LODGE BILL REPORTED

Precipitates Long Battle on the Philippine Tariff Measure.

DEMOCRATS PROMISE HARD FIGHT

It is Believed a Month Will Be Consumed in Debating the Bill—What the House Will Deliberate on During the Present Week.

WASHINGTON, Jan. 20.—The Philippine question will be precipitated in the senate today, when the committee on the Philippines, which has had the Philippine tariff bill under consideration, expects to report the measure. The bill, with its committee amendments, will be sent to the printer, and Senator Lodge, chairman of the committee, will give notice of his intention to call it up on the following day and ask for its continued consideration until finally disposed of.

There is a general acquiescence of republican senators in this program. There are other important measures to be presented at the proper time by administration senators, but the present agreement is to pass the Philippine bill first, as being of the most immediate importance. A long discussion of the bill is expected by the republicans and promised by the democrats. The democratic leaders say they do not expect to be able to defeat the bill and disclaim all intention to delay a vote unnecessarily, but they say, frankly, that they consider that it affords an opportunity for the presentation of their view of the entire Philippine question, which they cannot afford to let pass.

Senator Lodge will open the discussion with a brief speech on Tuesday, in which he will discuss the merits of the bill and also the necessity for early action. He will be followed by some member of the democratic representation on the committee, who will outline the democratic position. He then will be followed by other democratic senators. Many of the senators on the democratic side are expected to be heard before final action shall be secured. Indeed, the prediction is freely made that a vote will not be obtained within a month. Senator Lodge's plan to hold the measure to the front, to the exclusion of all other business, when the bill is once made the unfinished business.

Tomorrow Senator Frye probably will report the ship subsidy bill, but he will not attempt to secure consideration for it for the present and probably not until the Philippine bill shall have been disposed of.

The report of the committee on inter-oceanic canals is expected later in the week, but may be delayed. The consideration of that question in the senate also will wait on the Philippine bill.

The calendar of the house of representatives is still rather meager in important bills, so that there does not promise to be a heavy pressure of business during the coming week. Monday is the regular suspension day, but there are few measures likely to be passed by suspension of the rules. The urgent deficiency appropriation bill will occupy most of the time during the first few days of the week. It carries a total of \$16,700,000, which is rather large for a deficiency measure, and it is expected that two days will be occupied in its consideration.

Public Gatherings Suspended.

FARNAM, Neb., Jan. 20.—The following notice was posted in conspicuous places in the village: "On account of diphtheria near town, it is requested that as a preventive measure the churches, Sunday schools and lodges do not meet for the next two weeks. BENEFIT NEBRASKA MILITIA

Delegates to National Guard Association Set Forth on Mission.

LINCOLN, Neb., Jan. 20.—The Nebraska delegates to the convention of the National Guard Association of America have left for Washington, all agreed to the support of several proposed measures for the betterment of the national reserve military force. The delegates are: Adjutant General Colby, Brigadier General Barry, Colonel C. J. Bills, Colonel H. F. Archer and Colonel William Hayward.

"We are going to do everything possible to bring about much needed concessions and legislation," said General Barry. "In the first place we will petition for an act of congress authorizing the exchange of the new Krag rifles for the obsolete guns now in use by the National Guard of the country. The War department has the rifles, but cannot give them to the guard without authority from congress guard without authority from congress. We will make the same request regarding an exchange for the obsolete field pieces.

"Next in order we will exert our efforts toward the adoption of a new military code to take the place of the present one, which has been doing service since 1793, or over 100 years. We want to bring the United States militia law up to date. As an illustration, the existing law provides that every member of the militia shall equip himself with a matchlock, one-half pound of powder and forty leaden bullets. This section has been a dead letter for a good many years and might as well be eliminated, for certainly the army will never go back to the matchlock basis again. And there are other sections just as far out of date as that one."

Seek to Rob Banker's House

HUMBOLDT, Neb., Jan. 20.—An attempt was made to break into the residence of F. W. Samuelson, president of the First National bank, but the plan was frustrated by the wakefulness of Edwin Samuelson, a son, who was sleeping in the house. The remainder of the family is in California; the head of the house having left but a few days ago, and the most probable theory is that some local talent, thinking that Edwin accompanied his father, decided that it would be a good time to pick up any stray valuables that might be handy. According to Edwin's story, there were two of the visitors, and when they were discovered had gained entrance to a rear room and were trying to pry open a door which barred the way. Edwin secured a revolver and demanded to know who was there, whereupon the prowlers took a hasty departure.

Mysterious Malady.

CLARKS, Neb., Jan. 20.—A mysterious malady, attributed to eating corn stalks, is taking off large numbers of horses in Polk county, one farmer having lost four in as many consecutive days. The animal becomes insane and raves in that condition until death ensues, which is usually in about twelve hours. Veterinarians are not able to relieve them or find a successful remedy.

GRAND ISLAND, Neb., Jan. 20.—The authorities of the Soldiers' home have put quarantine regulations on the home, preventing more than the absolutely necessary inter-communication. FUNDS FOR ST. LOUIS FAIR

Nebraska Commissioners Appeal to Citizens to Raise Money.

OMAHA, Jan. 18.—G. W. Wattles, president, and E. E. Bruce, secretary, of the Louisiana Purchase Exposition commission of Nebraska, have issued a circular calling for funds for the purpose of preparing exhibits for that exposition, as authorized by the meeting of the commissioners at Lincoln. The circular is as follows:

"To the Citizens of Nebraska: The Louisiana Purchase exposition at St. Louis, Mo., in 1903, will celebrate the 100th anniversary of the purchase from France of the Louisiana territory. By this peaceful transaction the area of the United States was more than doubled. The rapid development of this territory during the last century has no parallel in history. The United States government has recognized the importance of the great exposition which will commemorate the event of the acquisition of this territory, by an appropriation of \$5,000,000. The city of St. Louis has appropriated an equal amount and the citizens of that city have subscribed \$10,000,000 more. In all there has been appropriated and subscribed more than \$25,000,000 at this date.

"Nebraska is one of the most populous and important states in this territory, but no appropriation has been made to defray the expenses of an exhibit of its resources at this exposition. Four years ago the Trans-Mississippi and International Exposition, which brought great credit to this state, was liberally patronized by every state in the union and by private subscriptions or public appropriations was assisted by nearly every state in the west. Recognizing the importance of the Louisiana Purchase exposition, the many reasons why Nebraska should be represented, and the necessity for immediate preparation, the governor has appointed the undersigned commission, without remuneration, to raise the necessary funds by private donations and to prepare and place on exhibit a proper representation of the products and resources of this state. We appeal to all patriotic citizens of Nebraska, to corporations, both public and private, to all interested in the welfare and prosperity of this state, and to all who have pride in its past and hope for its future achievements, to assist in this worthy enterprise. The credit and state pride of our commonwealth appeal to all patriotic citizens to do their duty in this emergency, and we ask for a liberal response, to the end that Nebraska may be properly represented at this great exposition. All contributions or future pledges should be sent to Mr. E. E. Bruce, treasurer, Omaha, Neb. (Signed)

STATE LOOKS TO BONDSMEN

Nebraska is Not Negotiating With Bartley for Settlement.

LINCOLN, Jan. 18.—Attorney General Prout denied the report that the state board of compromise is negotiating for a settlement of the shortage of former Treasurer Bartley. "Several weeks ago the board had a proposition from the bondsmen, but it was promptly turned down," said he. "The board has taken no steps whatever toward the settlement of the claim against the bondsmen. The offer they made was so insignificant that we decided not to give it to the public. Nor have any steps been taken by the board toward a settlement with Joseph Bartley."

The case of the state against the bondsmen is still pending before the supreme court and it will be called for hearing at an early day. There is some likelihood of the bondsmen making another effort to effect a compromise before the case is submitted, but it is not likely that the board will take the initiative.

Boys Douglas County Bonds.

LINCOLN, Jan. 18.—Acting under authority of the Board of Educational Lands and Funds, Treasurer Stuefer has purchased, through a Lincoln bank, \$70,000 of Douglas county bonds. They draw interest at the rate of 4 1/2 per cent and are purchased on a basis of 3 per cent.

WHAT SETTLERS IN SASKATCHEWAN VALLEY HAVE TO SAY.

Formerly from the United States. Rosthern, July 8th, 1900.

Frank Pedley, Esq., Superintendent of Immigration. Sir:—We, the undersigned settlers in Saskatchewan, Township 43, Range 6, beg to submit the following letter. We came from Springfield, Bonhomme County, S. Dakota, in the spring of 1899, and settled where we now reside. We had considerable crop last year we put in on new breaking, and it was very good, and this year, 1900, our crop is excellent. Our wheat will yield about twenty bushels to the acre, the oats and barley are also very good, and our potatoes and root crop all that could be desired. We consider this a fine country and are glad we came, as our prospects could not be better. A poor man will get a start in this country much quicker than in Dakota.

We are, yours respectfully, John H. Schultz, H. A. Goshen, S. Gors, B. H. Dirks, C. D. Unry, F. Unry, and A. Ratzliff. All from South Dakota, U. S. A.

KANSAS CROPS.

The secretary of the Kansas State Board of Agriculture has just tabulated in comparative form statistics obtained from the U. S. Department of Agriculture year books.

The tables are brief and graphic and calculated to surprise those who have looked on Kansas as a semi-arid state. Kansas ranks first in the value of wheat and corn raised for the five years 1896 to 1900, inclusive, and also for the year 1900 alone; first in the value of wheat alone raised in 1900; fifth in the value of corn alone for the same period; second, in the value of wheat and corn raised in 1900 per capita.

The same authority gives the number of bushels of corn raised in Kansas in 20 years as 2,995,985,308, and the number of bushels of wheat raised in same period as 691,297,613.

These are truly wonderful figures. In part they show the solid basis of value on which the securities of the Santa Fe railway rest, for the Santa Fe is to Kansas what the Pennsylvania railroad is to Pennsylvania, the chief transportation agency, with lines covering the state more generally than do those of any other company.

A new booklet on the resources of Kansas is being prepared by the Santa Fe passenger department and will be ready for distribution early in the year. The booklet will contain statistics for the year 1901.
