Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Bochee's German Syrup would put a stop to it once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and re-freshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. At all druggists.

A Continual Strain

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy body functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower 25c; regular size, 75c. At all druggists.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by P. C. Corrigan, druggist; price 50c.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by P. C. PUT ON THE BRAKES.

Slow Up, or Before You Know It You May Be Off the Track.

The limited goes sixty miles an hour. In the smoker men joke and play cards and tell risque stories. The day coaches are crowded and comfortable. The heavy sleepers as they sway to and fro make only a gentle rocking for the people who chat and read and nap. Crash! Engine and cars and flesh and blood are ground up together in a shapeless, horrid mass. Off the track! So goes humanity's train. Here is a boy who got to running on a fast schedule. He began by pilfering from his father's till. As he grew older he made faster time. Down grade he goes, and soon comes the crash. Newsboys cry a murder and a suicide. The crowd halts for a moment. His friends murmur, "I never thought he was so bad!" A young man is off the track!

A young girl thinks her mother is too slow for these record breaking times. Mother is "old fashioned." The girl goes to places her mother has warned her she should not frequent. The bloom is brushed from the fruit. * * * One day a brazen, drunken creature, cursing and shrieking, is loaded into the patrol wagon. A woman is off the track!

A man gets in a hurry to be rich. His father went slowly, carefully, successfully. But father's methods will not do. What's the use of mulling and toiling when a quicker way may well do the business? So-and-so has speculated successfully. Surely I am as shrewd as he. * * * A pistol shot. A man is-off the track!

Our age is a rapid one. Business and society go at a sixty mile clip. Rather than be sidetracked for a time men will drive their trains into the ditch. Many of them run wild. There are frequent collisions and wrecks innumerable by getting off the track.

Look out, thriving but venturesome merchant and reckless young woman and gay young man! The race is not to the swift alone. Put on the brakes. Slow up, or before you know it you will be off the track.—Milwaukee Journal.

Dangers of Melancholy.

The weak, broken spirited person grows morbid and melancholy, and the brain degenerates rapidly under the influence of these mental states. Melancholia is something that comes more within the province of the will power than anything else. It can be cast off and avoided only in this way. Sometimes for the lack of stimulating the will physicians will recommend a change of occupation, scenery and association. This is merely an attempt to rescue the mind from introspection and give the will an opportunity to assert itself. Sometimes this is accomplished, and then, if followed up by cultivating the will, a permanent cure may be effected.—Exchange.

ELM AND ASH

Trees are the hardest, longest living trees, and are the best shade trees for the street or park. A fine lot of 10 and 12 foot trees for sale.

ASPARAGUS

A asparagus is so easily grown and such a large quantity is produced on a small amount of ground that every grand 2a should contain y bed. A bed 10 foot square requiring 60 plants will give an abundant supply of any ordinary family. April and May is the best time to plant. We have the largest and best flavored variety.

DELICIOUS STRAWBERRIES

Most everybody likes strawberries and they are the most easily grown of any kind of fruit as well as the most healthful and delicious and they bear a full crop of fruit the next year after planting. From 300 to 500 plants make a good sized bed planted one foot by three foot. We have the biggest self-fertilizing kinds.

SWEET PRUNE PLUM

September 1, 1903, three bushels of plums were picked from one five year old tree in E. D. Hammond's orchard of Sweet Prune plums. The tree commenced to bear two years after planting and is bearing every year. It is the only Prune Plum that has been a success with me and I have tried many kinds. It stood the dry years, 1893 and 1894, and the hard winter of 1899 and bore fruit the following season. It is a grand success for North-

eastern Nebraska. It is a dark purple in color, large size, skin can be easily removed and can be pitted like a free stone peach. They are excellent for canning and preserves and are so sweet that they require very little sugar. I sold this plum at \$2.50 to \$3.00 a bushel the past season when other varieties of sour plums were selling for 75 cents to a \$1.00 a bushel. It has taken first premium at the Lincoln State fair, and limbs and branches loaded with plums, shipped to the Pan-American exposition at Buffalo, New York, were shown in the Nebraska fruit exhibit that took one of the gold medals. I also received an honorable mention diploma on this plum from the Pan-American exposition. We believe this plum has more good qualities, and is the best plum in existence for this whole northwestern country. If you plant some of these trees you will be well paid.

We have a choice fine lot of five to six foot trees to sell for the Spring of 1905. These trees were grown from grafts out of these bearing trees that bore these plums, and they will bear fruit at two or three years old if planted and are sure to be genuine. If you want some of these trees send your order early and get the best plum in existence. Trees five to six feet \$1.25 each; \$12.00 per dozen. Six trees for \$6.00. The only way you can be sure of getting this plum true to name grafted from a bearing tree is to send your order direct to me. Trees delivered free to any railroad town.
