Severe Attack Of Grip Cured by One Bottle of Chamberlain's Cough Remedy.
"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by P. C. Corrigan.

New Use for Paper.
Artificial teeth and "uppers" for boots and shoes are among the new uses to which paper is being put. A substantial business firm in Boston is considering a proposition to take up the work of manufacturing paper hats.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take or sale by P. C. Corrigan.

Out of Jobs.
The admiralty has directed that all foreigners on board his majesty's ships shall be removed as soon as British substitutes can be found. This will affect bandmasters and mess caterers, who in British fleets in foreign waters are seldom of British extraction.

Chicago's Centennial Celebration.
The Chicago & Northwestern railway announces that much interest is being evidenced throughout the west in Chicago's celebration of the 100th anniversary of this city's settlement in 1837. The celebration will take place from September 26 to October 1, next, with a program that includes a series of commemorative events that possess many special features of interest. A great naval display will be a part of the program, together with regattas and the spectacular arrival in canoes, by way of the lake, of 400 Indians, the descendants of tribes formerly occupying this site, who will establish a village around a reproduction of old Fort Dearborn, on the lake front.

Athletic contests, parades, great fire works display, patriotic meetings and religious services, a grand chorus, military maneuvers by government troops, and on the concluding day a reception to the president of the United States and other distinguished guests, all contribute to a most elaborate program.
Every energy is being employed to make the occasion typical of that spirit that has made Chicago one of the greatest cities in the world.

What the Strong Man is Not.
The strong man is not the soldier on horseback with saber drawn. The strong man is the man with folded arms who utters the truth regardless of consequences. No one can injure a man who refuses to be hurt; you may kill him, but you cannot touch the man in him. He wields a power that he would have to give up if he stooped to physical force.
