T. J. Hurley has moved his saloon to the new building erected next to the cigar factory. This places the three saloons of the city in a half block and there is no necessity for any one going dry or hungry while going to or coming from the depot.

A Vermont editor stated that a certain Waldron girl's breast was filled with rage, and that wise guy, the printer, got it "rags" and now the editor is camping out on a rise northwest of the town, where he can get a good view of the landscape from four different directions.

Frank Mann, who has been in South Dakota the past three years returned home New Years day and now occupies a position as salesman in J. P. Mann's. Frank is one of the best salesmen who ever stepped behind a counter and has many friends in this city and vicinity who are pleased to see him.

Casper Englehaupt was released from his official duties as deputy county clerk last Wednesday and Thursday morning left for his farm near Chambers where he had moved his family a few weeks ago. Casper made a good official and retires to private life with the knowledge of a duty well performed.

C. L. Bright accompanied T. C. Galleher, of Atkinson, district deputy grand master of the I. O. O. F. to Chambers Tuesday where that evening Mr. Galleher installed the new officers in the lodge there. They returned to this Wednesday morning and that evening Mr. Galleher installed the officers of the local lodge.

The personal bond of D. J. Cronin as county treasurer was taken up by the county board last Thursday. A motion was made, duly seconded and carried that the county treasurer be required to give a guaranty company bond in the sum of \$100,000. Upon motion of John Moler the county paid \$333 the amount of the premium on the bond.

Atkinson Graphic: M. Campbell moved into his elegant new residence this week. It is one of the most commodious and convenient home residences in the village. The enterprise exhibited by Mr. Campbell in adding to the substantial wealth of Atkinson by erecting this tasty and modern residence is certainly to be commended.

The Committee appointed to check up the county Judges made their report last week. The committee found that the late Judge Selah had collected in fees the past year \$834.86. The statutory allowance for the office is \$1,350 and the committee recommended that the fees earned and not paid be turned over to his estate when paid in but the amount not to exceed the statutory allowance for the office. The recommendation was adopted.

The county board adjourned sine die last Wednesday. Prior to adjournment the board tendered a vote of thanks to chairman Bethea for his courteous treatment of its members while acting as chairman. A bouquet was also shied at Casper Englehaupt for his ready and efficient services as clerk of the board, and also to Janitor Kline for the able manner in which he looked after the countys property and administered to the comfort of its officers.

Dr. J. P. Gilligan was in attendance at a meeting of the Elkhorn Valley Medical society at Norfolk last Tuesday. When the time came for the election of officers the members of the association recognized him as one of the leading members of the profession and elected him president. This is an honor eagerly sought after by the members of the society and The Frontier congratulates our worthy townsman upon his selection. It is the more gratifying to him and his friends because it came unsolicited.

Sheriff Hall has selected Charles Harding as his deputy and his daughter, Miss Maggie, is clerking in the office taking the position recently held by Guy Hamilton under Sheriff Stewart.

N. K. Griggs, a leading attorney of Lincoln, will deliver a lecture on music at the opera house on January 17. Mr. Griggs traveled abroad extensively making a study of music and is said to be a very entertaining speaker. If satisfactory arrangements can be made the admission will be free.

When the county board adjourned last Tuesday W. W. Bethea laid aside his official duties and retired to private life. He served two years as a member of the board, the last year being chairman of that body and always performed his duty fearlessly and honestly regardless of friend or foe. He was a good faithful officer and the people of his district irrespective of party can point with pride to the record made by their representative.

Manager Perry, of the Atkinson and Northern railroad was in O'Neill Monday. In conversation with a Frontier scribe he said the road would surely be built and that it was going to be built from O'Neill through Atkinson to Butte, then up through the new Indian reservation in South Dakota. He says they have an abundance of capital behind the enterprise and that things are in such shape now that the work can be rapidly pushed forward. He says the surveyors will commence work from this end the later part of this week or the first of next.

County Clerk Gilmour and Deputy Harnish were at their respective posts bright and early Thursday morning with a pleasant smile and good cigars for all who might call whether on business or pleasure bent. In the recording department clerks Conklin, Hodgkin and Miss Mary Joyce were recording instruments like old timers. A republican upon entering the office would hardly know there had been a radical change in the office force except that the air appeared purer and more invigorating, or at least that is the way it appeared to us.

Matrimonial.

The first license to wed issued in the new year by County Judge Morgan was on New Years day to Mr. Clarence Simonson of Agee and Miss Minnie May Harrison of Blackbird.

The wedding occurred on Monday the 6th, at high noon, at the home of the brides parents Mr. and Mrs. Thomas Harrison. The young couple are well known throughout the Northern part of the county and are held in high esteem by their many friends. The Frontier extends congratulations.

Mr. Edwin H. Luce and Miss Adeline Evans, both of Minneola, were united in marriage on New Years day at the home of the bride's parents. Rev. E. B. Kooz of the Methodist church officiating. AN ANTI-ANARCHIST BILL.

Washington, Jan. 6.—Representative Jenkins of Wisconsin of the judiciary special committee which is forming an anti-anarchist bill, today introduced a measure which, in addition to providing the death penalty for assaults on the president, requires alien immigrants to take an oath not to assault those in government authority and not to publicly uphold the subversion of the government by violent means.

LINDSEY FOR COSTODIAN.

Lincoln Journal: Senators Dietrich and Millard sent a joint recommendation to President Roosevelt today in behalf of Lewellyn L. Lindsey, "Bud," whom they have agreed upon for surveyor of customs and custodian for the government building at Lincoln. The term of the present incumbent will expire January 16, and it is the desire of Senator Dietrich to have Mr. Lindsey installed on that date, or very soon thereafter. This is an appointment agreed upon solely as a reward of merit for political work rendered by Lindsey, who is one of the most active partisans in Nebraska.

DIVINE ATTRIBUTE OF IT.

The Conservative: The Conservative believes that ex-State Treasurer Bartley ought to be pardoned. He has suffered enough! Justice has been appeased! Further punishment for this mis-influenced, mal-guided man is mere savagery. It is brutal vengeance. It is not civilized Christianity. It is pagan barbarity. It is cruelty to his devoted wife and unhappy children.

An executive with moral courage and conscience enough to let him out by a free and full pardon would suit The Conservative and please God!

Since the above was in type Governor Savage has "filled the bill."

CHINESE EXCLUSION BILL.

Washington, D. C., Jan. 6.—The Pacific coast members of congress have agreed upon a Chinese exclusion bill. It contains over forty pages, and is drawn so as to absolutely prevent Chinese from coming to this country save officials and those who already are here. Certificates and registration are provided, and the most rigid inspection compelled. Transportation companies are made responsible for bringing Chinese to this country not entitled to enter. Chinese in Hawaii, the Philippines and Porto Rico are not allowed to enter the United States nor are Chinese allowed to enter these islands.

ATREMENDOUS OBJECT LESSON.

American Economist: Disbursements of dividends and interest amounting to about \$500,000,000 are taking place during this first week in January, 1902. It is very much the largest sum ever distributed in this form in the United States, and accordingly it may properly be considered as representing by far the highest point in material prosperity ever reached in the United States. No country on earth can show anything like it. The grand total of \$500,000,000 is more than double what the distribution of dividend and interest payment amounted to in the first week in January, five years ago. Then we were staggering under the four years of Tariff reform and Free-Trade. Now we have not quite completed four and a half years of restored Protection to American industry and labor. What a contrast between then and now!

Five hundred millions of dollars is a big sum to be scattered broadcast through this land of ours, a mighty sum to be paid out here and to stay here. For, mark you it dose stay here and it does not go abroad any more, not above 1 per cent. of it, to enrich creditors in foreign countries. Reason why: We don't owe anything now to foreigners. Why? Because in four and a half years of "McKinley and Protection" our trade balances have amounted to over \$200,000,000, and in settling these immense balances Europe has been compelled to send back our securities, so that we now owe Europe very little, if anything, and only an infinitesimal portion of the \$500,000,000 disbursed goes to any but our own people. Not long ago, say four or five years, our great railroad corporations were sending vast amounts of money to London and the Continent pay dividends on stocks and interest on bonds owned abroad. This year the checks are made payable to American citizens and not to foreign. All because the Republica policy of Protection enables us to produce so large a proportion of what we use and to require payment in cash or the return of our securities held abroad for the enormous surplus of our exports over our imports.

There is a tremendous object lesson in the disbursement of \$500,000,000 among the people of the United States during this first week in January, 1902

The Market.

South Omaha Jan. 8, 1902.—Receipts of cattle have been very heavy the first two days of this week and market suffered a decline of from 10 to 25c all around. Today however, receipts are lighter and market strong with a good part of the decline regained. Good to choice beef steers are scarce but demand is good and prices are strong to a dime higher than yesterday. Cows and mixed stock in good supply and market stronger in most cases 10c higher. Stockers and feeders in limited supply but demand good and market stronger.

Receipts of hogs continue liberal. Today with 10,000 on sale market opened slow and draggy and is fully 5c lower, making a decline of about 20c for three days. Range \$5.75 to \$6.40 bulk \$6. to \$6.20. It looks like receipts must lighten up soon and when they do we look for better prices.

Sheep receipts moderate and market steady to firm.

Dates Fixed.

Judges J. J. Harrington and W. H. Westover, met in O'Neill last Thursday to arrange the terms of court for the Fifteenth judicial district. Two regular terms were agreed upon for each county, as follows: Holt, March 10, September 8; Boyd, April 21, September 29; Rock, April 7, October 6; Keya Paha, May 12, September 15; Brown, April 14, October 20; Cherry, May 26, November 17; Sheridan, March 27, October 20; Dawes, June 9, December 1; Sioux, May 5, November 10; and Box Butte, May 19, November 24. No grand jury is summoned for either of the terms. The judges did not announce which counties they will preside over for the year.

H. R. Henry and John Leis have retired to private life Mr. Leis expects to leave in a few weeks for Jackson, Neb., where he purchased a flouring mill some time ago. We do not know what Mr. Henry, intentions are but he will probably return to his farm and continue carving out his fortune from the fertile and virgin soil of old Holt. These gentlemen made good faithful officials, and although not of our political faith, The Frontier is not so narrow minded and biased that it will not give them due credit and it hopes that their future undertakings in life will be as successful as was their administration of county affairs.
