It seems that down in Platte county the campaign waxed even warmer than in Holt, or else Platte county politicians are not accustomed to the heat as in Holt. Edgar Howard of the Columbus Telegram and J. H. Johannes of the Nebraska Biene each face a \$5,000 libel suit as a result of saying the chairman of the republican county committee had paid no personal taxes for ten years.

The Market.
South Omaha, Nov 6.—Receipt of cattle this week moderate, about 14,000 for three days. Beef steers active and strong to higher than last week. Dressed meat men wanted the limited supplies and it does not take long to get on a trading basis. Cows and mixed stock in light supply, demand good from all sides and trade rules strong to 10c higher. There has been very little change in stocker and feeder market since last week.

There were quite a few cattle held over but demand is fair and fresh receipts only moderate. Anything having flesh and quality finds a ready sale at strong prices but common and medium grades are slow sale and western grass beef active and shade stronger.

Hog receipts light. Today about 5500 on sale and market steady with yesterday's decline which amounted to 10c and leaves market steady with last week close. Range \$5.50 to \$5.80 bulk \$5.70 to \$5.73. Average is nearly steady with last Wednesday but about 30c lower than two weeks ago. Our market looks top heavy, it being right up to Chicago and above other river markets and every opportunity will be utilized to pound prices.

Sheep receipts liberal market steady to strong.

Work is the best of safeguards, and the surest escape-valve for bodily distress.

There is no surer beginning for a home than simple furnishing. In simplicity lie safety, reason and art. There is nothing finer nor higher. It is supreme.

The fact that little Delaware is the oldest state of the Union gives her governor social precedence over all other states executives who may share with him any official entertainment in Washington.

Men, as a class, eat too much meat, and are prone to kidney troubles. Women eat too much starch and sweets, bread and butter and preserves, pies and cakes which produce corpulency.

The older philosophers were right in regarding self consciousness as the peculiarly significant mark of humanity. To come to consciousness of one's self and of one's relation to the spiritual universe is to become alive in the truest sense.

China can be mended with water glass and powdered asbestos. Mix the asbestos with the water glass until like a thick cream. Cover the broken edges with this and press together fastening firmly. The article should stand several days to allow the cement to harden.

Always set your face firmly toward health. Say that you are better when people inquire: the very declaration will assist in making you feel so. Persistent good cheer and hopefulness are remedial agents very hard to defeat in the conflict between illness and health.

SHORT-HORN BULLS FOR SALE

We have at our ranch twelve miles northeast of O'Neill a car load of richly and choicely bred Registered Short-Horn Bulls for sale; from 15 to 22 months in age. These bulls are of the low down, beefy, blocky, deep-bodied, heavy-boned type; and such standard families as—

Young Marys, Dulcibellas, Ianthis, Rubys, Amelias, Red Roses,

are represented among them, with from two to six tops of the richest of Scotch and Cruickshank breeding of such noted bulls as the great breeding and show bull, Golden Chief 75063; Saxon Knight 110108, who sired the prize steer, Golden King, at the Omaha Exposition in 1898, and Lord Waterloo 112749, who headed the first prize herd at the World's Fair.

These bulls are all in good, smooth, thrifty condition and are an exceptionally showy, hardy and vigorous lot. We selected them with great care from the noted herd of Albert Harran of Newton, Io., who pronounced them the best car load he ever sold. And they were also pronounced by a number of commission men in South Omaha as the best lot ever shown in the yards.

We invite the inspection of ranchmen.
