POPE DISPLEASED

HEAD OF CATHOLIC CHURCH FA VORS REMOVAL OF FRIARS.

THE DEMANDS ARE REASONABLE

Pontiff is Intensely Displeased with Action of Commission of Cardinals -To Treat with Judge Taft Personally-As to Future Negotiations.

LONDON, July 19 .- The Rome correspondent of the Daily Chronicle says the pope is intensely displeased at the way in chich the commission of cardinals has conducted the negotiations with Judge Tatf in the matter of the friars in the Philippines.

"I learn from an authoritative source," says the correspondent, "that besides annulling the proceedure of the commission of cardinals the pope has summarily dissolved it, expressing his views that the American demands were reasonable and signifying his readiness to treat with Judge Taft petsonally."

ROME, July 19.-The following note from the vatican was presented to Governor Taft last night:

"I hasten to acknowledge the receipt of the letter by which you kindly communicated to me the cablegram from Secretary Root, answering my note of July 9, which explained the counter project of the vatican for the regulation of religious affairs in the Philippines. While thanking you for this important communication, I am happy to assure you that the holy see has learned with the liveliest satisfaction the high consideration in which Mr. Root and the government of the United States holds the fitness of the measures, which the vatican independently of the solution of any economic question designed taking to ameliorate the religious situation in the archipelago and to co-operate in the pacification of the people under American sovereignty. The measures are indicated in my memorandum of June 21, and by letter of July 9. These declarations of Mr. Root do honor to the deep political wisdom of the government of the United States, which knows how to appreciate the happy influence of the holy see for the religious and civil elevation of the people, especially Catholics.

"With equal satisfaction the pontiff has taken into account the assurances of Secretary Root that the American authorities in the Philippines and at Washington will put forth all possible efforts to maintain the good understanding happily established with the authorities of the Catholic church. On his part the pontiff will not fail to give the apostolic delegation soon to be sent to the Philippines the most precise instructions according to my former notes.

"The lines for future negotiations, indicated in the notes having been accepted by Secretary Root, the representative of the vatican in the archipelago wil lenter into relations with the authorities in the Philippines on New Premier Presides at the First Meeting of the New Cabinet.

LONDON, July 18 .- The premier. A. J. Balfour, presided in the foreign office at the first cabinet meeting of the new administration.

BALFOUR IS IN THE CHAIR.

The colonial secretary, Joseph Chamberlain, was sufficiently recovered from the effects of the cab accident to be able to attend. He was pole, but otherwise showed no signs of his injuries.

The meeting of the cabinet gave fresh impetus to the reconstruction reports. The most interesting of these for America is the suggestion that the duke of Marlborough will succeed Lord Curzon of Kendleston as viceroy of India, but there is not the least possibility of any such appointment.

It apears very doubtful if Lord Curzon will come home before the expiration of his term of office. As a matter of fact, there is no appointment which could be offered him, except the foreign office, which would be a promotion from the viceroyalty of India, and there is no indication that Lord Lansdowne has any intention of retiring.

DREAM OF CECIL RHODES.

Before Many Years Opening Up of Dark Continent by Rail.

WASHINGTON, July 18.-Before many years the world may be astonished to find that the long fostered dream of the late Cecil Rhodes for the oening up of the Dark Continent has become a reality, and that a consecutive line of steel rails will stretch from Cairo to Cape Town. The state department made public today an interesting report on railroad development in Africa from United States Consul Ravendal, at Beirut, bearing date of May 10. The consul says that by an agreement signed at Brussels the previous month by Robert Williams with the king of the Belgians the German route was abandoned and the railway from Cairo to the cape is to be carried through the Congo Free State to the upper waters of the Nile. From Stanley Falls on the upper Congo a railroad is to be built to Mahagi on Lake Albert Nyanza, and this connection will supply the missing link between the cape and Egyptian railways.

CROMWELL CONFERS WITH HAY.

Discusses Panama Canal Question While on a Visit.

WASHINGTON, July 18 .- Mr. Cromwell, of counsel of the Panama Canal company, had an interview with Secretary Hay today respecting the isthmian canal project. Mr. Cromwell will sail Saturday for Paris, where he will be in position to render any desired assistance to Attorney General Knox and Mr. Russell in reference to the settlement of the title to the Panama canal.

Save the general statement that the negotiations between the United States and Colombia are progressing satisfactorily, neither party at today's

WORK ONCE MORE

STRIKING FREIGHT HANDLERS TAKE THEIR OLD PLACES.

Immense Quantities of Freight Rushed Out by the Wholesale Merchants -Estimated Cost of the Strike is Cheerfully furnished at the Milwaukee Ten Million Dollars.

CHICAGO, July 17 .- Renewed activity on the part of Chicago business men followed the settlement of the freight handlers' and teamsters' strike yesterday and at the close of business hours thousands of tons of freight had been sent to and from the various freight depots. Every one of the 24. 000 who could obtain employment had returned to work by 2 o'clock in the afternoon. The strike, it is estimated, cost the business men of Chicago \$10, 000,000 and in order to guard against a contingency in the future they are preparing to inaugurate an educazional campaign in opposition to the sympathetic strike.

The labor unions will be asked to forego the use of this impotent weapon Business interests which suffered during the strike will join in pledging themselves, it is said, not to sign union agreements which do not guard them against these strikes.

On the other hand the labor unions are fighting to secure the right to abrogate agreements for the purpose of ordering sympathetic strikes.

The freight handlers blame the national officers of the teamsters for the loss of the strike. They declare that the strike shows the necessity for incorporating in all agreements a reservation which will permit strikes. Credit for the settlement rests with

the state board of arbitration. It was the adoption of the suggestion of that board which led to the action of the freight handlers' union in declaring the struggle with the railroads at an end

At the same time it is probable that even had the state board not made its suggestions, the fight would have been practically over today, as the majority of the freight handlers had returned to work beore the mass meeting at which the strike was called off officially had convened. It was a knowledge of this fact that had much to do with the action taken by the union. However, the proposition made by the state board of arbitration en- day since that time and the project abled the freight handlers to retire' gracefully from the field.

Blackberry Crop.

All things considered, says Country Life in America, the blackberry has been our most profitable bush fruit. It is a heavy cropper, a fairly reliable yielder, easily picked, continues many years in profitable fruitfulness and generally is in good demand. Its disadvantages are softness for long-distance shipment, a slight tendency to scald, and a season of fruiting that brings it into direct competition with peaches. However, this real disadvantage of season often becomes a decided advantage during a short peach crop, which often occurs. It then has the market to itself without a dangerous competitor.

What Might Have Been.

Sonoma, Mich., July 21st .- Mr. Delos Hutchins of this place says: "If I could have had Dodd's Kidney Pills 25 years ago I would not now be crippled as I am."

Mr. Hutchins spent from 1861 to 1864 in the swamps of Louisiana as a northern soldier and with the result that he contracted Rheumatism which gave him much pain till Mr. Fred Parker, the local druggist, advised him to try Dodd's Kidney Pills. The first two boxes did not seem to help him very much, but Mr. Parker, knowing that Dodd's Kidney Pills would eventually cure him, pressed summer resorts. Stopovers allowed Mr. Hutchins to continue and by the on all tickets at Detroit and Niagara time four boxes were used the short, sharp, shooting pains which had tortured his back, hip, and legs were entirely gone. Mr. Hutchins says: "I can not tell you how much better I am feeling. If it were not for the way my hands, feet, and knees are drawn out of shape I would be about as good as ever."

IRONING A SHIRT WAIST.

Not infrequently a young woman finds it necessary to launder a shirt waist at home for some emergency, when the laundryman or the home serwant cannot do it. Hence these directions for ironing the walst: To iron summer shirt waists so that they will look like new it is needful to have them starched evenly with Defiance starch, then made perfectly smooth and rolled tight in a damp cloth, to be laid away two or three hours. When ironing have a bowl of water and a clean piece of muslin beside the ironing board. Have your iron hot, but not sufficiently so to scorch, and absolutely clean. Begin by ironing the back, then the front, sides and the sleeves, followed by the neckband and the cuffs. When wrinkles appear apply the damp cloth and remove them. Real Shetland ponies, says Country Always iron from the top of the waist Life in America, are scarcer than to the bottom.
