Just a Few of the Old Guard Present to Keep Up Appe rances.

A few of the old guard gathered at the court house last Saturday and held the populist county convention. It was the smallest convention ever held by that party since their organizatian in this county, and the woebegone, dejected countenances of the delegates made it manifest to the observer that they realized they were on the last lap of a hopeless race. J. P. Mullen was elected chairman, and George Raker, secretary. This laborious task evidently made the handful of delegates present weary and after the necessary committees were appointed they adjourned until after dint.er.

Three New Towns on the N. W. Line The towns of Anoka, Bristow and Monowi, located in the rich Ponca valley in Boyd county, Nebraska, will be opened during June. This is probthe state, and their location on the new branch of the Elkhorn road from the natural markets for large agricultural communities. The influx of people and money within the next few months will be tremendous, and the proximity of these towns to the Rosebud reservation, soon to be opened to settlement, renders their rapid growth an assured fact, thus affording unusually fine opportunities for all branches of trade, all professions and all kinds of business.

The inquiries for locations has been so great that it has been decided to open the towns by sale at public auction on the town sites. The sale at Anoka will be June 18th, at Bristow

June 25th and Monawi June 26th. For full particulars address P. Whitney, Omaha, General Town Site Agent, or J. F. Cleveland, Land Commissioner, Chicago, Ill.
