AROUND HIS TOMB

CANTON CITIZENS DO HOMAGE TO M'KINLEY'S MEMORY.

LOVE OF THE BEREAVED WIFE

She Lays the Customary Bouquet on Her Husband's Bier and Judge Day Eulogizes His Dead Chieftain in Appropriate Words.

CANTON, O., Sept. 15.—There was a general observance of McKinley memorial day in the city which claimed him as its own. From almost every pulpit there was reference in prayer or address to him and his work. His favorite hymns were used. The address that attracted most attention here was that given by Judge William R. Day, McKinley's secretary of state, and a friend and adviser of McKinley for years. The address was delivered in the First Methodist Episcopal church, of which McKinley was a member. A portrait of the late president, around which were the folds of the Stars and Stripes, emblematic of his patriotic spirit, was displayed.

In the Catholic church a special mass was said and some of the priests made references to McKinley, they having known him personally.

Although deeply conscious of the fact that just one year ago her beloved husband died, Mrs. McKinley did not vary the program followed by her for several months. All days to her have been memorial days. Her usual trip to West Lawn cemetery was taken this forenoon and she laid love's offering of flowers on the casket that contains the remains of the nation's martyred chief. Mrs. Garrett A. Hobart, who is her guest, went with her into the McKinley tomb, and also laid a bouquet of flowers on the coffin.

Their drive took them to the McKinley family burial lots, where bouquets were laid by Mrs. McKinley's direction. During the day there were many visitors at the McKinley vault.

Judge Day's tribute to his martyred chief was, in part, as follows: "This tragedy which fills our hearts with grief has a lesson for the living, and calls upon the law-makers to enforce laws for the suppression and punishment of those who teach or practice the dreadful tenets of this code of lawlessness and ruin."

Referring to the early life of McKinley, he said: "From the high school her sons and at once stepped into the ranks as a defender of the union. His associates in arms, officers in his regiment, included such lawyers as Hayes and Matthews and their companionship. While a valiant soldier he determined to adopt the legal profession as his calling should he survive the perils of war."

Referring to the Spanish-American war Judge Day said: "He determined to do all within his official duties to benefit the Cuban people, to relieve the strain on our people, and if possible to accomplish these ends without an appeal to arms. These purposes are the key to his Cuban policy steadily pursued, with much accomplished when the unlooked for happened in the treacherous anchoring of the Maine, by which she became the easy prey of malicious persons bent on her destruction. The president felt he could not look upon a peaceful settlement which did not involve the withdrawal of Spain from this continent, and he promptly advised our minister at Madrid that only such a settlement would be satisfactory."

Armour Sends \$4,000,000 to New York City to Invest.

CHICAGO, Ill., Sept. 15.—Seeking to relieve in a measure the stringency in the eastern money market and also to benefit by the advancing rates for loans, Armour & Co. sent \$4,000,000 to New York for loaning purposes.

HUNDREDS LEFT HOMELESS.

Many Are Reported Burned to Death in Oregon.

PORTLAND, Ore., Sept. 15.—About 300 people are left homeless in Multnomah and Clackamas counties as a result of the forest fires that have raged for the past week. Fires have burned over a wide scope of country, but the greater damage in this state appears to have been done in these two counties. In a fire that destroyed the town of Palmer, near Bridal Vale, two boys named Hamilton were caught while trying to escape from the flames and burned to death. The timber losses in Clackamas county have been immense and the whole length of the Clackamas river presents nothing but vistas of ruined settlements.

In eastern Multnomah the fires are under control and no further damage is feared unless weather changes. In southern Oregon excellent work has been done by the ranchers and the destruction confined to a comparatively limited area. Eugene and surrounding country is now practically out of danger, though fires are still menacing. Tillamook also has been saved by the change in the direction of the wind and the inhabitants have good hopes of saving the town, which has twice been almost abandoned before the raging flames.

DUBLIN CITIZENS AROUSED.

Resolutions Adopted Denouncing Slur on City's Fair Name.

DUBLIN, Sept. 15.—Some 20,000 persons, the biggest open air gathering that has been seen here in years, assembled in Phoenix park tonight to protest against the action of the government in proclaiming the British capital. The lord mayor of Dublin presided and John Dillon and William O'Brien, nationalist members of the house of commons, were the chief speakers.

George Wyndham, chief secretary for Ireland, was the principal target for abuse and ringing resolutions denouncing the slur on Dublin's fair name were unanimously passed.

PRAISE FOR GERMAN ARMY.

General Wood Praises Emperor William by Praising the Soldiers.

BERLIN, Sept. 15.—Major General Henry C. Corbin, who, together with Major General Samuel B. M. Young and Brigadier General Leonard Wood, attended the German army maneuvers near Frankfurt-on-the-Oder last week, gave out a statement before he left for Dusseldorf denying what purported to be an interview with him, in which he was represented as unfavorably criticizing the German infantry. In this statement General Corbin said:

"My companions and I have reached the conviction that the German army in every respect, but particularly in organization, instruction, discipline and equipment, is among the best in existence, if not the best.

"The army excited the admiration of all of the American officers who witnessed the maneuvers, and we shall never forget the many marks of distinction and courtesy bestowed upon us by Emperor William and his officers."

Mob Gives Up Its Purpose.

BUTLER, Pa., Sept. 15.—The attack made on the jail here last night by a mob in an endeavor to lynch Jerry Bennett for assaulting a 6-year-old girl was not renewed tonight. STATE SCHOOL FOR DEAF.

Opens September 17 with Buildings and Everything in Good Shape.

OMAHA, Neb., Sept. 15.—The state school for the deaf at this city opens September 17 in good shape. During the vacation about \$2,000 has been spent in repairs and improvements. Four changes have been made in the staff of teachers.

Superintendent Stewart looks forward to a very full school, as a great many applications have come in during the summer, and, so far as known, most of the children who were there last year will return. Through vacation a great deal of repairing has been done on the buildings, which adds not only taste and beauty, but healthfulness and comfort to all connected with the school, besides preserving the buildings.

The superintendent anticipates an attendance of about 180 this year. Last year the enrollment reached 177, which is the highest number reached in any one school year in the history of the institution.

Following is a list of the teachers: W. H. Rother, L. A. Divine, C. E. Comp, Mrs. Ida Hendee, Miss Ota Crawford, Miss May Autenrieth, manual; A. E. Pope, head oral; Harry F. Best, Miss Cora Jack, Miss Lillian Bamford, Miss A. A. Regnier, Miss Mary McNamar, Miss Laura B. Robie, Miss Anna B. Kirkpatrick, oral.

BAD FOR THE DEPOSITORS.

Will Lose Heavily in the Chamberlain Bank Wreck.

TECUMSEH, Neb., Sept. 15.—There is much feverish excitement in the Chamberlain bank wrecking case. The bank examiner's report shows the whole affair up in such a bad light that some of the depositors whose only means were wrapped up in the bank are now desperate and threatening talk is made against Cashier Chamberlain's safety, should he have the misfortune to again return to Tecumseh.

Crookedness of every kind and even forgery and mutilation of records are charged up against him. It developed that the bank was run in the loosest sort of a way, no check or restraint being placed on Chamberlain's actions. In fact nobody but Chamberlain himself knew anything about the bank's affairs.

The farther the matter is investigated the worse the thing appears, till now it is a question of how little and not how much the depositors will get.

His mother went to that place and took her boy home.

BEEMER, Neb., Sept. 15.—Mrs. George Koontz, wife of a brick mason, nearly ended her life by swallowing a spoonful of carboic acid, mistaking it for medicine. Mrs. Koontz, who is subject to cramps in the stomach, hastily took the acid, but realized her mistake and is now thought to be out of danger. Luckily, medical aid was immediately at hand.

THE LAT CROP BULLETIN.

It Tells the Same Story of Encouraging Conditions.

LINCOLN, Neb., Sept. 13.—The Nebraska section of the climate and crop service has issued its last bulletin for the year. It tells the same tale of good crop conditions in all parts of the state. Incidentally Mr. Loveland says that never since he has been connected with the department have the crop conditions been better. His reports, which are considered authentic, show that the yield per acre will be unusually large. The acreage of winter wheat increased materially, while the acreage of spring wheat declined. Corn remained almost stationary, there being a slight decrease in many places, owing to the increase in the acreage of wheat.

The fact that the department will issue no more bulletins is a convincing indication that corn is entirely out of danger, in fact Mr. Loveland says that the weather during the remainder of the fall will have but little effect.

BLOW OPEN POSTOFFICE SAFE.

Secure \$150 at Arcadia, but Decline to Take Stamps.

ARCADIA, Neb., Sept. 13.—Burglars paid a visit to the postoffice of this place, the thieves literally blowing the safe to pieces, the explosion making a report that was heard all over town. The thieves then made their escape unmolested. Entrance to the building was obtained at the front door by means of a crowbar. The thieves must have worked very quietly at this, as there are several families who live within a stone's throw of the office. When they were on the inside they exploded a charge of dynamite, putting it underneath the door of the safe. The door was completely blown to pieces and the parts scattered all over the room. About \$150 in cash was taken from the safe.

BURIED BY A CAVING BANK.

Not Discovered Until After Victim of the Accident is Dead.

YORK, Neb., Sept. 13.—Bert Barnett, living at 219 Burlington avenue, was hauling sand from the sand pit on the farm of C. B. Edwards. He started to load and while digging the bank caved in, covering him with sand to the depth of over three feet. His team stayed at the pit. Mr. C. B. Edwards, owner of the farm, noticed the team standing alone and no one around and went over to investigate and found that there had been a caving. He at once dug Barnett out. Barnett was lying on his face with his arms folded underneath his head and life was extinct when discovered. He leaves a small family.

Yoder Gets a Commission.

LINCOLN, Neb., Sept. 13.—Governor Savage and Adjutant General Colby have decided to adhere to their former ruling, by which they approved the election of Samuel E. Yoder, as captain of the battery of artillery at Wymore. This latest decision was given after listening to extended argument by former Captain Murdock, who is contesting the election. All of the high military authorities who had jurisdiction in this case were of one mind. Judge Advocate General Browne gave a written opinion, in which he held that the election of Captain Yoder was legal in every respect, and Attorney General Prout, when asked for his views, gave a similar opinion.

Would Buy More Land.

DES MOINES, Ia., Sept. 13.—Judge Robinson of the State Board of Control went to Glenwood, where he will meet Chairman Cownie, and together they will make another attempt to purchase for the state an additional tract of land for the state institution for the feeble minded. An effort was made last spring to purchase land that is needed there, but the prices were held too high. It is believed that the land can now be bought.
