THE SURGEON'S KNIFE
Mrs. Eckis Stevenson of Salt Lake City Tells How Operations For Ovarian Troubles May Be Avoided.
"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave your Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—Mrs. ECKIS STEVENSON, 250 So. State St., Salt Lake City, Utah.—\$5000 forfeit if above testimonial is not genuine.
Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.

THE LIVE STOCK MARKET.
Latest Quotations from South Omaha and Kansas City.
SOUTH OMAHA.
Cattle—There was the lightest run of cattle that has arrived on a Thursday in a long while. Packers were anxious for supplies, so that prices were steady to strong, and it only took a short time for sellers to dispose of practically every thing they had on hand. There was a good proportion of beef steers in the receipts, and the quality was up to the usual standard. As high as \$8.50 was paid for some heavy export cattle that weighed 1,464 pounds. The heavyweight cattle that are good enough for export beef, and also the good to choice lightweights, seemed to be in the best demand. The cow market was fully steady. Anything at all desirable met with ready sale at good, steady prices and in some cases sales were made that looked a little better. Bulls, veal calves and stags sold in just about the same notches they did yesterday. The desirable grades were easy to dispose of, but common stuff was neglected. There were not many stockers and feeders on sale and the better grades sold without much trouble at just about steady prices.
Hogs—There was a moderate run, and the general market could be quoted fairly active and steady to strong. The quality was exceptionally good. The good hogs sold at strong prices, and in some cases were as much as 5c higher. The light hogs sold in about the same notches they did yesterday and were neglected more or less, the same as usual. They were left until the last, when they sold at about steady prices. The heavy hogs sold largely from \$6.55 to \$7.10. Medium weights went mostly from \$6.90 to \$6.95 and the light hogs from \$6.80 down.
Sheep—There was not a very heavy supply of sheep, as the receipts presented show. Included in the offerings was a big string of feeders that were sold nearly all at once. The number of sale was limited. Packers all took hold in good shape and paid steady to strong prices for all desirable grades, so that the pens were practically cleared in good season. Some Mexican wooled lambs sold at \$6.75 and some clipped wethers at \$5.60. Feeders also sold at high prices. The lambs brought \$6.25 and the yearlings \$5.80 with the wool on.
KANSAS CITY.
Cattle—Butcher steers were steady to 10c lower; all other killing grades and stockers and feeders were steady; choice export and dressed beef steers, \$5.00@6.00; stockers and feeders, \$3.50@5.15; western fed steers, \$5.50@6.75; Texas and Indian steers, \$4.00@6.25; cows, \$3.50@5.00; native cows, \$3.50@5.00; heifers, \$4.00@6.10; canners, \$2.50@3.50; bulls, \$3.50@5.50; calves, \$1.00@2.00.
Hogs—Market 5c higher; top, \$7.30; bulk of sales, \$5.50@7.20; heavy, \$7.15@7.30; mixed packers, \$6.90@7.25; light, \$4.75@7.00; pigs, \$5.75@6.50.

A Prophecy of 1834.
The Motor World replays an interesting old picture, drawn in 1834, and intended as a more or less serious pictorial prophecy of what would exist 100 years later. The sky is filled with airships of various kinds, none of them, apparently, as practical as that of Santos-Dumont. On the roads automobiles are flying in all directions, some of the models being strikingly like those of today. In one corner is represented a man with a van on which there is the sign, "Walk up! Walk up! Rare exhibition to be seen here! A live horse, supposed to be the very last of the race!" Even the houses, stores and public buildings are on wheels.
Hasn't Education Helped Them?
The records of the male students of the colored high school of Richmond, Va., who were graduated in the ten years, 1883-93, have now been added by the graduates of the preceding ten years. There were seventy men in the later period, eleven of whom have died. The others are found to be in various respectable occupations, doing creditably in the world. No criminals or paupers among the entire lot are reported. In view of these facts, the Reformer, an organ of the colored race, pertinently asks if "education spoils the negro?"
A Postmaster's Discovery.
Lancaster, N. Y., April 21st.—Mr. John Remers, postmaster of this village, was taken with Diabetes four years ago. For two years he doctored with local physicians as well as several specialists from Buffalo, but got no better. Indeed he was gradually growing worse.
He stopped taking the doctors' medicine and commenced a treatment of Dodd's Kidney Pills. He used in all about ten boxes and is as strong and well to-day as ever he was.
He attributes his recovery to nothing but Dodd's Kidney Pills, and says: "If I could only talk five minutes to every one who has Diabetes I am sure I could convince them that they needn't suffer a moment longer when Dodd's Kidney Pills are on sale in every drug store."
"I will cheerfully answer any letters from sick men or women, as I think every Diabetes sufferer should be told of Dodd's Kidney Pills, the remedy that saved my life."

CUBAN BILL PASSES.
Measure Giving Reciprocity to Islanders Goes Through the House.
WASHINGTON, April 19.—The democrats and the republican insurgents rode rough-shod over the house leaders yesterday when the voting began on the Cuban reciprocity bill. They overthrew the ruling of the chair in committee of the whole on the question of the germaneness of an amendment to remove the differential from refined sugar during the existence of the reciprocity agreement provided for in the bill. The vote to overrule the decision of the chair, made by Mr. Sherman, was 171 to 130, republicans to the number of thirty-seven joining with a solid democratic vote to accomplish this result.
Having won this preliminary victory the amendment was adopted in committee—164 to 111—and later in the house by a still larger majority—199 to 105. On this occasion sixty-four republicans voted with the democrats for the amendment.
The bill was then passed by an overwhelming majority—247 to 52. An analysis of the vote shows that 124 republicans and 123 democrats voted for the amended bill, and forty-two republicans and ten democrats against it.
To Send Bill to Conference.
WASHINGTON, April 19.—In view of the action of the senate last night in making the Chinese exclusion substitute an amendment to the pending bill, it is expected that the action of the senate will be disagreed to in order to send the bill to conference. By this parliamentary procedure the California members feel assured that the ultimate measure of exclusion can be no less than that in the senate bill at least.
Farewell to Dr. Hopkins.
KANSAS CITY, April 19.—Rev. Dr. Henry Hopkins, president-elect of Williams college, was given a farewell reception by McPherson post No. 4 of the Grand Army of the Republic. Department of Missouri, in this city tonight. Many ex-confederates participated in the reception. Addresses were made by Dr. Hopkins, Major William Warner and others.
Henderson's Lips Sealed on Subsidy.
WASHINGTON, April 19.—In view of published reports that Speaker Henderson was opposed to the ship subsidy bill, following the opposition of the Iowa senators, it was stated yesterday by those aware of the speaker's views that he has expressed no opinion and has reached no conclusion on the subject thus far, preferring to wait until the committee in charge of the measure has formulated action and made public their views.

A PASTOR'S WIFE CURED OF PELVIC CATARRH
She Suffered for Years and Felt Her Case Was Hopeless—Cured by Peruna.
MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.
In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna: "Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.
"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women."
"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.
What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female disease.
Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.
Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.
Mrs. E. L. Brown 329 Elliott street, Memphis, Tenn., writes:
"I suffered for several years with headache brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.
Mrs. Esther M. Milner, De Graff, Ohio, writes:
"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my household work for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.
Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:
"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.
If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Mrs. MARY SHORTLEY, 26 Court, Gosport Street, Coventry, writes:—"Several years ago I met with an accident through a fall, hurting my hand so badly that I was unable to use the same for five weeks. I tried everything I knew of but did not receive any benefit. Finally, as a last resource, I applied St. Jacobs Oil and after using the first bottle I could move my fingers, after the second bottle I could open my hand and finally I regained the use of my hand and all pain left me. It was only by the use of St. Jacobs Oil that I am now able to follow my employment."
