

Come in and see the bargains we are showing during the month of January on winter goods. We have no old overcoats to offer but we will do as well on the fall styles as everything in this line must go, regardless of cost, before invoicing. And in Ladies cloaks we have a number of sizes too small for average wear that we will sell for less than the material is worth.

Our groceries also are going for two weeks at discount prices to prepare for invoicing.

## OUR ANNUAL CLEARING SALE!

### On all Dry Goods in the House

We are still giving the public the benefit of a 20 per cent cut on dry goods, shoes, overshoes and everything in the dry goods line in the house. We are not doing this so as to sell off a lot of old, shelf-worn, goods, but we want to clean up all of our winter goods before invoicing and make space so as to be ready for spring goods when they arrive. We do not intend to carry over any winter goods; we intend to sell them, and we assure the public that they will save money by buying from us if they will come and get our prices. Remember the discount is on all new goods and everything in dry goods is included in the clean-up sale.
