Despite the fact that this is usually a dull season in the horse market and heavy drafters especially slow, a sale was lately made in Chicago at the second highest price recorded in that mart in the last decade. STRIKE WILL GO ON

Terms of Scranton Convention Are Not Acceptable to Operators.

NO ORDERS TO RESUME WORK.

Miners Say They Will Wait for Official Advice from Mitchell—It is Reported That Presidents of Coal Carrying Roads Will Hold Conference.

SHAMOKIN, Pa., Oct. 15.—The terms of the Scranton convention are not acceptable to operators and representatives of coal carrying companies in this place and Mount Carmel. The Reading officials do not think the sliding scale will be abolished by the company, while operators are averse to signing a contract binding them to pay the 10 per cent increase until April 1.

HAZLETON, Pa., Oct. 15.—The individual coal operators who could be seen here today declined to discuss the action taken by the anthracite miners' convention at Scranton yesterday. Neither would they say what steps the employees would probably take.

It is evident from their reticence that the individual mine owners are waiting to see what the large coal carrying railroads that mine coal will do.

It is reported in the coal region tonight that the presidents of these roads will hold a conference in New York tomorrow for discussion of action of the convention.

There was a story afloat today that the operators will accept the convention's decision, but nothing has come to the surface in this region on which to base the report.

The United Mine Workers' officials say they are now again waiting on the operators and they will continue to close up the collieries that have been in operation since the strike began four weeks ago. There are many reports in circulation that if the strike continues much longer a break in the ranks of the idle men will occur.

President Mitchell and his officials, however, assert their confidence that the men, both union and nonunion, will remain away from the mines until after the strike is declared off.

There is a fear prevalent in this region that if some of the men do return to work trouble would probably arise through efforts of the strikers to persuade the men to remain on a strike.

All the collieries that are working still remain heavily guarded.

WILKESBARRE, Pa., Oct. 15.—A canvass of the operators of the Wyoming valley today shows that there is considerable opposition to granting the miners any more concessions than those outlined in the original offer, namely, 10 per cent increase without any conditions. The individual operators especially are opposed to tying themselves up to any agreement.

One operator said the only way the strike can be settled is for the strikers to accept the 10 per cent without any provisions.

Superintendent Chase of the Lehigh Coal company said:

"Not much dependence can be placed on the men when it comes to arbitration. This was shown in the case of Mr. Markle. He favored arbitration, but at the behest of Mr. Mitchell his miners repudiated the agreement they made with their employer. The demand of the strikers that the operators should agree to pay the increased wages for a fixed period is too arbitrary and the operators will hardly agree to it."

Despite the view of the operators the impression here is that the strike will be ended this week.

DISASTERS NEAR NOVA SCOTIA.

Additional Reports Place Losses at Thirty Vessels.

HALIFAX, N. S., Oct. 15.—Additional disaster to shipping on this coast are reported. The known list of vessels driven ashore number thirty. The loss all over the country and in the neighboring provinces through terrific rainfalls and washouts and damages to orchards and buildings by heavy winds will be very many thousands of dollars.

The Canadian Pacific wires connecting Cape Breton with the rest of Nova Scotia are completely broken at the Straits of Canso, where the cable was fouled by a schooner dragging a net anchor in the recent gale.

Heavy rain is falling again today throughout Nova Scotia. Rivers and lakes are everywhere overflowing and destroying property. There has been no Canadian Pacific train from Montreal in four days, and a serious wreck of the Sydney express caused by a washout is reported in Cape Breton.

The Gloucester schooner, Ministry at Canso reports one man lost at sea.

Waldere Leaves for Peking.

TIENTSIN, Oct. 14.—(Via Shanghai, Oct. 15.)—Only a small escort accompanied Count von Waldere and his staff, who left for Peking at 5 p. m. today. The length of the field marshal's stay at the capital has not been determined, but he expects to return to Tientsin before cold weather sets in. Possibly he will make Shanghai his headquarters for the winter, as it is understood the Germans do not contemplate active operations after the winter begins.

COMPLEX SITUATION.

If Powers Suppress Rebellion It Will Hit Boxers' Foes.

PARIS, Oct. 15.—Letters received in diplomatic circles here throw a light on the situation in South China, where an anti-dynastic uprising is in progress. The reformist movement there is divided into two distinct parties, one led by Kang Yu Wei and the other by Sun Yat Sen. The former is agitating for drastic reforms, while Sun Yat Sen aims at deposing the dowager and making a clean sweep of the existing regime.

Sun Yat Sen is leading the present rebellion. The last authentic news of his whereabouts was of his presence at Kokohama three months ago. But since then he is believed to have smuggled himself into Southern China and to be leading the reformist rebel forces, his plan of campaign being the capture of Canton, when he calculates the whole of South China will join them. In the event of seriously threatening Canton, Great Britain and France, possibly assisted by the other powers, would be serious situation.

The rebel forces in the south which are anti-dynastic and friendly to foreigners and at the same time engaged in suppressing the Boxer rebellion in the north, which is pro-dynastic and anti-foreign.

In the meantime Kang Yu Wei is in active owing, it is supposed, to the pressure brought to bear on him by Great Britain, to which country he owes his liberty, if not his life, for he escaped from the clutches of the dowager empress on board a British warship some time ago.

At the present moment there are two armed movements in Southern China, that of the reformists, led by Sun Yat Sen, and the anti-foreign, pro-dynastic uprising of the black flags, who are marching north to assist the dowager empress.

ANOTHER CHINESE DEFEAT.

Kwang Si Rebels Rout Imperial Troops—Su Resigns.

SHANGHAI, Oct. 15.—From Canton it is reported that the Kwang Si rebels have defeated the imperial troops on the borders of Kwang Tung and that General Su has resigned in consequence of his request for reinforcements being ignored.

The Fourth brigade from India has arrived at Taku, but owing to the gale has not yet been able to land.

Sir Ernest M. Satow, who succeeds Sir Claude M. McDonald as British minister to China, has arrived at Tientsin.

Belmont Declines Prizes.

NEW YORK, Oct. 15.—August Belmont, owner of the Mineola, which finished second to Cornelius Vanderbilt's Rainbow in each of the races won during the past season by the latter yacht, will decline the prizes lost to the Rainbow through her disqualification by the New York and Atlantic Yacht clubs. When questioned tonight at his country home at Hempstead, L. I., Mr. Belmont, who has just returned from the south, said: "I will not accept the Rainbow prizes for Mineola under any circumstances."

Discuss the German Note.

BERLIN, Oct. 15.—A dispatch received here from Tientsin, dated October 12, says: "At a conference of the diplomats at Peking October 8 the German note of October 1 was discussed. In regard to the first point, whether the list of ringleaders contained in the Chinese emperor's edict was complete, the conference declared the name of the chief culprits, Tung Fuh Shan and Yu Hsin, were omitted. On point 2 it was decided that the punishment was inadequate. On point 3 it was concluded that the penalties must be carried into effect by delegates of the legations."

Need Farm Machinery.

WASHINGTON, D. C., Oct. 15.—A letter received received at the United States department of agriculture from Penrith college, New South Wales, Australia, calls attention to the great need of improved types of agricultural machines in that colony. The writer states that there are not half a dozen machines for cutting and collecting maize in New South Wales, and a machine for cutting sugar cane would be greatly appreciated by the cane growers in the north of that colony and in Queensland. He suggests that there are great opportunities there for American manufacturers.

Captain Shields Rescued.

MANILA, Oct. 15.—Captain Devereux Shields, who, with fifty-one men of Company F, Twenty-ninth regiment, United States volunteers, was captured by the insurgents last month in the island of Marilique, were rescued yesterday by the American rescue force with all the members of his party.

King George at Paris.

PARIS, Oct. 15.—King George of Greece, accompanied by General Reinck, his aide de camp, and Nicholas Thou, intendant of the civil list, arrived this morning to visit the exposition. High French officials met him at the railway station, from which he was driven to the Hotel Bristol. No incident of special importance occurred.

Refuse to Pay Tribal Tax.

ARDMORE, I. T., Oct. 15.—A dozen leading merchants of Ardmore were arrested today and their places of business closed by Captain Ellis and a squad of Indian police for refusal to pay the Indian tribal tax. They submitted peacefully, but United States Judge Townsend was immediately applied to and issued injunctions against the Indian police, with the result that the stores were reopened promptly. The case will be taken to the United States courts. The merchants' consider this tax unjust, as they are now paying revenue to the city.

There is no clue, only several strangers were around town for a few days and they are all gone today. Sheriff Menck is here working on the case.

FOUR KILLED AT A CROSSING.

Engine Crushes Into a Farmer's Wagon With Fearful Results.

HOLBROOK, Neb., Oct. 13.—As Mrs. Herman Kiebeck and family were crossing the railroad at the depot in a farm wagon a lone engine going west ran into them, instantly killing Miss Lizzie Horman, Mrs. Kiebeck and baby girl and Mrs. Charles Bartenbeck, and seriously injuring the latter's 4-year-old boy and 18 months old baby girl. The latter is not expected to survive. Not a single occupant escaped unhurt. The wagon was smashed into kindling wood and one of the horses killed. Mrs. Bartenbeck was the wife of Carl Bartenbeck, who was shot and killed near here Monday night.

Kills His Brother-in-Law.

BEAVER CITY, Neb., Oct. 13.—Carl Bartenbach was shot and instantly killed by his brother-in-law, Herman Kiebeck, at the home of the latter, two miles south of Holbrook. Bartenbach and his wife have had frequent quarrels. A year ago he was arrested for wife-beating. He and his wife were having another of their frequent troubles. In the evening, to escape the wrath of her husband, who threatened to kill her, she fled to the home of her brother, a half mile distant. Following her there Bartenbach was met at the door by Kiebeck, who shot him through the heart. The weapon used was a shotgun. Kiebeck went at once to Holbrook, giving himself up to the officers.

Heavy Stock Shipments.

SOUTH OMAHA, Oct. 13.—The year of 1900 is a great one for the Union Stock Yards company. Undoubtedly such a record of record-smashing never will be equalled again, as during the last eight months. The receipts Monday of 561 cars of stock, thirty cars more than the best previous record, which was also this year, makes it identified with the stock interests feel good. General Manager Kenyon is of the opinion that the best has not come, and he is ecstatic over the record, an important feature of which is the fact that South Omaha sheep receipts nearly equalled the combined receipts of St. Joseph, Kansas City and St. Louis last month.

Gets the Buttermen.

OMAHA, Neb., Oct. 13.—A session of the directory of the butter and cheese makers' association of the United States at the Her Grand, the arrangements for holding the coming annual convention at St. Paul, Minn., February 19-22 were completed. A prize list was made up to consist of \$5,000 in cash premiums, together with an aggregation of gold and silver cups and silk banners that would make a curio collector green with envy. It is estimated that about 3,000 delegates will be present, since the convention last year at Lincoln brought out 4,000. The directors took their departure during the afternoon.

Crack a McCool Safe.

YORK, Neb., Oct. 13.—At 2 o'clock in the morning the safe in the bank at McCool was dynamited by two robbers, blowing off the outer and inner doors. Before they could explode another charge against the burglar-proof box the gathering of a number of citizens who were aroused by the explosions caused the robbers to make a hasty departure. As soon as possible a posse was organized to hunt the robbers. Sheriff Lancaster was summoned by telephone from York and he was not long in going to McCool. Plenty of men were soon scouring the country in all directions, but at this writing the robbers have not been apprehended.

Use Iowa Marriage License.

FREMONT, Neb., Oct. 13.—Miss Belle Krasne and J. Krasne were married in this city Thursday night, the Hebrew marriage ceremony being used. It was learned later that the bride and groom had not only failed to get a license in this county, but were full cousins. Investigation was made and it was found that the couple had secured a license in Council Bluffs, Iowa, about two weeks ago. The county clerk, who issues marriage licenses in Iowa, telephoned that as yet no record of their marriage had been sent to him, so it is assumed that no ceremony occurred in that city.
