State's Indebtedness.
Sunday's Omaha Bee says: The
semiannual statement of the auditor,
filed with the governor, shows that
Nebraska has reached the high water
mark of its indebtedness. The out-
standing warrants bearing interest
and those not bearing interest make
the total state debt \$2,282,993.71. The
increase in the debt during the past
six months is \$265,505.23. The main
reason of the outstanding warrants
amounting to so much is, taken with
other years, the amount of money re-
ceived by the treasurer has been small.
During the last six months he had re-
deemed warrants to the amount of
\$436,306.41. The report shows that
warrants were issued during the last
six months to the amount of \$531,062-
67, while for the same time last year
the warrants issued amounted to
\$402,002.15. This heavy increase in
the debt and in the amount of war-
rants issued has occasioned consid-
erable interest around the state house.

To improve the appetite and
strengthen the digestion, try a few
doses of Chamberlain's Stomach and
Liver Tablets. Mr. J. H. Seitz, of
Detroit, Mich., says: "They restore
my appetite when impaired, relieve
me of a bloated feeling and caused a
pleasant and satisfactory movement
of the bowels." There are people in
this community who need just such
a medicine. For sale by P. C. Corri-
gan. Every box warranted.

From the government nursery for
forest trees growing at H. N. Key, Neb.
Ira N. Boyce, forester in charge
writes to the Nebraska Farmer that
the government has collected 2,000
pounds of pine and cedar seed for
planting, and that about 200 pounds
of seed have been fall planted. Next
spring 1,000 acres will have been
planted to forest and nursery and
the work of forest making on the Dis-
mal River reserve will be well under way.
The plans of the Forestry Bureau are
working out smoothly on the Nebr-
aska reservations so far.

Ballard's Horehound Syrup.
Immediately relieves hoarse, croupy
cough, oppressed, rattling, raspy,
and difficult breathing. Henry C.
Stearns, Druggist, Shullsburg, Wis-
consin, writes, May 20, 1901: "I have
been selling Ballard's Horehound
Syrup for two years, and have never
had a preparation that has given bet-
ter satisfaction. I notice that when
I sell a bottle, they come back for
more. I can honestly recommend it.

Spain will not participate in the St.

reached at a cabinet council, the rea-
son given being that there would not
be sufficient time to complete arrange-
ments.

Favorite Family Remedy.
Frequently accidents occur in the
household, which cause burns, cuts,
sprains and bruises; for use in such
cases, Ballard's Snow Liniment has
for many years been the constant
favorite family remedy. 25c, 50c and

PROFIT

The matter of feed is of
tremendous importance to the
farmer. Wrong feeding is
loss. Right feeding is profit.

The up-to-date farmer knows
what to feed his cows to get
the most milk, his pigs to get
the most pork, his hens to
get the most eggs. Science.

But how about the children?
Are they fed according to
science, a bone food if bones
are soft and undeveloped, a
flesh and muscle food if they
are thin and weak and a blood
food if there is anemia?

Scott's Emulsion is a mixed
food; the Cod Liver Oil in it
makes flesh, blood and muscle,
the Lime and Soda make bone
and brain. It is the standard
scientific food for delicate
children.

Good Hair
Statistics for the year ending Au-
gust 31, says the Kansas City Journal,
shows that automobiles killed as many
persons in England in a week as rail-
road trains did in a year. The acci-
dents enumerated in England and
Wales during the period mentioned
were 3,991, the persons injured being
2,991, and the deaths 411. The figures
show an average of 76.75 accidents per
week, with 57.52 persons injured and
7.9 killed every week. During the
last twelve months the total number
of passengers and railway officials kil-
led by accidents to passenger trains on
British railways was 8, the injured
being 224.

How to Prevent Croup.
It will be good news to the mothers
of small children to learn that croup
can be prevented. The first sign of
croup is hoarseness. A day or two
before the attack the child becomes
hoarse. This is soon followed by a
peculiar rough cough. Give Chamber-
lain's Cough Remedy freely as soon as
the child becomes hoarse, or even
after the rough cough appears, and it
will dispel all symptoms of croup. In
this way all danger and anxiety may
be avoided. This remedy is used by
many thousands of mothers and has
never been known to fail. It is, in
fact, the only remedy that can always
be depended upon and that is pleasant
and safe to take. For sale by P. C.
Corrigan.

C. W. Baker, representing the Ne-
braska Central Electric railway, has
been in Wahoo the past week, look-
ing over the ground for a railway line
to be built from Omaha to Hastings,
via Wahoo. The intention of the com-
pany is to hold meetings along the
line and get enough stock subscribed
to build the line. Their prospectus
set forth great accommodations to the
farmers in the way of shipping and
cheap rates.

A Timely Suggestion.
This is the season of the year when
the prudent and careful housewife re-
plenishes her supply of Chamberlain's
Cough Remedy. It is certain to be
needed before the winter is over, and
results are much more prompt and
satisfactory when it is kept at hand
given as soon as the cold is contracted
and before it has become settled in
the system. In almost every instance
a severe cold may be warded off by
taking this remedy freely as soon as
the first indication of the cold
appears. There is no danger in giving
it to children for it contains no harm-
ful substance. It is pleasant to take—
both adults and children like it. Buy
it and you will get the best. It al-
ways cures. For sale by P. C. Corri-
gan.

J. A. Rader of Nehama county,
Nebraska, this year gathered 4,500
bushels of corn from eighty acres.
One little patch made an average
yield of 106 1/2 bushels to the acre. The
corn is a pure white corn of the
"Tucker" variety. The ears are long,
well proportioned and well filled. It
is probable that some of this corn will
be entered for competition at the St.
Louis exposition.

He Found a Cure.
R. H. Foster, 318 S. 2d Street, Salt
Lake City, writes: "I have been
brothered with dyspepsia or indiges-
tion for 21 years, have tried many
doctors without relief, but I have
found a cure in Herbine. I recom-
mend it to all my friends, who are
afflicted that way, and it is curing
them too. 50c, at P. C. Corrigan.

The theater hat question played a
considerable part in the principal part
in the wrecking of the Villaverde
ministry. The leading society women
rebelled against the regulation of the
governor of Madrid, forbidding the
wearing of hats at the opera, and one
of the first acts of the new ministry
has been to dismiss the governor.
His successor is to rescind the obnox-
ious order.
A glass or two of water taken half
an hour before breakfast will usually
keep the bowels regular. Harsh
cathartics should be avoided. When
a purgative is needed, take Chamber-
lain's Stomach and Liver Tablets.
They are mild and gentle in their
action. For sale by P. C. Corrigan.
