EWING.
Someone steered a sprinter into town last Saturday, and when he spoke about the great speed he was connected with, some of our boys wanted to see him run a spasm. However, the gentleman was not giving a free exhibition of himself and showed the color of the dust he was loaded with, which made our young men's eyes water, and to see how he looked when flying they went around town and borrowed enough to start him off, with J. Newton Trommershauser as peace maker. Newt forgot himself and thought he was running a footrace with some of those Eufaula Indians and started out just like old people. When the goal was reached it was decided by the judges that the would-be flying man had more money than speed, so our boys relieved him and his friends of some of their superfluous change.—The Advocate.

We are satisfied that Miss Cline has done good, earnest work among them. There were present also some of the young people from O'Neill.—The Reporter.

Robbed the Grave.
A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at P. C. Corrigan, drug store.

A. W. Dodge, one of the old settlers of the Ray community, was a pleasant caller at this office while in town Wednesday. Mr. Dodge has been in poor health for a number of years and doesn't get to town very often but doesn't overlook The Frontier when he does get in. Mr. Dodge said he paid his taxes on this trip, amounting to some \$90, and now owes no man anything.

Now is the time to plant your garden. You want the best seeds and want to know where to get them. Everybody knows that Brennan keeps them—the kind that are the most reliable. I have also a recent and large shipment of John Deere cultivators and plows, which are the best made because they are made from the very best material that money can buy. Buggies and wagons, finest and best. 41-1

W. F. Gothe came down on a belated train Tuesday from Emmet and paid The Frontier a visit while in town. One thing Mr. Gothe always aims to do is keep the newspaper fellows paid up. He has been calling as regularly as clock work the past six or seven years at this office and always pays a year in advance. Like the rest of us, our friend Gothe is wishing for a period of sunshine. He says there is lots of water around his place and they are greatly hampered in spring work by reason of it.

The Columbus Telegram doesn't say that its true. But that needn't spoil a good story: A man had a pimple on his nose. He scratched the pimple. The pimple began bleeding. The man went to the bath room, got a bottle of witch hazel and bathed the pimple. Next morning when he went down to breakfast he had a nose as large as a goose egg. His good wife was horrified at his appearance. She asked him what had happened. He told her the circumstances. She asked him to show her the bottle from which he took the witch hazel. He procured the bottle. His wife fell in a dead faint. The bottle contained a patent medicine which the good woman had been using as a bust developer.

It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by P. C. Corrigan.
