One Wife and Three Rusbands.

Lizzie Anderson, of Erie, Pa., aged 37, was married three times, and yet was not legally separated from any of her busbands. Death brought them together, and they shook hands silently over her coffin. She met and married Jesse Samson when but a young girl, but eloped with Moses Armstrong. Soon afterward she left him and was wedded to Noah Anderson. The husbands were sworn enemies and never spoke. No legal proceedings were taken and the matter never got into the courts. Then she got sick and was thought to be dying. She rallied, but again had a relapse. She died last week. Then it was that the three men met at her coffin. Samson stretched out his hand slowly, and they all

A Cartoon Saved His Life.

Several weeks ago an abcess developed in the stomach of William Thorpe, a resident of Quantico, Md. The growth so weakened him that physicians feared to use the knife and patient was slowly dying. A few days ago he saw a Philadelphia paper in which there was a cartoon making fun of Senator Quay, of Pennsylvania. Thorpe laughed and immediately a stream of blood gushed from his mouth. The doctor happened to call just then, and after examining Thorpe, declared that the abcess had broken and that the patient would now get

A DOCTOR THIS TIME.

Portland, May 6th.-Dr. E. A. Rose, a practising physician, formerly of Yates Center, Kans., was on what everyone supposed was his death bed. He had Diabetes, and six of his brother doctors were in attendance and consultation at his bedside They had done everything that medical skill could suggest to save his life, but they were at last reluctantly forced to tell him that he must prepare for

His aunt had been summoned to his dying bedside. After the doctors had given her nephew up, she insisted that as a last resort, he be given a treatment of Dodd's Kidney Pills.

From the very first dose, the tide turned in his favor. His life was saved, and he is hale and hearty to-

This case and its cure has amazed the physicians, and is the sensation of the hour. It is interesting to note that while many others are being cured this great discovery in medicine, the physicians themselves are among the first to benefit, and that while the simpler and more prevalent forms, such as Rheumatism, Sciatica, Bladder and Urinary Trouble and Female Weakness disappear before it. the more malignant forms, such as Bright's Disease, Diabetes and Dropsy, which have always been regarded as incurable, are yielding just as easily.

Dodd's Kidney Pills are fast superceding all other treatment for Kidney Disease, and as nearly all human sickness and suffering has its origin in the Kidneys, the use of this wonderful medicine is becoming almost universal.

"We want good roads," which has so long been the slogan of the League of American Wheelmen, is now to be taken up by the Automatic club of America. The movement is to be formally launched at a banquet to be held at the Waldorf-Astoria hotel, New York, on the evening of April 18, when the list of guests will include the secretary of war, the governors of the states of New York and New Jersey, the New York engineer, the state commissioner of roads for New Jersey and the director general of the Pan-American exposition.

The Oldest Doctor.

The oldest duly qualified physician in the world resides at Carlsbad in the person of Gallus Ritter von Hochberger, M. D., imperial and royal counselor of the Austrian court. He was born on October 15, 1803, and, therefore, is 97 years old. He has been in practice for seventy-four years and still gives medical advice.

DOUGLAS FACTORY

To Be Enlarged Before the First of July. Will Make 6,000 Pairs Daily.

Advertising pays.

W. L. Douglas is going to increase the capacity of his factory to 6,000 will add 16,000 square feet of space for manufacturing purposes. At the same time a new 400 horse-power engine and an additional 150 horse-power boiler will be installed, which will afford adequate power for the present and another addition to the factory, which will no doubt be necessary later on,

When the factory starts up the first of July it will be on an output of 500 dozen or 6,000 pairs of shoes per day, and the weekly pay roll, exclusive of office help, superintendent, foremen, etc., will be \$22,000 per week. The Douglas salesmen on the road are selling 25 per cent more goods than last season. The increased sales is the direct result of good shoemaking and extensive advertising. The advertising expenditure of Mr. Douglas is now larger than at any period of his business, and this is to be still further increased. Beginning this week halfpage advertisements of the Douglas shoe will appear in all the principal newspapers of the large cities, as well as such papers as the Youth's Companion.-Brockton, Mass., Times.

THE LIVE STOCK MARKET.

Latest Quotations from South Omah and Kansas City.

SOUTH OMAHA. Cattle-There was a fairly liberal run of cattle, and owing to unfavorable reports from other points trade started out a little slow and packers in some cases tried to buy their supplies a little lower, but the market soon braced up and packers paid just about steady prices. There were about 60 cars of beef steers included in the receipts and except for the first round the market was steady and active. The more desirable kinds sold readily at yesterday's quotations, and even the commoner grades sold without much trouble at what looked to be steady prices. As has been the case for some time past, there were not many cows and heifers on sale. Buyers seemed to want the cattle and although the trade was a little slow in starting, it ruled fairly active and just about steady later on. Bulls also sold in just about yesterday's notches, and the same could be said of veal calves and stags. Stockers and feeders eased off a little. The high prices of the last few days have rather shut off the demand from the country and as a result speculators did not care for any more cattle at the fancy prices paid yesterday and the day before. In some cases sales were made that looked as much as 10..15c lower than the same kind sold for yesterday and the day before. The common cattle were neglected and also sold lower.

Hogs-Today's hog market was a big nickel higher than yesterday. The quality of the offerings was better than yesterday, which makes the market show up on paper 5@71/2c higher. The supply was liberal, but the demand was fully equal to the occasion and trade was active at the advance. Practically everything offered was out of first hands by 9 o'clock. The bulk of the mixed hogs cold at \$5.70 and \$5,7216. The heavier and better grades sold largely at \$5.75, while the light and common stuff sold from \$5.671/2 down.

Sheep-There were not many sheep on the market. Following are quotations: Choice wethers, \$4.25@4.55; fair to good wethers, \$4.00@4.25; clipped wethers, \$4.00@ 4.25; fair to good clipped wethers, \$3.75@ 4.00; choice lightweight yearlings, \$4.40@ 4.65; fair to good yearlings, \$4.25@4.40; clipped yearlings, \$4.15@4.35; choice lightweight ewes, \$4.00@4.15; fair to good ewes, \$3.50@4.00; clipped ewes, \$3.25@3.75; choice lambs, \$4.90@5.00; fair to good lambs, \$4.65@ 4.90; clipped lambs \$4.20 4.40; spring lambs, \$5.50@6.50; feeder wethers. \$3.50@ 4.00; feeder lambs, \$4.00@4.40.

KANSAS CITY.

Hogs-Market 5@71/2c higher; top. \$5.871/2: bulk of sales, \$5.65@5.85; heavy, \$5.80@ 5.871/2; mixed packers, \$5.70@5.80; light, \$5.35 @5.75; pigs, \$4.25@5.30.

Philippine Commission Inaugurates Civil Government Procedure There.

MANILA, May 4.—Civil government in Manila was established today as a preliminary to the inauguration of a general civil government. The United States Philippine commission is unwilling at present to permit the experiment of elections here, although they have been authorized in all other municipalities. Judge Taft says a municipal structure for Manila will shortly be erected. The officers will probably be appointive. Lepanto and possibly all the other uncivilized provinces will be organized specially on a plan similar to that adopted in the province of Bengali.

The board of health has completed the census of Manila. The population numbers 244,732.

For Health and Decency. Disregard for the law against expectorating in public conveyances has at last moved the New York health department to action. Tuesday mornnig seventy officers of the department in citizen's attire were detailed to travel all day in the cars of the various companies throughout the city and on all the ferry boats. They had orders to arrest any person found violating the ordinace. Before noon several men were compelled to accompany the officers to a magistrate's court, where they were fined and warned against a repetition of the offense.

Guns Heard Eighty-Four Miles.

An interesting matter, from a scientific point of view, in connection with the death of the queen is the distance at which the sound of firing was heard when the fleet saluted as the body was conveyed from Cowes to Portsmouth. Letters in the English journals of science show that the sounds of the guns were heard in several places at a distance of sixty miles, and that at a distance of sixty miles the concussions were sufficiently intense to shake windows.
