And Coats still survives.

The new train is just the thing.

Snipe shooting is now the rage and birds plenty.

Again we ask, what are the democratic principles?

The rains of May will make the flowers bloom in June.

Bryan comes to the defence of Gum Shoe Bill just as though he needed to be defended.

Cleveland has gone fishing again and the news is telegraphed all over the country. Can it be?

According to the press dispatches President Roosevelt and Governor Cummings are not so far apart on the tariff question as they thought they were.

The meeting of the Elkhorn Valley Editorial association at Atkinson on June 7 promises to be a hummer. Better all come, boys, and have a good time.

The Missouri democrats are getting all stirred up. The baking powder has raised some of them so high that they have fallen out of their official chairs.

John Brisben Walker, editor of The Cosmopolitan, has platted a 900 acre addition to the City of Denver. Evidently there is money in the magazine business.

If this railroad talk keeps up, there is liable to be some railroad building done in these parts. Colonel Maher is doing his best, but stands in need of some help to get things going.

Edgar Howard is now in favor of a non-partisan judiciary and wants Judge Sullivan to be that particular non-partisan. Funny that the good Edgar always wants democrats when he is looking for non-partisans.

The World-Herald pleaded with democrats to vote for Howell on the theory that if Howell was elected Mayor of Omaha it would cinch the election of Judge Sullivan to another term on the Supreme bench of the state. Now that Howell was third man in the race it would only be fitting for the World-Herald to admit that Judge Sullivan has no chance of election at all.

Since the passage of the junior normal school law, there has been considerable difficulty in locating the various branches of the normal school. Each town presents the very best of reasons why they in particular should have a branch of the school. As a matter of fact O'Neill is the very best place in the state where such an institution should have been established.

A GOOD SUGGESTION.

The suggestion offered by Judge Magoon, of Lincoln, that a chair of Oriental languages and customs, be established at our state university, is one that, under existing circumstances, should be given the most careful consideration. There is no doubt, but at the present time that well educated, bright young men and women, who were versed in the Oriental languages and customs, would have great opportunities before them and as time passes on and more and more of our business men become engaged in Oriental business enterprises the demand and opportunities for such talent will become greater. Nebraska is at all times in the front ranks in educational matters and a step made now in this direction, we fully believe will meet with the hearty approval of the good people of our state.

The Market.

South Omaha, May 14, 1903.

Two days of this week brought moderate receipts and a steady to stronger market, Tuesday being 5 to 10 higher. The rain stopping farm work and making muddy feed-yards brought heavy receipts Wednesday and a slow market, Tuesday's gain being lost. However, we do not expect a much lower market this week.

We quote best beef steers \$4.80 to \$5.20, fair \$4.40 to \$4.75, warmed-up \$4.00 to \$4.35; choice cows and heifers \$4.00 to \$4.40, fair to good \$3.50 to \$4.00, canners and cutters \$1.75 to \$3.00. Good light stockers and feeders are selling from \$4.40 to \$4.80, fair \$4.00 to \$4.30, stocker heifers \$3.10 to \$3.40. Bulls \$3.00 to \$4.00; veal \$4.50 to \$6.75.

Hog receipts liberal. Range \$6.30 to \$6.50. Market still declining.

Sheep receipts light. Market steady
