the heaviest typhoon known for years.

BULLER AND BOERS FIGHT.

British General Crosses the Mauchberg and Continues the Advance.

CAPE TOWN, Sept. 10.—Sir Redvers Buller continues his advance. He crossed the Mauchberg, ten miles east of Lydenburg, and came into action with the Boers.

The occupation of Lydenburg, which took place last Thursday, is regarded as marking one of the last stages of the war. The Boers now talk of trekking into German territory. Lord Methuen is marching on Lichtenburg from Mafeking.

It is said that papers seized at Pretoria show that the Netherlands Railway company in many ways actively assisted the Boers. It converted its workshops into arsenals and provided the Transvaal forces with horseshoes.

Able to Convey Sound.

BRADFORD, England, Sept. 10.—At today's session of the physical science section of the British association for the advancement of science, now in annual session here, Sir William Henry Preece, consulting engineer to the British postoffice, made the interesting announcement that as a result of his experiments with wireless telegraphy he had found it quite possible to convey audible speech six to eight miles across the sea without wires.

Coal is Needed in France.

PARIS, Sept. 10.—The coal famine is being felt more and more throughout France. All the gas, railroad and steamship companies are now dispatching agents to the United States to study what can be done to relieve the situation, with full power to sign huge contracts if conditions are favorable. Many industries are suffering from lack of fuel and great suffering is anticipated among the poorer classes.

Ship Collides and Sinks.

SAN FRANCISCO, Sept. 10.—The American ship May Flint collided with the bark Vidette tonight in the bay off the mail dock and sank. After the collision she drifted down onto the bows of the battleship Iowa anchored off the mail docks. After bumping the Iowa she split open, filled and sank. As far as known no lives were lost. The cause of the collision is unknown.

Celebration May Bring Trouble.

HONG KONG, Sept. 10.—Owing to anticipations of disturbances at tonight's celebration of the Feast of Latens elaborate preparations have been made to cope with eventualities. The troops have been served with ball cartridges. Six Maxim's are also in readiness. The police have been ordered to suppress the "Dragon procession," but the Chinese declare they must hold it in spite of the authorities.

Missionaries Report Quiet.

WASHINGTON, Sept. 10.—Acting Secretary of State Hill authorizes the announcement that the telegram from Commissioner Rockhill, dated Shanghai, September 7, states that missionaries arriving from the west and northwest report quiet everywhere along the routes. Only four northwest provinces indicate signs of disturbance.

Congress Comes Out for Li.

TIENTSIN, Aug. 30.—(Via Shanghai, Sept. 7.)—United States Minister Conger is said to insist that Earl Li Hung Chang shall be allowed to proceed to Pekin for a conference.

Orders have been received from Washington that 5,000 American troops shall be divided between Pekin, Tien Tsin and Taku for the winter.

Cases a Shutdown.

JOLIET, Ill., Sept. 10.—Several departments of the Illinois steel company have been closed because of low water in the drainage channel. The controlling gate at Lockport is closed and the flow is shut off to permit tearing out of the cofferdams at the new water power.

Population of Cities.

WASHINGTON, Sept. 10.—The census bureau announces that the population of Portland, Ore., is 90,426, as against 46,385 in 1890. These figures show for the city as a whole an increase in population of 44,941, or 94.95 per cent from 1890 to 1900.

MARCHANT GOES FOR FRANCE.

Sails for China as Special Diplomatic Commissioner.

MARSEILLES, Sept. 10.—Major Marchand, of Fashoda fame, embarked here today on a steamer bound for China, where he is going to represent France on the international commission, composed of officers entrusted with the settlement of diplomatic questions and any difficulties arising between the different portions of the foreign corps. An immense crowd gave him a rousing send-off.

STOCKMEN ARE PROSPERING.

Purchases of Land Being Made by Them Proves It.

OMAHA, Neb., Sept. 10.—"The sale of railroad lands continues with an activity that suggests two things," said A. L. Lynch of the Union Pacific land department. "One is that the people who have been in the stock business in the west for the last few years are now beginning to reap the benefits of their early labors and are enjoying an unprecedented degree of prosperity. The other is that the cattle and sheep men realize the necessity of securing possession of the ranges required for feeding their cattle and sheep."

Applications have just been received at headquarters in this city for two tracts of land, of which two syndicates of sheepmen in Carbon county, Wyo., wish to get possession in order to have plenty of range for their sheep. J. A. Schoonpas, representing one of the syndicates, has made application for 7,480 acres of land and P. J. Quealy, representing another syndicate, is negotiating for the purchase of a tract of land in area 17,280 acres.

C. A. Forsling, traveling agent of the land department, came in from Kimball, Neb., accompanied by a couple of applicants for land. One of the men, L. C. Kinney, wants to get hold of 5,000 acres of land near Kimball to furnish pasturage for cattle owned by himself and others interested with him in the business. N. C. Searles of Wisner, Neb., has just taken about 10,000 sheep into the vicinity of Kimball, and he, too, is making arrangements to purchase some land.

The State Fair.

LINCOLN, Neb., Sept. 10.—The state fair closed with a small attendance at the grounds, almost all the visitors from outside Lincoln having left. The management declares that the fair was in every respect the most successful ever held in the history of the state. The large attendance has been especially gratifying.

It is believed that the total number of paid admissions, which will be announced soon, will be almost if not quite fully 40,000.

Financially the fair has been very successful, and all premiums will be paid in cash, in full, and at once. Payment will be begun today, when the management will commence mailing checks to successful exhibitors. The last payment, it is claimed, will be made by September 20.

Chautauqua a Success.

BEATRICE, Neb., Sept. 10.—W. W. Duncan, in his annual report of the doings of the Chautauqua association recites a few facts which are interesting. Among the items of receipts are the following: Sale of tickets, \$4,650.50; rent of tents, \$396.50; concessions, \$175; the other miscellaneous items making a total of \$5,855.80. The disbursements amounted to \$4,374.76. Of this \$1,746 was paid for talent, \$880 for music, \$260.50 for labor. The ticket sales were \$418.30 greater than in 1899, and the various items of expense all show a reduction. After paying all debts the association has a cash balance of \$1,054.39.

Found Dead.

SARGENT, Neb., Sept. 10.—George Lovejoy, a prominent young school teacher living near West Union, accidentally shot and killed himself while out hunting. He began teaching school near West Union Monday. Tuesday evening, after school was out, he came home to his brother's, where he was boarding, and hitching his horse to a wagon, took his gun and went down on the bottoms to hunt, where he was subsequently found dead.

Company B to Muster Out.

LINCOLN, Neb., Sept. 10.—Company B of the Second regiment, Nebraska National Guard, stationed at Ord, will be mustered out of the state's service so soon as Captain Carson can collect and turn over the state's property. This action is taken by Adjutant General Barry on the report of Captain Carson, who said he couldn't get his men together for drill, and that they were not in condition to participate in the encampment.

Brakeman's Fatal Ship.

BROKEN BOW, Neb., Sept. 10.—Phillip Jones, a brakeman on freight No. 18, was riding on the front of the engine and as he was in the act of jumping off to turn a switch he slipped and the engine passed over both limbs, crushing them off about six inches above the knee. He was taken to Ravenna at once to his home. He died from his wounds.

Geneva Wins Third Place.

GENEVA, Neb., Sept. 10.—The citizens of Geneva and Fillmore county are justly proud of third place given them at the state fair. Credit for the display is due to a number, who worked hard to secure and place it, among them being Dr. Herriot, P. Youngers, George Finley, George Kenyon, A. Stevens, F. M. Flory and John Mills. Many premiums were taken by Mrs. Emma Kelley.

Indian Dies From Wounds.

LYONS, Neb., Sept. 10.—Word has been received here that the Omaha Indian, Wood, who was disemboweled with a knife in the hands of a white man last Saturday on the reservation, has since died and the man that did the cutting is still at large, with but little hopes of ever being captured. The amount of money involved in the quarrel and which led up to the murder, was \$2.

Bloodhounds Track a Boy.

CAMBRIDGE, Neb., Sept. 10.—A Cambridge lad was badly frightened by the city bloodhounds. He had been appropriating for his own use some watermelons that belonged to one of the suburban citizens. The owner of the melons started in pursuit of the young midnight marauder, but he escaped for a while. The bloodhounds were taken out and soon ran him down. The boy confessed the theft and was allowed to go free after a mock trial.

PRODUCTS OF NEBRASKA SOIL.

Fruits and Vegetables of Prodigious Growth Shown at the State Fair.

LINCOLN, Neb., Sept. 8.—Grapes, apples, tomatoes and vegetables of apparently abnormal growth are displayed at the state fair from York county, while Howard county presents a collection of watermelons that would do credit to an Alabama plantation. One watermelon from this county weighs sixty-five pounds and ten together tip the scales at 527 pounds. A pumpkin measuring six feet in circumference is also displayed. Saline county relies upon its display of yellow dent corn as a prize winner. Growing cotton and root celery form a part of the Saline county exhibit. Antelope county has an exhibit that includes a collection of Indian weapons and curios. Cuming and Fillmore counties are both represented by exhibits containing samples of the various grains and vegetables.

Dairy Exhibit a Winner.

LINCOLN, Neb., Sept. 8.—An exhibit which attracts the attention of all visitors at the fair is the one showing the machinery, methods and products of the dairy industry. One entire building is devoted to this exhibit. At the main entrance is displayed a small image of a Jersey cow under a sign bearing the inscription, "The mortgage lifter of the west." Butter and cheese of the highest grade are exhibited in immense quantities in the building and several attendants are kept busy explaining the workings of the many pieces of intricate apparatus used in their production. That Nebraska is rapidly becoming a dairy state is forcibly shown in this exhibit.

Damaged by Bugs.

MASON CITY, Neb., Sept. 8.—Investigation discloses the fact that chinch bugs have done more damage to the corn crop here than the dry weather. Considerable rain has fallen here this summer and farmers wondered at the slow growth of corn, but failed to disclose the cause until they began harvesting the fodder when chinch bugs were found. In some fields the bugs stood one-fourth of an inch thick on the knives of the fodder cutters. The ground is in fine shape for fall grain seeding and a large increase is being sown.

Death of a Nemaha Pioneer.

AUBURN, Neb., Sept. 8.—Mrs. Anna Campbell, widow of the late David Campbell, died here, after an illness of more than six months. Mrs. Campbell lived in Nemaha county for over thirty years, having located in Brownville in the early days, where she met and married Mr. Campbell, at that time marshal of Nemaha county. About sixteen years ago they located in Auburn, where Mr. Campbell engaged in business, which he continued up to the time of his death, two years ago.

Hypnotizes a Playmate.

BEATRICE, Sept. 8.—Little Armstrong, 7 years old, while playing with some little girls, was put into a hypnotic state by one of her playmates, the 7 year old daughter of J. D. Horn. The children became excited at their inability to arouse her and her mother was called and the excitement was redoubled. The child could not be awakened until Conrad Schmidt was called. He having had some experience in the science, soon restored her to her normal condition.

Love and Laudanum.

GRAND ISLAND, Neb., Sept. 8.—Albert J. Flowers, residing in the vicinity of Cameron, a small station eight miles north of Grand Island, was brought to this place and turned over to the county sheriff, charged with suicidal mania and attempting to commit suicide. Becoming weary of life's trials and tribulations he concluded to end his earthly career by taking a dose of laudanum, but was not successful.

Drowned in Leap.

FULLERTON, Neb., Sept. 8.—Bert Hindman a young man living eighteen miles west of town, was drowned in the Loup river near his home. He was driving cattle across the river and was thrown from his horse in some unaccountable way and had disappeared beneath the surface before the accident was known by a friend who was with him. The body was found soon after the occurrence, but life was extinct.

Land for Big Sheep Ranch.

OMAHA, Neb., Sept. 8.—At the head of a syndicate of seven men, J. A. Schoonpas has about closed a deal with the Union Pacific to buy 150,000 acres of land in Carbon county, Wyoming. The purchase includes about all of the grazing land in twelve townships. It is along the Medicine Bow river, south of Rawlins, and can nearly all be irrigated.

Drinks Acid by Mistake.

NORFOLK, Neb., Sept. 8.—George Krobin took a teaspoonful of carbolic acid by mistake for medicine. Medical aid was summoned and at last reports he was much better, although still in danger. This is the third accident from carbolic acid in Norfolk and vicinity within a week.

Sample of Nebraska Corn.

YORK, Neb., Sept. 8.—W. H. Lynn, a prosperous farmer of Arborville township, brought samples of corn from his field of 100 acres and eight cars weighed twenty-seven pounds. Mr. Lynn says that his corn will average fifty-five bushels to the acre.

Robert Tully Killed.

GRAND ISLAND, Neb., Sept. 8.—An accident occurred in the Union Pacific yards in which brakeman Robert Tully lost his life. His train, a freight from North Platte to this city, had just come in, the train being conducted by George J. Candlish. Mr. Tully stepped out on a track to signal his engineer, when a switch engine that was running backward down the track struck him, knocking him down in such a manner that both arms and legs were cut off and the body considerably crushed from the engine passing over it.

The Arch Fund Running Behind.

Only \$300 has been added to the Dewey or naval arch fund in New York since the 1st of May, and not a cent since August 1. The expenses of the committee in charge are now exceeding current collections.

A Harrison with Cromwell.

One of ex-President Harrison's ancestors was the Thomas Harrison who served under Cromwell and signed the death warrant of King Charles. On the Restoration he was executed in 1660.

We humble ourselves before others, not for others.

STEKETEE'S DRY BITTERS.

A Dutch Remedy, or How to Make Your Own Bitters.

Farmers, Laboringmen and Everybody use these Bitters for the cure of Dyspepsia, Loss of Appetite, Dizziness, Blood Purifier, Headache, Kidney and Liver Diseases. A perfect stomach regulator. Now is the time to use them.

On receipt of 30c United States postage stamps I will send one package and receipt how to make one gallon Bitters from Steketee's Dry Bitters. A delicious flavor. Made from Imported Roots, Herbs and Berries from Holland and Germany. Be your own doctor and use these Dry Bitters. Send to Geo. G. Steketee, Grand Rapids, Mich. For sale by druggists.

CASCARET'S Candy Cathartic, the genuine, put up in metal boxes, every tablet has C. C. C. stamped on it. Beware of imitations.

Kindness out of season destroys authority.—Saadi.

Ten Greatest American Railroads.

A table showing the mileage controlled by the principal railroad companies of this country on July, 1900, has been compiled by the Railway Age. The ten largest systems are as follows:

New York Central.....10,430
Pennsylvania.....10,292
Canadian Pacific.....10,018
Southern Pacific.....9,362
Chicago and Northwestern.....8,463
Chicago, Burlington and Quincy 8,001
Southern Railway.....7,887
Atchison, Topeka and Santa Fe.....7,880
Chicago, Milwaukee and St. Paul 6,437
Union Pacific.....5,584

—From the New York Sun.

Living in China has its advantages. Five dollars a year will clothe a Chinese husband and wife something more than decently.

MAGNETIC STARCH

Magnetic Starch

The Wonder of the Age

No Boiling No Cooking

It Stiffens

It Softens

It Whittens the Goods

It Polishes the Goods

It makes all garments fresh and crisp as when first bought new.
