Miss Florence E. Kenah, 434 Mar a street, Ottawa, Ont., writes:

A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently.

"I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since. "I now have the greatest faith in Peruna."

Western Canada. During the early portion of February, of this year, the Middle and Western States suffered severely with the

Sixty Years in a Russian Prison. Dr. E. J. Dillon in Hafper's Magazine for March: A Russian of today who, without leaving his church, preaches unorthodox sobriety, truthfulness, honesty and clean living, attracts his fellow men and makes them better than he found them, is complained of by the priests and whirled away to the cloister prison. There he is no longer thrust lato a "stone sack," as in olden times, but immured in a bare, narrow cell, the walls of which are slimy with ooze. The one little light aperture has three window frames—two iron gratings and a pane of semiopaque greenish glass. He is denied pen and paper, is forbidden to talk with the guards, receives no letters nor writes any, and The one little light aperture has forfeits his very name, in lieu of which he has a number. In a word, he is dead, and is waiting only to be buried. From time to time a priest may enter his cell and exhort him to abandon his "error," but after the first few months even this opportunity of hearing a human voice is taken away, and he is left with only such hope as death may fulfill. And some of these death may fulfill. And some of these obscure martyrs have waited long for that merciful end. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the Inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine-cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
