CARRY A LARGE STOCK OF THE LATEST. improved farm implements, and buy them direct by car loads from the manufacturer, so there are no robbers, profits to add to the cost price of the goods. This enables me to sell at the lowest pos-sible price to the user. I keep different makes and styles of walking cultivators. I sell the famous Ohio riding cultivators. This cultivator excels all other in appearance and the work it will do. I keep for sale other styles. Also disc riding cultivators. My leader for listed corn is the erway, 2 and 3 row. It has no runners, but carrys on wheels thus making the draft very light. One man with 3 horses can work 30 acres of corn in a day. 1 also have other kinds of listed corn cultivators. My stock of buggies is large, and you can find in my stock a variety of styles to seleet from. I can sell you a buggy at the right price as I buy them in large lots and car freight. I have 3 wheel riding listers, also 2-wheel riding listers, sulky and gang plows. My stock of pumps, wind mills, stock tanks and pipe fittings is complets. I want you remember the new improves wood pitman standard mower. This is the best made, finest finished and strongest cutting mower ever put on the market. I will have a new hay stackers in season that will take lead my stock of rakes and sweeps will be large. Dont forget the case threshing machine. I sell it for a lower price than you can buy any other machine and it is the best. When you want a sewing machine look at the White-I sell it when looking for a machine of any kind look my stock over I dont expect to sell all the machinery but want part of your patronage at least and will spare no effort to

FRANK CAMPBELL O'NEILL, NEB.

of grain can be threshed in a day (and threshed perfectly and separated thoroughly, without waste) if you have a Nichols-Shepard Sep-arator. And the straw will be handled easily, without the slightest trouble and almost no litter, if you use the Nichols-

Shepard Swinging Stacker. This takes the place and does the work of an independent stacker. It oscillates automatically, is easily swung to right angles with the separator to carry the straw to either stack or barn. This stacker has been demonstrated by thorough and practical tests in the field to be the handiest, most efficient swinging stacker ever attached to a thresher. Like every other feature of the

get out of order. All the advantages of the Nichols-Shepard Separator and the Nichols-Shepard Traction Engine are fully described and illustrated in our free catalogue.
