Mrs. Fitzsimmons wants the ladies to come to her store on Saturday, March 11, and see the new things in millinery goods. Saturday will be her spring opening day with many beautiful things on display.  
Henry Martfeld was down from near Emmet Monday and informed us he was going to have a sale and sell off most of his stock and machinery and take life less strenuously. Hence he left an ad with us which can be seen without glasses.  
C. J. Milligan and Col. John G. Maher, who attended the inaugural at Washington, were each introduced to the president by Congressman Kindaid. Congress having expired, we note the judge is making preparations to return home.

Con Keys is very glad to recover a valuable mare stolen from him last fall. The animal was taken from O'Neill by a horse thief into the southwest part of the county and sold to an innocent purchaser. The sheriff went out last week and brought it in.  
Judge Westover and reporter came down from Rushville yesterday, the judge presiding in some equity suits in district court. The Tomsik case from Atkinson has not yet been cleared from the calendar, a continuance being taken and the arguments not yet made.  
Sheriff Hall went to Lincoln Tuesday with Jerry Sullivan, whom he took to the penitentiary. A little son of Conrad Whetlaugh's accompanied the sheriff to Lincoln, where the boy's father is working, and will be taken to a hospital for an operation on one of his lower limbs.  
Street Commissioner Martin is having much trouble with broken water pipes, the result of the hard freezing this winter. It is not uncommon to find a stream of water gurgling through the surface above the water mains, in which case the water has to be shut off until new pipes can be put in.  
Mrs. Swagart, the woman who concealed her identity here for a time by masquerading in male attire and swung the girls at dances, came in from the west yesterday accompanied by her little daughter. She now wears the attire befitting women, and came to town to begin contest proceedings to secure a homestead in the western part of the county.  
New time card went into effect on the Great Northern last Sunday. No change in passenger train time. The freight leaves O'Neill daily except Friday and Saturday at 6:30 p. m. New train is put on the card, leaves O'Neill at 6:30 a. m., Saturday only, making close connection at Sioux City, with Chicago stock trains, for accommodation of stock shippers for Chicago market.  
Anyone in O'Neill wanting house plants or bedding plants, ferns, palms, petunias, oleanders, orange trees and kinds of out door plants and flowers for a color effect, novelties in outdoor culture, etc., ornamental gardening, landscape engineering, and for beautiful lawn designs address John William Peterson, O'Neill, box 148, agent Jewel Nursery Co., Lake City, Minn., the largest growers of strictly hardy fruit and ornamental nursery stock in

the world; established 1868, twelve hundred acres, and a capital stock of \$100,000. 36-2pd  
Mr. and Mrs. Tim Harrington entertained a small party of young friends last Monday evening, dancing being the principal amusement of the evening. At 12 o'clock an elegant supper was served, after which dancing was again resumed until an early hour, when the guests departed for their homes highly pleased with the manner in which they were entertained by Mr. and Mrs. Harrington.  
Guy Hamilton departed Thursday last for Seattle, Wash., and other western points with the view of remaining. Guy had been connected with the real estate firm of Dickson & Co. for some two years or more and has been a good and reliable hustler in that line as well as being an expert office man and having filled important positions in county and federal offices at various times. His friends here wish him the best of success where ever he may locate.  
J. H. Drinnin of Columbus was in the city Tuesday, stopping off here on his way home from Atkinson, where he had been to make arrangements for the erections of buildings on a farm he owns four miles south of Atkinson, and upon which his daughter and son-in-law will reside as soon as the buildings are completed. Mr. Drinnin said it appeared that Holt county carpenters had plenty to do as no bids were received for the erection of his buildings. He made a contract with a carpenter at Newport for the work.  
The best of everything is none too good for the people of this county in matters of good garden seeds. "Brennan" makes a specialty of keeping the best. We have Sioux City and Nebraska seeds in bulk and package, don't get deceived by having people say that their's are "just as good." A counterfeiter will tell you that you can pass his dollar just as good as a good dollar, but it will get caught. You should not be deceived for the best is always the cheapest. Neil Brennan. 36-2  
Someone bemoaned themselves about as mean and little as they could the other night by committing the most outrageous depredations at F. C. Gatz's slaughter yards. They very nearly pulled down a building in which Mr. Gatz had ice stored, scattered bales of hay far and wide, stole a six dollar implement for cutting ice and laid themselves liable for a term

in the pen in general. Mr. Gatz is justly indignant and says he will yet give the perpetrators of the deed all the fun they want.

I will pay the above reward for information that will convict the person or persons who committed the depredations at my slaughter yards. Such outrages I will not stand for and they can not go unpunished. I will pay \$25 cash for information that will convict. F. C. Gatz.
