

DOCTORS FALL IN LINE

Practicing Physicians recognize the unfailing reliability of Doan's Kidney Pills by prescribing them for Backache, Kidney, Bladder, and Urinary Disorders—a tribute won by no other Proprietary Medicine. Four cases cited from "Notes of His Practice," by Dr. Leland Williamson, of Yorktown, Ark.

FOSTER-MILBURN Co., Buffalo, N. Y. YORKTOWN, ARK., March 1, 1904.
Gentlemen:—I have been engaged in the practice of medicine in this section for ten years. This is a very sickly climate, on the Bayou Bartholomew, near the Arkansas River. It is particularly malarious and miasmatic; we meet with many and various abnormal conditions of the human family, prominent among the cases in which I have been called upon to prescribe is kidney disease. Many of these disorders manifest themselves by pains in the back, often extending to other parts of the body; sometimes headache is present, caused by uræmic or chronic acid poisoning, soreness in region of kidneys, cloudy, thickened and foul-smelling urine, discharges of pus or corruption; inflammation of the kidneys, extending to the bladder, is caused by excess of uric acid and decomposition of the urine. Hemorrhage is sometimes met with, caused by high state of inflammation or congestion.

There is no class of diseases a doctor is called oftener to treat than the variety of kidney diseases, in many of which the patient will have chills or rigors, followed by fever, a result of the kidneys failing to eliminate the uric acid poison from the system. Such cases require the kidneys restored to their natural functions, then the poison and foreign substances are removed—shock to the nervous system averted, and natural health restored.

I have, for some time, been using Doan's Kidney Pills in these many manifestations and with uniform success, curing most cases. I can further say that even in hopeless cases where they have waited too long, Doan's Kidney Pills afford much relief and prolong life. I can recommend the pills in conditions of excessive or deficient secretion of urine, as also in convalescence from swamp-fever and malarial attacks, as verified by the following cases in my practice.

CASE 1.

THOS. ORELL, Bear, Ark., age 60. Pain in back for several weeks, then chills, irregular sometimes, severe rigors followed by fever. Gave good purgative of calomel and padoph, and Doan's Kidney Pills. After taking four boxes of the pills, patient up and enjoying good health for one of his age.

CASE 2.

MRS. SMITH, Tarry, Ark., age 29, mother of four children. Had female complaint and kidney trouble, manifested by pain in back and urine irregular; sometimes very clear, changing to cloudy, and with much sediment on standing in chamber. Gave local treatment for female complaint and prescribed Doan's Pills; after using six boxes she regards herself as cured.

CASE 3.

BROWN EAKS, Wynne, Ark., age 21. Had severe case of malarial bogmataria or swamp fever. Gave necessary liver medicine, calomel and padoph, and morph-sulph., to relieve pain, and ordered Doan's Pills for the high state of congestion and inflammation of the kidneys. Recovery resulted in two weeks. Prescribed Doan's Kidney Pills, to be continued until the kidneys were thoroughly strengthened and all pain in back subsided.

CASE 4.

ELIJAH ELLIOTT, Tarry, Ark., age 84. Pain in back and legs and headache. Uric-acid poisoning. Prescribed Doan's Kidney Pills. After taking several boxes pain subsided—urine became normal, or natural, and patient able to resume his work.

These are a few of the typical cases in which I have used Doan's Kidney Pills. In a great many instances I use them alone with curative results, while with some others indicated remedies are associated.

I believe that by the judicious use of Doan's Pills many serious complications are arrested and many hopeless and incurable cases of Bright's disease prevented.

I have often found that one box of the pills is all that is required to effect a cure, but in some cases I continue their use until all symptoms are entirely absent and the cure effectual and permanent.

A free trial of this great Kidney and Bladder Specific can be obtained by addressing Foster-Milburn Co., Buffalo, N. Y. The regular size is 50 cents per box. It will be sent by mail, charges prepaid, on receipt of price.

BEGGS' BLOOD PURIFIER CURES catarrh of the stomach

PISO'S CURE FOR CONSUMPTION

CURE WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use Sold by Druggists.

Capsicum Vaseline

Put Up In Collapsible Tubes.

A Substitute for and Superior to Mustard or other irritants, and will not blister the most delicate skin. The pain allaying and curative qualities of this article are wonderful. It will soothe the toothache as well as cure the most obstinate rheumatism.

We recommend it as the best and safest external remedy known, also as an external remedy for pains in the chest and stomach and all rheumatic, neuralgic and gouty complaints.

It is found to be invaluable in the household. Many people say "It is the best of all remedies." Price 15 cents, at all druggists, or other dealers, or by sending this amount to us in postage stamps, we will send you a tube by mail.

No article should be accepted by the public unless the name carries our label, as an external remedy for rheumatism, neuralgia, toothache, etc.

CHESEBROUGH MANUFACTURING CO
 17 State Street, New York City.

QUARTER OF MILLION NEW WOMEN ARRIVE

American Freedom Is Written About to Friends in the Old Country.

IT INSPIRES IMMIGRATION

The Land Where Women Do Not Have to Slave and Where Their Children May Be Educated Is Where They Would Live.

Thomas G. Clayton in the Washington Star: The ranks of America's real new woman are gaining recruits at a lively rate. Two hundred and ten thousand and seventy-seven were added last year.

Of this number, Austria-Hungary furnished 66,257. Italy sent the next highest, 40,635; Russia was third with 33,845, and Germany's quota was 16,366. Sufficient women to make fifteen regiments of 1,000 members each arrived from Ireland, whence came the largest percentage of women, the total numbers of immigrants from the "old sod" being 27,902, or 2,089 more women than men, the only instance where the men were fewer. On the other hand, Greece sent the smallest relative percentage—408 out of more than 11,000.

From elsewhere the country's real new woman came in numbers as follows: Belgium, 1,383; Denmark, 2,320; England, 9,338; France, 3,855; Netherlands, 1,761; Norway, 6,137; Portugal, 411; Roumania, 3,325; Serbia, 74; Spain, 275; Sweden, 9,695; Switzerland, 1,579; Turkey in Europe, 112; Turkey in Asia, 1,306; Scotland, 3,523; Wales, 655; West Indies, 1,233.

While the great majority of these women came with broods of children, in number all the way from two to fourteen, and with all the old world traditions clinging tenaciously to them, yet they also arrived at Ellis Island with some brand new ideas, of the new world sort, in their heads.

"Letters home are responsible for the new notions," said the chief of the staff of the thirteen matrons who take charge of the women while they are on the island.

"These letters, from friends who have preceded the women here by a year or two, are a curious commingling of European and American thought, but they are clear enough concerning the new mode of life to cause the recipients to be influenced by them in their coming. The men generally give one reason for their immigrating—work; but the women have a variety of answers, although work is not infrequently the reply of the Italian woman.

"Still, even she has her own new world idea, which she secretly nourishes. She Wanted Freedom.

"A girl who had lived in Naples was held for deportation. She was exceedingly downcast, and I went over to her and tried to cheer her. But she would not be consoled, and between her sobs kept repeating again and again: "'Oh—oh—and I can't ever be my own boss—no—never!'"

"It turned out that a friend had written her that the American women have equal freedom with the men, and that they enjoy a life as well, or something to that effect. So the girl started over, but as she had no relatives here, and no one who was responsible offered to take care of her if she was permitted to land, she was returned.

"Here was an unusual new world idea; but one that is general among the women of the American idea of educating the children. I firmly believe that the women immigrants are largely responsible for the great number of foreign children in the schools of New York and other cities with a large foreign population.

"If the men of the new world have any ambition for their children in the new land, and likely as not they'll say, 'Yes—work.' Put the same question to the women and usually the answer will be along these lines: "'I had a sister come over two years ago. She wrote back much, saying how Tony was a bright boy, because he was going to school. She said he did not have to work hard all day to help make a living. She said my children would be as bright as Tony, too, if I would bring them over, and they wouldn't have to start to work until they were old enough, either. So I am here.'"

SMOKING AMONG WOMEN.

Leaders of London Smart Set Light Their Cigarettes Now in Restaurants.

London Express: The smoking habit among society women has become so general in recent years that many leaders of what is called "smart" society now light their cigarettes in public places without the least hesitation.

In West End restaurants, where fashionable people lunch and dine every day, women bring out dainty gold jeweled cases and light their favorite Egyptian or Turkish cigarette as a matter of course.

Many of these women are most fashionable about the brands they smoke, and in numerous cases West End tobaccoists mix special tobacco to please distinguished customers.

In almost all cases the most popular cigarettes for women are gold tipped or coated at the end with a thicker paper. Very few women use holders; it is not considered quite "the right thing."

At most of the private dances held in town last season cigarettes were generally smoked in the intervals between the dances. Men and girls competed with each other in blowing smoke rings and letters in the air. A peer's daughter is accomplished in the art of smoking the cigarette with the lighted end in the mouth.

Smoking has been quite a common practice in women's clubs for some time, and rooms are set apart especially for smoking.

West End tobaccoists include many well known ladies among their customers, and in the opinion of West End jewelers the most popular gifts sold last Christmas time were ladies' cigarette cases in gold and enamel, prettily jeweled and monogrammed.

Urbanity and Suburbanity.

Is the city man no longer to be distinguished from the villager by his better manners? There was a time, says Mr. Herbert W. Horwill in Harper's Weekly, when urbanity was a natural product of urban life. That time, he thinks, has passed. Nowadays, when man meets man in the city, it is in conflict, not fellowship. "We read sometimes of the social arena, and when civilization has come to that it is vain to expect any politeness of a higher type than the etiquette of the gladiator." But from such strain upon the tender virtues the life of the countryman is exempt. If a certain restfulness is an essential of good manners, it is in repose that stamps the cast of Vere de Vere, shall we turn to the city or to the village for this serenity of the true aristocracy? Urbanity being what it has become, the great problem of the future will be, not so much for lexicographers as for socialists, What is suburbanity going to mean?"

A COMRADE OF GENERAL GRANT

Says: "I Do Not Believe Pe-ru-na Has a Superior for Catarrh."

BENJAMIN F. HAWKES
 Benjamin F. Hawkes, of Washington, D. C., is One of the Three Living Comrades of General Grant in His Cadet Days at West Point.

In a recent letter from 611 G St., S. W., Washington, D. C., this venerable gentleman says of Peruna: "I have tried Peruna after having tried in vain other remedies for catarrh, and I can say without reservation that it never fails to give relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior, either as a remedy for catarrh or as a tonic for the depressed and exhausted condition which is one of the effects of the disease."
 —Benjamin F. Hawkes.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 114 years. In speaking of his good health and extreme old age, Mr. Brock says: "Peruna exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I

have come to rely upon it almost entirely for the many little things for which I need medicine. "When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease. "I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe, and found it to be just the thing."
 —Isaac Brock.

Pe-ru-na Used in the Family for Years.

Mrs. E. West, 137 Main street, Menasha, Wis., writes: "We have used Peruna in our family for a number of years and when I say that it is a fine medicine for catarrh and colds, I know what I am talking about. I have taken it every spring and fall for four years and I find that it keeps me robust, strong, with splendid appetite, and free from any illness. A few years ago it cured me of catarrh of the stomach, which the doctors had pronounced incurable. I am very much pleased with Peruna. I am 87 years old."
 —Mrs. E. West.

Pe-ru-na is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Peruna corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Peruna becomes a lifelong stand-by with old and young. Mrs. F. E. Little, Tolona, Ill., writes: "I can recommend Peruna as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled severely with it for over a year, and also a cough. Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. I will recommend it to all as a rare remedy. I am so well I am contemplating a trip to Yellowstone Park this coming season. How is that for one 71 years old?"

In a later letter she says: "I am only too thankful to you for your kind advice and for the good health that I am enjoying wholly from the use of your Peruna. Have been out to the Yellowstone National Park and many other places of the West, and shall always thank you for your generosity."
 —Mrs. F. E. Little.

Strong and Vigorous at the Age of Eighty-eight.

Rev. J. N. Parker, Utica, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected that I could hold converse with my friends; but in June, 1901, my sense of hearing left me so that I could hear no sound of my own voice. I was also troubled with severe rheumatic pains in my limbs. I commenced taking Peruna and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone. I cannot speak too highly of Peruna, and now when eighty-eight years old can say it has invigorated my whole system."
 —Rev. J. N. Parker.

Mr. W. B. Schnader, of Terre Hill, Pa., writes: "I got sick every winter, and had a spell of cold in February, 1899, I could not do anything for almost two months. In December, 1899, I saw one of your books about your remedies. Then I wrote to Dr. Hartman for advice, and he wrote that I should commence the use of Peruna, and how to take care of myself.

"I did not lose one day last winter that I could not tend to my stock. I am sixty-three years old, and I cannot thank you too much for what you have done for me."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

80 Bu. Macaroni Wheat Per A.

Introduced by the U. S. Dept. of Agr. It is a tremendous cropper, yielding in good land 80 bushels per acre, and on dry, arid lands, such as are found in Montana, Idaho, the Dakotas, Colorado, etc., it will yield from 40 to 60 bushels. This Wheat and Speltz and Hanna Barley and Bromus Inermis and Billion Dollar Grass makes it possible to grow and fatten hogs and cattle wherever soil is found.

JUST SEND 10c AND THIS NOTICE to the John A. Salzer Seed Co., La Crosse, Wis., and they will send you free a sample of this Wheat and other farm seeds, together with their great catalogue, alone worth \$100.00 to any wide-awake farmer. (C. N. U.)

The Waldorf-Astoria Trust company, New York city, keeps its main office open till 10 o'clock at night.

We are never without a bottle of Piso's Cure for Consumption in our house.—Mrs. E. M. Swayze, Wakita, Okla., April 17, 1901.

Three-fourths of the famous old buildings in Italy are said to be on the verge of collapse.

FIVE Permanently Cured. 25c. or 50c. per bottle after first day's use of Dr. King's Great Nerve Restorer. Send for FREE 25c. trial bottle and treatise. DR. R. H. KING, Les. 631 Arch St., Philadelphia, Pa.

Town Topics: Hojack—You don't really imagine that girls actually propose sometimes, do you? Tomdick—Well, all I know is that this is leap year, and some girls are getting married who never got married before.

Mrs. Winslow's SOOTHING SYRUP for Children (soothing) softens the gums, reduces inflammation, allays pain, cures wind colic. 25c. a bottle.

Then and Now. "Love me little, love me long." (This we from a poet borrow) Now it's "Love me for a day— We'll be divorced tomorrow."

Italy makes eight millions a year out of foreign visitors.

ALABASTINE
 The Durable Wall Coating. Won't Rub Off; WHY? Because it cements to, and is not stuck on the wall with decaying, animal glue, as are the various so-called "wall finishes," which are kalsomines sold under fanciful names. You can apply Alabastine.

For Man For Over 60 years For Horses

Mexican Mustang Liniment

Has been the STANDARD REMEDY for curing aches and injuries

BEST FOR THE BOWELS

ALABASTINE
 The Only Sanitary and Permanent Wall Coating

ALABASTINE is not a disease-breeding, hot water glue wall finish, furnishing a lodgment and harbor-ground for disease germs; it is a natural, rock base composition, in white and many exquisitely beautiful tints; in powder form, ready for use by simply mixing with cold water. Anyone can brush it on.

ALABASTINE cements to walls, destroys disease germs and vermin, and never rubs off or scales. Other wall coatings, under fanciful names, and usually mixed with hot water, are unhealthful kalsomines, stuck on the wall with glue, which soon rots, nourishes germs of deadly disease, rubs and scales, spilling walls, clothing and furniture. When it is necessary to refinish, the old coats must be washed off—an expensive, nasty, disagreeable job, making the rooms damp and unfit to live in.

When walls are once coated with Alabastine, succeeding coats may be applied, year after year, without washing the walls, thus saving great expense and annoyance.

Hot and Cold Water Kalsomines Have No Merit

Some dealers try to sell them, buying them cheap, and trying to sell on Alabastine's demand until such time as their customers learn of the imposition.

THEY ARE WORTHLESS PREPARATIONS

If you cannot buy Alabastine of your hardware, paint or drug dealer, refuse all imitations, and write us. We will tell you where you can get Alabastine without delay, or sell it to you direct. \$500.00 GIVEN AWAY. Write for particulars.

Leaflet of dainty tints, hints on decorating, and our artists' up-to-date ideas on beautifying the home, Free. Buy Alabastine only in packages, properly labeled.

Alabastine Company GRAND RAPIDS, MICH.
 and 105 Water St., New York City.
