The News records the marriage of Miss Della Goree of Inman to Mr. Frank Perry of Norfolk, which occurred Thursday last.

R. T. Williams was a Great Northern passenger Monday en route to Lynch, where he went to join Roy Townsend in bridge work.

License to wed was issued yesterday to Charles Baker of O'Neill and Miss Mary Mullen, daughter of Mr. and Mrs. J. P. Mullen.

Presbyterian Sunday school children gave an ice cream social in the pleasant little grove a block west of their church last evening.

The board of trade having closed the first of the present month, Mr. Smith, its manager, expects to again

engage in the musical instrument business.

The Rosebud rush is having its effect on the west bound Northwestern trains. The afternoon train has been arriving all the way from one to two hours late all week.

Getting out a newspaper single handed is satisfactory to neither the fellow that does it nor the reader. The Frontier is laboring under these conditions this week and is doing the best it can.

The agricultural editor took a little spin in the north country recently. The waving fields of grain indicate a bountiful harvest. Corn is humping right along, and as to pasturage there is hardly any limit.

P. F. Killoran was a Frontier visitor Monday. Mr. Killoran was on his way home at Norfolk after a week spent in the Black Hills and stopped off to see old friends here. He has rode an engine on the Northwestern for the past twenty years and finds time occasionally to visit old friends in O'Neill.

The funeral of Frederick Roesler, who resided some eight or nine miles northwest of town, occurred on Saturday. The deceased was a man of advanced years and his death was the result of injuries sustained from a fall on the 4th.

The motion for a new trial filed by the attorneys for the defense at the close of the Sweet trial was overruled by Judge Harrington. On Saturday Sweet's attorneys filed another motion for new trial, alleging misconduct on the part of a certain witness, and this is now pending before the court. In the meantime, Sweet is kept in jail here.

They are still taking section homestead entries at the O'Neill land office in considerable numbers. There has been over 1,300 filings acted upon by the land office officials. Something over 800 of these have secured land, the other 500 being rejected. The number of acres in this land office district filed on up to this time will exceed 500,000. The filing fees have turned into the hands of the government about \$12,000.

Az Berry has been in town several days this week. In referring to the forgotten subject of the A. & N. railway, Mr. Perry has the satisfaction of saying "I told them so." Just now that a great rush is on toward the Rosebud Atkinson missed a great thing by not getting there first with her railroad.

Monday evening a number of republicans met in R. R. Dickson's office and accomplished the preliminary work of organizing a Roosevelt and Fairbanks club. The temporary organization was perfected by electing Mr. Dickson chairman and Mr. Marsh secretary. A plan of procedure was adopted by naming a committee on organization and one to secure a building for club headquarters. The committee on organization is made up of two from each ward, Sam Barnard and O. O. Snyder in the First, J. F. Gallagher and A. T. Potter in the Second, and C. E. Hall and James Davis in the Third. The other committee is R. J. Marsh, Henry Howard and S. J. Weekes. This committee has secured the Roberts building near

Hotel Evans for club headquarters. A general meeting will be held in the near future when it is planned to perfect a permanent organization and start the ball rolling. It is hoped all Roosevelt supporters in O'Neill and vicinity will take an interest in the next meeting, due announcement of which will be made.
