promptly stop the falling? Your hair will begin to grow, too, and all dandruff will disappear. Could you reasonably expect anything better?

Thin Hair

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Bochee's German Syrup would put a stop to it once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and re-freshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. At all druggists.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at P. C. Corrigan's drug store.

A Continual Strain

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy body functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower 25c; regular size, 75c. At all druggists.

If we would only believe that we were created to dwell in this world with joy in our souls, not sorrow; with

strength, not weakness; with light, not darkness; then all our thoughts and ways would be full of power, leading us to conquer in the conquest of life, wrestling victory even from defeat. There is strength in believing, thinking and talking pure, noble and inspiring themes even as there is weakness in dwelling upon our ills, sorrows and discouragements. Let us claim our heritage of joy and strength and victory and not sell it for a mess of pottage. "As a man thinketh in his heart, so is he." Matilda.

THINK OVER THESE.

Why are all cowpaths crooked?
How old must a grapevine be before it begins to bear?
What wood will bear the greatest weight before breaking?
Can you tell why leaves turn upside down just before a rain?
You can see any day a white horse, but did you ever see a white colt?
Why does a horse eat grass backward and a cow forward?
Why does a hop vine wind one way and a bean vine the other?
Where should a chimney be the larger, at the top or bottom, and why?
How many different kinds of trees grow in your neighborhood and what are they good for?
Can you tell why a horse when tethered with a rope always unravels it, while a cow always twists it into a kinky knot?—Wesleyan Advocate.
