Monday morning this community was shocked by word which went over the 'phone of the sudden death of Little Madge, youngest daughter of Elmer Phillips. The little one was sick only a few hours and passed away at 7 o'clock Monday morning, her age being about one year. The funeral was held Tuesday at 11 o'clock and the little form was laid away in the Star burying ground.

Wednesday morning F. Phillip's home was visited by the death angel. In his home one of the twins, Little Wayne, aged 11 months was called. Funeral services were conducted at the house Thursday at 1 o'clock and was followed to the Star cemetery by many sympathizing friends. These two families being so closely related and the little ones called so nearly together makes the occurrence more than usually sad. Rev. Otto Reiger conducted both funerals. Mrs. Elmer Phillips is still in very poor health, although able to sit up during services at the house was not well enough to attend the burial.

One Cold and Another

The season's first cold may be slight—may yield to early treatment, but the next cold will hang on longer; it will be more troublesome, too. Unnecessary to take chances on that second one. Scott's Emulsion is a preventive as well as a cure. Take

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by P. C. Corrigan.
