

"Marks, the Lawyer," is Dying.
In a Brooklyn hospital the original of "Marks, the Lawyer," made famous in Harriet Beecher Stowe's novel, "Uncle Tom's Cabin," lies dying. His name is Abraham Marks, and for many years he practiced law. It was while Mrs. Stowe was writing "Uncle Tom's Cabin" that Mr. Marks was suggested to her as a fitting title for the character of lawyer. The story finally became known, and to this day the original is called "Marks, the Lawyer." He is now 88 years old and without relatives.

WOMEN MUST SLEEP.

Avoid Nervous Prostration.

If you are dangerously sick what is the first duty of your physician? He quiets the nervous system, he deadens the pain, and you sleep well.
Friends ask, "what is the cause?" and the answer comes in pitying tones, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous agony praying for sleep.

Mrs. A. Hartley.

You ought to have known that when you ceased to be regular in your courses, and you grew irritable without cause, that there was serious trouble somewhere.
You ought to know that indigestion, exhaustion, womb displacements, fainting, dizziness, headache, and backache send the nerves wild with affliction, and you cannot sleep.
Mrs. Hartley, of 221 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely cured by Lydia E. Pinkham's Vegetable Compound; her case should be a warning to others, and her cure carry conviction to the minds of every suffering woman of the un-failing efficiency of Lydia E. Pinkham's Vegetable Compound.

Powers Determined to Compel Retirement of China's Female Dragon.

TROUBLES CHARGED TO DOWAGER

Creation of Large Indemnity Fund is to Be Insisted Upon—Duty Must Be Paid in Honest Money—Depreciated Silver Coin Will Not Be Accepted.

WASHINGTON, Nov. 2.—It was stated in quarters well versed in Chinese affairs that outside of the questions of indemnity, punishments, etc., now under negotiation at Peking, there are three vital and far-reaching questions to be determined, viz.: First, the removal of the empress dowager, personally and through the influence of her advisers, from all participation in the Chinese government; second, the creation of an indemnity fund by the increase of China's customs revenue, either by the payment of duties in gold instead of depreciated silver, as at present, or else by doubling the present silver duties from 5 per cent to 10 per cent ad valorem; third, the establishment of a minister of foreign affairs in place of the old and cumbersome system of the tsung li yamen.

The demand for the retirement of the empress dowager is said to result from the conclusion now generally accepted, that the imperial government of China was responsible for the Boxer uprising. As the empress dowager was the ruling authority of the imperial government during the uprising this responsibility is brought home directly to her. There is understood to be no purpose, however, to visit upon her any personal punishment or indignity, but merely to so form the reconstructed government as to exclude her from all participation in it. It is deemed advisable for that reason that she should remain permanently away from Peking, and that her advisers also should be kept away from the seat of government.

The plan of doubling China's customs duties has arisen from the need of finding a source to pay war indemnities which the various powers demand. It appears, however, that the increase of the duties has heretofore been brought to the attention of the United States government by Li Hung Chang. This occurred during his visit to Washington a few years ago, when it was represented that the 5 per cent was fixed in 1858 by treaties with the United States, Great Britain and other countries and was payable in silver, at which time silver was worth as much as gold. But with the change in value between silver and gold, Li Hung Chang points out that China's 5 per cent duty in silver actually netted only about 2 1/2 per cent, judged by the prevailing gold standard. The matter was not pressed at the time.

China's present customs revenues are said to be already pledged to meet the interest and principal of Chinese loans, so that it will require some entirely new source to meet the indemnities. In case the enlarged duties are determined upon, it is understood that their collection will be placed under supervision of representatives of the powers, at least until the indemnities are paid. The plan of substituting a minister of foreign affairs in place of the tsung li yamen has long been in contemplation, as foreign representatives have found it very difficult to deal with this mixed body and to locate responsibility upon it, particularly during the Boxer troubles.

Raise Red Flag of Anarchy.
CHICAGO, Nov. 3.—Socialist labor orators raised the red flag in State street tonight and were driven off the thoroughfare by the police, who were compelled to interfere to stop a riot. It was socialistic labor night and the Debs speakers used half a dozen wagons to speak from along the street.

There were frequent clashes between the speakers and the big crowds who gathered around the stands. Shortly after midnight the socialists became bolder and red flags were raised on every wagon. The red flag was very large and in contrast was hung a flag of the United States of very small dimensions. The crowd took all this good naturedly until some of the Debs speakers began kicking at the American flag. In a moment there was confusion and along the street several of the orators were dragged from their wagons and roughly handled.

Swindled the Maccabees.
SHAMOKIN, Pa., Nov. 3.—O. J. Reed, an ex-councilman, who was recently convicted of conspiracy in connection with borough paving contracts and admitted to bail upon the decision of the superior court for a new trial, disappeared three days ago. Last night it was discovered the local lodge of Maccabees, of which he is record keeper, had been swindled out of \$5,000 by forged death certificates of Benjamin Davis and Thomas Shofer. Davis, who was in Michigan, noticing he was listed as dead in the official newspaper of the order, informed his relatives here that he was alive. This started an inquiry, followed by the appearance of G. J. Siegle of Port Huron, Mich., who is a high official of the order. After a close investigation the irregularities were discovered.

Water Supply Puzzles Humboldt.

HUMBOLDT, Neb., Oct. 31.—For several years the city water supply has been a problem before the council and the solution is yet in doubt. When the water works were first started an attempt to secure a sufficient supply failed, because each time the shafts penetrated a salt strata, which made the water unfit for use. The plan was abandoned and the pumping station was placed on the banks of Long Branch, a small stream, and the supply has since been sufficient, but by reason of mud and filth is practically useless the greater portion of the time for household purposes. The council has recently ordered new shafts sunk and the workmen have already begun, and the hope prevails that the city may soon have a fresh water supply.

Volunteers Return Home.
HALIFAX, N. S., Nov. 2.—The overdue transport Idaho, with several hundred members of the Canadian contingent who participated in the war in South Africa, reached its dock here today. The Idaho reported that all on board were well and that the delay in arriving was caused by an accident to the propeller, two blades of which had been broken. The Idaho was greeted with a thunderous jar of cannon from the citadel, by hundreds of steam whistles and by the cheers of the sailors in the rigging of the British war ships in port.

News of the Earthquake.
WASHINGTON, Oct. 31.—The State department has received the following cablegram from Mr. Russell, secretary of legation at Caracas, concerning the recent earthquake in Venezuela:
"CARACAS, Via Hayti, Oct. 30.—Secretary of State, Washington: Severe earthquake this morning; great damage to property; several killed; president jumping second floor government house, leg broken; details from interior later. RUSSELL."

Betting Pure and Simple.
CHICAGO, Nov. 2.—Judge Vail today in open court created a sensation by declaring that in his opinion dealing on the Chicago Board of Trade and dealing in one of the institutions which the members of the Board of Trade had stigmatized as "bucket shops" were practically the same. He stated that the same thing was called "gambling" in the bucket shops, and "speculation" on the Board of Trade, but that both were "betting pure and simple."

Crime of Banker Sternberg.
BERLIN, Nov. 2.—A sensational incident occurred here today in the second trial of the rich banker, Sternberg, who was sentenced last April to two years' imprisonment and a three years' loss of honorable citizenship for a crime against morality. Police Detective Sternmeister testified that his superior officer, Thiel, offered him 200,000 marks if he would testify in such a way as to secure the acquittal of the accused and then leave the country.

Crew of British Vessel Mutiny.
BERLIN, Nov. 2.—The crew of the British bark Iredale, eleven in number, were arrested at Cuxhaven today at the instance of the captain, who accused them of mutiny. Last week the Iredale put to sea from Hamburg in a storm, bound for Melbourne. The crew mutinied in the North sea.

Our Warships Will Be There.
LONDON, Nov. 2.—The United States government, according to a dispatch from Sydney, N. S. W., to the Daily Express, has intimated that it would be pleased to send warships to attend the inauguration of the Commonwealth of Australia.

Senator Davis Improving.
ST. PAUL, Nov. 2.—United States Senator Cushman K. Davis, who has been confined to his bed in this city for the last month with a serious case of blood poisoning in his foot, is slowly recovering. At the present time one chief cause of trouble is the natural restiveness of Senator Davis over his enforced retirement from the campaign in which he was so deeply interested. After returning from the Maine campaign he suffered great pain from his foot and his physician performed an operation, subsequent operations also being necessary.

A Church a Dancing School.

Dancing as an auxiliary in church work prospers in Brooklyn, at least. It will be remembered that the experiment of starting a dancing class in connection with the First Congregational church evoked comment and criticism all over the country. Even from Southern California and Florida letters denouncing such a move were received. Yet the dancing class begins at its third season Monday evening, and there are more applicants than ever before.
