F. W. Phillips, Chairman.  
E. S. Gilmour, Clerk.

O'Neill, Neb., July 23, 1903.—Board called to order at 9 o'clock a. m.  
Present: Biglin, Grimes, Howard, Keefe, Moler and Phillips.  
Minutes of yesterday's session were read and adopted.  
The following resolution was read and adopted:  
Mr. Chairman: Whereas, it has come to the knowledge of this board that the present board of health of this county, established by this board under the laws of the state of Nebraska for the purpose of restricting contagious and infectious diseases in this county, has become very expensive, and we believe such expense is brought about by the erroneous interpretation of the law governing said board of health, we desire to call the attention of said board to the following facts:  
First—Said board of health has jurisdiction only in territory outside of all municipal organizations, the law contemplating that all such corporate bodies shall have jurisdiction over its own territory.  
Second—The only expense this county is liable for is quarantening and the release of same excepting the party in charge of such cases duly appointed by a member of the board of health wherein such contagious diseases exist.  
Third—We, desire that all services performed by such board of health and for which this county is liable for under the law be done at prices such as is customary in other cases as per the established rates in this county.

Fourth—We ask the co-operation of said board of health in reducing the expense of caring for such cases of contagious diseases.  
Fifth—We believe that unless the expense of said board can be materially reduced said board of health will become so burdensome that same will have to be abolished.  
Sixth—That the county clerk be instructed to send a copy of this resolution to each member of the board of health.  
F. W. Phillips, Chairman  
O. F. Biglin  
H. C. Howard  
John Moler  
M. Keefe  
W. S. Grimes.

**BUSINESS CHANCES.**

**Danger of Colds and Grip.**  
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. or sale by P. C. Corrigan.
