The several congressional districts also selected delegates to the head camp, the following being elected from the Sixth congressional district: B. K. Bershee, Kendall; D. H. Cronin, O'Neill; E. V. File, Lexington; G. E. Ford, Kearney; J. H. Ellis, Alliance; R. E. Jones, Nordon; William Barrett, Broken Bow. South Omaha was selected for the next state camp.

For the first time during our newspaper career of ten years we used a subscriber for subscription and the result thereof were such that we are tempted to try it again and will probably do so upon a few of our subscribers who pay no attention to our requests for a liquidation of their account. In the case in question the delinquent was at the office of the justice prepared and anxious to pay before the papers had been issued, although he told us to go to the warm place a few hours previous. In fifteen minutes from the time we instituted suit we had the money in our pocket. This, we think, is a good record.

Mose Elliot has been stopping in town the past week for the purpose of taking care of the interests of a petition for a road in his neighborhood which he had before the county board. After keeping a weather eye on the petition for a week he learned by an investigation of the records at the court house that the road for which he prayed had been established by an act of the board years ago. Now he wants a few culverts put in to make the road possible.

As near as the Carrie Nation idea has got a start in O'Neill is to admit of the discussion in joint debate of the propriety of this good but misguided woman's conduct in the public school. A report of a very enthusiastic and edifying debating combat comes from the schools, with honors on the side of Mrs. Nation.

BIDS FOR COURT

HOUSE WORK L-T

Court Session Next Month Pre-vents Immediate Action.

SNOW BRINGS OUT THE SLEDS

Brown County Cattle Men Arrested on Charge of Criminal Conspiracy.—Largest Counties.

The contract for the work on the changes at the court house which were spoken of in The Frontier a few weeks ago has been let. The changes embrace the making of two more rooms upstairs for the office of district court clerk and the contract for the carpenter work has been let to Davidson & Trigg; the vault from the county clerk's office will be built on up to the second story to make vault room for the clerk of the court and for this work a Mr. Schmidt of Amelia was the lowest bidder. As court convenes soon—March 4—the work cannot commence at once but will be begun soon after the adjournment of court.

The recent snows have furnished the necessary slipperiness for cutter, and bob and about every available thing in that line has been pressed into service the past evenings. It is seldom that Nebraska furnishes enough snow to make a snowball so that but few vehicles with runners are available when nature does open up her snowbanks and lets fall a few inches. Hence, most of the people that wanted to ride had to go afoot. But the boys and girls—bless the dear creatures—will find a way. So O'Neill citizens needn't be frightened at the tooting of horns and ringing of bells and shouting of voices—its only the young folks out for a sleigh ride.

Following is a list of the nine counties in Nebraska having over a million acres of land surface each:

Two prominent Brown county cattlemen were arrested last week on a charge of criminal conspiracy, the first prosecution of this kind ever commenced in this judicial district, perhaps in north Nebraska. A farmer in Wayne county received some seeds from the government in an official envelope, on the outside of which was printed the usual warning, "Penalty for Private Use \$300." Tuesday morning at St. Patrick's Catholic church occurred the wedding of Mr. George McLeod to Miss Mary Beatrice Donohoe, Rev. M. F. Cassidy officiating. Wedding breakfast was served at the home of Mr. and Mrs. John Nolan in this city, about fifteen guests being invited. The young couple went to Omaha on a short wedding tour and will be "at home" next month at the Caldwell ranch six miles north of O'Neill, which place Mr. McLeod has charge of. Both bride and groom are well and favorably known, the bride being a daughter of Mrs. John Donohoe of Shields and a sister of Deputy County Treasurer J. A. Donohoe. The Frontier extends hearty congratulations.

Ainsworth Star-Journal: The charity ball given by the Princess of the Orient at the Osborne house last Friday evening was a grand success both socially and financially. The O'Neill orchestra, augmented by some local talent, furnished the music, which was voted by all present to be one of the features of the evening. The snow storm on the evening before prevented a large number from out of town attending, but notwithstanding the inclemency of the weather there were fifty couples present. Those attending from outside this vicinity were: Messrs. and Mesdames Hahn and Potter, Messrs. Touhy and Heck, Messrs. Dixon, Johnson and Cox, of Long Pine; Messrs. Ralph and Archie Carpenter, of Johnston; and Mr. Era Smith, of Wood Lake. Supper was served by the landlady and greatly enjoyed by all. A large degree of the success of the evening was due to the preparation made by the genial landlady, Miss Howe. The dance lasted till about three o'clock and everyone went home feeling that this was one of the most enjoyable events that Ainsworth has had for several years. The proceeds were used for purchasing coal and flour for those whom fortune has dealt with adversely.

MORE RAILROADS FOR WESTERN NEB.

From Mitchell to Valentine, Thence to Denver.

O'NEILL ROAD ALSO EXTENDED

Plans of Great Northern Include Extension of Short Line to Connect With Mitchell Road.

A special dispatch to the World-Herald from Kennedy, Neb., dated February 14, says:

This otherwise quite little burg was much exhilarated a few days ago by the appearance of a corps of surveyors, who are making a preliminary survey from Mitchell, S. D. to Denver, Col. Your representative drove out to where the surveyors were camped and had a long interview with the chief engineer. He was a very pleasant gentleman to meet and interesting to talk with about everything but the survey he was making. He even was willing to talk of the senatorial deadlock in Nebraska and everything else but his work.

From other sources it was learned that the proposed survey is being made by the Great Northern Railroad company. The chief of corps of surveyors is A. M. Morrison and his assistant is Mr. Charles Spinks. They are instructed to make a preliminary survey and report to the company as soon as possible the length of the road and the cost.

It has already been made from Mitchell, S. D., to a few miles north of Mullen, Neb., and they expect to complete it in a week or ten days. It leaves Mitchell and runs in a western and southerly direction through Davison county, then through Douglas county in the same general direction, running close to the towns of New Holland and Platte in that county, thence through Gregory county and a portion of Tripp, striking the Nebraska line a little northwest of Pekin, in Keya Paha county, and thence in the same general direction through Keya Paha and Cherry counties to Valentine, where it is said there is to be a division point with ships, owing to the advantages for securing an abundance of water.

It will run from there in the same general direction and intersect the Burlington close to Mullen. It will then run through Hooker, McPherson, Keith and Deuel counties and will cross the Union Pacific near Chappell, where there is to be another division. From there it will run through Logan, Morgan and Weld counties in Colorado, and the terminus will be Denver.

The length of the road will be about 500 miles. From Mitchell to Valentine, the first division about 150 miles, from Valentine to Chappell, about the same

distance and from there to Denver about the same distance. Another survey is to be made by the same corps of surveyors from O'Neill to Denver. The gentleman giving this information is very confident that the road will be built in the near future.

Should the road from Mitchell, S. D., to Denver be constructed, it will shorten the distance from the states North and South Dakota, Minnesota, portions of Wisconsin and Nebraska to Colorado and surrounding states by several hundred miles and open a direct route from Duluth and the great lakes to the Rocky mountain region. It is the intention, when the road is constructed from Mitchell to Denver to at once extend the road from O'Neill and connect with that line somewhere near Kennedy, in Cherry county. This will enable a person to go direct west to any point from Northwestern Nebraska. Both roads will pass through a very rich country.

The Atkinson Fireman had their tenth annual ball last Monday night the following O'Neillites being present to assist them in properly observing the event: E. S. Eves and wife, F. J. Gapter, S. L.
