Large Gifts for Libraries. The report submitted to the Amer-Library association showing that while there have been a greater number of individual gifts to libraries this year the average amount, as well as the grand total, is below last year, is somewhat astonishing at first glance. Probably the popular misapprehension on the subject arises from a failure to distinguish between libraries and library buildings. While the gifts to the former aggregated \$3,075,247, the money given for library buildings amounted to no less than \$8,312,550, of which amount Mr. Carnegie gave more than three-It may reasonably be doubted if the year's gifts for library buildings have ever been exceeded in amount within the same space of

Baring-Gould Chops Trees for Health. Though close upon 70 years of age, Mr. Baring-Gould, the author of more books than any living Englishman, is as upright today as he was writing at a high desk in a standing position. Mr. Gould always writes with a quill pen, and his manuscript is not beloved by printers. As a re laxation from literary v-ork Mr. Gould, like the late Mr. G.adstone, often spends a couple of hours chopping down trees.

> ST. MARY'S ACADEMY. Notre Dame, Ind.

We call the attention of our readers to the advertisement of St. Mary's Academy which apears in another column of this paper. We do not need to expatiate upon the scholastic advantages of St. Mary's for the catalogue of the school shows the scope of work included in its curriculum, which is of the same high standard as that of Vassar and Bryn Mawr, and is carried out faithfully in the class rooms. We simply emphasize the spirit of earnest devotion which makes every teacher at St. Mary's loyally strive to develop each young girl attendant there into the truest, noblest, and most intelligent womanhood. Every advantage of equipment in the class rooms, laboratories and study rooms, every care in the matter of food and clothing, and exceptional excellence of classic conditions—all these features are found at St. Mary's, in the perfection of development only to be obtained by the consecration of devoted lives to educational Christian work, in a spot favored by the Lord.

Japan's Poetic Mikado. The Emperor of Japan is one of the few poets who are content to write verses for their own pleasure rather than for the admiration of the public. It is said that he often composes 10,000 lines a year, but with a most praiseworthy self-denial rare among poets he reserves most of them for his own private reading.

#### THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

SOUTH OMAHA. CATTLE.-There were a few good to choice beef steers on sale and such kinds changed hands freely at stronger prices As high as \$8.15 was paid, which is a high as has been paid on this market this season. The kinds that sell from \$7.00 down were not in very active demand and were certainly no more than steady The bulk of the receipts was made up of cow stuff and a good many of them were range cattle. Buyers were slow about taking hold and as a result it was late before anything like a clearance was The best grades did not sell much different from yesterday, but the general run was slow and steady to a little The market is so uneven that it is almost impossible to tell much about it, for some time sales look a good deal higher than others. Choice bulls held about steady, but others were a little lower if anything. Stags and veal calves sold steady where the quality was at all good. Stockers and feeders did not sell much different from yesterday. The best grades in particular held steady, but the common kinds were dull and the tendency was very evidently toward lower prices HOGS.-There was far from being a

heavy supply of hogs, but as reports from other points were rather unfavorable to the selling interests prices eased off a little here. The market opened slow but about steady and the bulk of the good weight hogs sold on that basis. As most of the heavy hogs sold early, the decline was most noticeable on the lighter weights. Heavy hogs sold largely from \$7.75 to \$7.90 and the medium weights went from \$7.70 down.

ENDS CAREER ON GALLOWS.

Reckless Son of Respectable Illinois Parents Hanged in Canada.

TORONTO, July 19.-Fred Lee Rice was hanged here yesterday for the murder of Constable William Boyd on June 4, 1901.

Rice was dressed in a neat-fitting suit of dark clothes, with a rose in his coat. He went to the gallows as calmly as if he were going to an evening arty.

When he awoke in the morning he received his spiritual adviser and spent a quarter of an hour in silent prayer. When the hangman entered the cell he was received smilingly by by the condemned man. Rice mounted the steps to the gallows without a tremor and his execution followed a few moments later.

His body was handed over to his mother, who will start with it today for his late home in Illinois.

Rice, together with Frank Rutledge and Tohmas Jones, were on trial for robbing the postoffice at Aurora. While being conveyed from the court house to the jail on the day of the murder a package in which were two revolvers was thrown into the carriage. Rice secured one of them and shot Boyd.

# PELVIC CATARRH

Palpitation of the Heart, Cold Hands and Feet, Sinking Feelings---Pe-ru-na Cures Catarrh Wherever Located.

Mrs. X. Schneider, 2409 Thirty-seventh

Place, Chicago, Ill., writes:

"After taking several remedies without result, I began in January, 1901, to take your valuable remedy, Peruna. I was a complete wreck. Had palpitation of the heart, cold hands and feet, female weakness, no appetite, trembling, inking feeling nearly all the time. You said I was suffering from systemic catarrh, and I believe that I received your help in the nick of time. I followed your directions carefully and can say to-day that I am well again. I cannot thank you enough for my cure. I will always be your debtor. I have already recommended Peruna to my friends and neighbors and they all praise it. I wish that all suffering women would try it. I testify this according to the truth."—Mrs. X. Schneider.

Over half the women have catarrh in that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

The Hartman Sanitarium, Columbus, Ohio.

One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another con-sumption, another female complaint. These women would be very much sur-prised to hear that they are all suffer-ing with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining of whichever organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other. This is why Peruna has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate—it cures. Hon. Joseph B. Crowley, Congressman

from Illinois, writes from Robinson, Ill., the following praise for the great ca-tarrhal tonic Peruna. Congressman

Crowley says:

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."---J. B. Crowley.

The reason these two lines of road are kept in operation is that in time of disaster to railroad property, the Missouri Pacific Railway Company purchased the securities and took possession of the roads which are parts of branches of roads that possibly never should have been built. However, as they are built and serve the people in several

counties, the Missouri Pacific Railway Company keeps them in operation, hoping that in time they will pay operating expenses and taxes even though they pay no profit to the stockholders.

In other states arrangements have been made in such cases, so as to not work a hardship on the stockholders of non-paying investments, instances of which are given below:
