Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only hair food you can buy. For 60 years it has been doing just what we claim it will do. It will not disappoint you.

"My hair used to be very short. But after using Ayer's Hair Vigor a short time it began to grow, and now it is fourteen inches long. This seems a splendid result to me after being almost without any hair."

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Bochee's German Syrup would put a stop to it once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and re-freshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. At all druggists.

Men and women in this and adjoining counties for home or traveling work, representing and advertising the Wholesale and Educational Departments of an old established Manufacturing House. A Continual Strain

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual-strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy body functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower 25c; regular size, 75c. At all druggists.

Misses De Maranville of Sioux City, nieces of Albert France and Mrs. Henry Tomlinson, have been visiting relatives in this neighborhood. Three of the local sports from Dorsey were around Star all day Sunday breaking the law by shooting prairie chickens. Better be careful boys, we know your names and also who the game warden is. Dorsey base ball nine met Venus on the Ruth diamond and got so badly beaten they can't tell the same story. As near as we can learn the score stood 7 to 17, in favor of Venus. Matilda.

Ray where he has been working for C. H. Christensen. S. W. Anderson went to Boyd county last Saturday where he has a job with a threshing machine. Mr. Berry and daughter took dinner at L. G. Coburn's one day last week they were on their way home from Ray. Mary Storjohann, Louise Grossman and Mrs. Henry Wabbs of Turner were callers at the Nilson home Saturday last. Public is Aroused. The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak from useless drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at P. C. Corrigan's drug store; price 50c.

CHAMBERS

Fred and Harry Ives started for Dakota yesterday where they will work in the threshing. Lee Carl, who has been at Norfolk for the past year, has returned to his home near Goose Lake. Effie Barney arrived in Chambers last evening having been absent for some weeks visiting friends in Omaha, Chicago and Wisconsin. Charles Nelson and Miss Catherine Granger were united in the bonds of holy matrimony at the home of the bride's parents near Bliss, Neb., on August 9, 1905, at high noon. The ceremony was performed by Rev. Griffith of Chambers. After the ceremony a sumptuous dinner was served. May they be prosperous and happy.

EWING.

Fred Wilson and family returned from the Pacific coast last week, where they had gone to make their home. He says it is alright out there only the many advantages are cut up in such small bits to make them accommodate everybody, that each one's share is much smaller than the allotment in Holt county, Nebraska, which makes this section the best, and he has returned to get his share. We were glad to see our esteemed citizen, S. J. Stites, on our streets last Saturday, shaking hands with his many friends, having just returned from a three months visit with his son Jake at Stites, Idaho. Mr. Stites is one of our staunch farmers who by honest and square dealing has made himself respected by his neighbors and the business men of our town. He says whereas Idaho is a good country in many ways, yet Holt county, Nebraska suits him best, and he feels more at home here than any other place.—The Advocate.

ATKINSON.

Ed Purdy returned from his trip to the southern part of the state last Tuesday. Ed says there will be an immense crop in that section. W. P. Simar, who has served the county for four years as supervisor of the seventh district but who now is on his farm near Atkinson, is being urged by his friends to allow his name to be presented to the Republican County Convention for county clerk. There is a move on foot by some of our local men and eastern parties to build out of cement blocks a modern, up to date hotel. The plans are for a three story building with basement. A sewerage system will be one of the conveniences providing Holt county goes into the business and puts in for O'Neill. Mr. Sutherland, president of the Grand Island college, who acted as one of the judges in the state oratorical contest at Hastings last spring, in which a mistake of his in adding up the totals, deprived Phoebe Scott of the first place and the medal, has informed Mr. Scott that the matter will be brought before the members of the board at their next meeting for adjustment. The Graphic has been informed that the inspection of cattle is under the supervision of the government and

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by P. C. Corrigan, druggist.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders of children. Sold by P. C. Corrigan, druggist.

that Governor Mickey has nothing to do with the quarantine lines extending from O'Neill to Casper, Wyo., and which may be extended to any part of the state if found that any herds are infected. Stockmen who can prove that they have dipped their herds will be allowed to have a clearance. The order refusing access to stock yards has been modified and shippers will be allowed to put the stock in for inspection.

We are informed by Walrath & Sherwood that Atkinson will have a new National bank which will be open and ready to do business in the next fifteen days. It will be named the Atkinson National, with a capital stock of \$25,000. Walrath & Sherwood of Omaha, and Dowling & Purcell of North Bend are the incorporators. P. J. O'Donnell, until recently deputy county treasurer, will be cashier. They will erect a modern, up to date building as soon as a suitable location can be decided upon. Walrath & Sherwood are well known to the citizens of this county both having been residents of Atkinson in the past. They have several lumber yards in different parts of the state including one here. Mr. Dowling is a banker of North Bend, being president of the National bank of North Bend, and the O'Neill National bank at O'Neill. They have been looking over the field here for some time and by deciding to locate a National bank here show that they have faith in the future of Atkinson and western Holt county.—The Graphic.
