

THE TEACHERS' MEETING

Educators of County Have Profitable Time Together.

ARE TO PERMANENTLY ORGANIZE

Sentiment to That Effect Prevailed, Officers Selected and Committees Named.

Feb. 17, 1906, at 10:30 a. m. the teachers of Holt county met in the county court room in response to call by the county superintendent. The meeting was called to order by the county superintendent who acted as presiding officer for the day. Miss Anna Donohoe was elected secretary pro tem., after which an address was given by the superintendent on "The Object of the Meeting." Prof. J. V. Dwyer's paper was then read and discussed. The chairman appointed Prof. J. L. Cahill, Prof. J. V. Dwyer, Mrs. Peck and Miss Anna Donohoe, a committee on permanent organization, also Prof. S. E. Mills, E. G. Donohoe, Lillie Galleher, and Roy M. Beck a committee on nomination to such officers as the permanent organization committee thought necessary. Each committee to report at the evening session. The meeting was adjourned until the afternoon session which was called to order at 1:35.

Papers by Prof. S. E. Mills, Mrs. Sprecher, Miss Galleher, Miss Miller, Miss Kay and Prof. Charles Mohrman were read and discussed, followed by an excellent address on "The Characteristics of a Good Teacher" by Supt. R. H. Watson of Valentine.

The evening session was called to order by the chairman and the following committee reports were read:

The committee on organization composed of Mrs. Peck, Miss Anna Donohoe, Prof. J. L. Cahill and Prof. J. V. Dwyer met in the court-room immediately after the afternoon session.

Prof. J. V. Dwyer was appointed secretary pro tem.

After considerable discussion the committee drew up the following recommendation: We recommend the organization of a permanent county teachers' association with the following officers: President, first, second, third and fourth vice presidents and secretary.

We recommend that these officers, together with the County Superintendent, constitute the executive committee and it shall be the duty of this committee to draft a constitution and a set of by-laws and to report on the same during the next county institute meeting.

J. V. Dwyer, Secretary. We, your committee appointed to recommend time and program for your next meeting and to nominate officers for the ensuing year, beg leave to submit the following recommendations:

First.—That the program for the next meeting be prepared by the executive committee.

Second.—That the executive committee be requested to call a meeting of the association next autumn, exact date to be fixed by the committee.

Third.—That the following be the officers for the ensuing year:

President, Prof. J. L. Cahill, Stuart; Secretary, Minnie B. Miller, Atkinson; 1st vice president, Prof. E. G. Donohoe, Inman; 2nd vice president, Prof. Charles Mohrman, Ewing; 3d vice president, Anna Donohoe, O'Neill; 4th vice president, Mrs. Louisa Sprecher, Page.

S. E. Mills Chairman, E. G. Donohoe, Roy M. Beck, Lillie Galleher, committee.

Two beautiful solos were rendered by Mr. Grosvenor, to the appreciation of all present, followed by the address of the evening on the subject of eighth grade graduating exercises, by Superintendent E. C. Bishop of Lincoln.

A standing vote of thanks was extended to the citizens of O'Neill as a mark of appreciation for their entertainment given during the day.

A standing vote of thanks was extended to the county superintendent for her efforts in forwarding this portion of the educational work in the county. Anna Donohoe, Secretary.

Superintendent's Notes.

We wish to thank all those who assisted in any way to make the teachers' meeting a success.

The teachers' meeting of last Saturday was attended by about one hundred and thirty teachers.

We hope to make quite an extended report of the meeting during the next month or two, through the papers.

Seven hundred teachers took the examination in January. Six hundred and thirty-three is the whole number having taken it during the three preceding months.

Miss Abbie Keefe of Atkinson made a grade of 100 per cent in mental arithmetic at the January examination. Miss Keefe is to be congratulated, since prior to this examination there has been only one such grade made in the state.

Florence Zink, County Supt.

The Markets

South Omaha, February 22.—Special Market letter from Nye & Buchanan.

—As we expected last week's advance and stormy weather is followed by heavy receipts and a weaker market. Fifteen to twenty cents, or about half of last week's gain has been taken off. However, we expect to see a little reaction for the better by the close of the week. Stockers and feeders are holding about steady.

Choice steers \$5 10@5 60
Fair to good 4 50@5 00
Common & warmed up 4 00@4 40
Cows and heifers 3 00@4 40
Canners & cutters 2 00@2 90
Good feeders 4 00@4 50
Common to fair 3 50@3 90
Bulls 2 75@4 00
Veal 4 00@6 50
Milkers and Springers \$25 to \$45

The hog market has again made a new record during the past week, touching \$6.10. It is now a shade easier. Range \$5.90 to \$6.05.

Sheep values advanced to within 10 to 15 cents of the high point again last week, but liberal receipts so far this week have brought another break of 20 to 35 cents, the half fat kind suffering the most.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by P. C. Corrigan.

Colonist Low One-Way Second Class Rates

To San Francisco, Los Angeles, Portland, Tacoma, Seattle, Boise City, Spokane, Walla, Ogdan, Salt Lake City, Butte and other points in Montana, Colorado, Utah, Nevada, and the Pacific Coast, Via the Chicago, Union Pacific & North-Western Line, February 15th to April 7, 1906, inclusive. Attractive side trips at very low rates. Daily and personally conducted excursions in Pullman Tourist sleeping cars, only \$7.00 for double berth from Chicago (accommodating two people,) through to the Pacific Coast without change of cars. Choice of routes. Excellent train service. Dining cars, (meals a la carte). For tickets and full information apply to agents Chicago & North-Western R'y.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by P. C. Corrigan.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a God-send to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest Liver and Kidney complaints. Sold under guarantee at Corrigan's Drug Store. Price 50c.

Homeseeker's Excursion to the Northwest, West and Southwest

Via the North-Western Line. Excursion tickets at greatly reduced rates are on sale to the territory indicated above. Standard and Tourist Sleeping Cars, Free Reclining Chairs and "The Best of Everything." For dates of sale and full particulars apply to agents Chicago & North-Western R'y.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by P. C. Corrigan's.

The Yellow Fever Germ.

has recently been discovered. It bears a close resemblance to the malaria germ. To free the system from disease germs, the most effective remedy is Dr. King's New Life Pills. Guaranteed to cure all diseases due to malaria poison and constipation. 25c at P. C. Corrigan's Drug Store.

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

TAKES OUT AN EYE

Walter Green of Inman Loses One of His Optics.

Dr. E. T. Wilson, assisted by Dr. G. M. Berry, on Tuesday removed the right eye of Walter Green of Inman, a brother of Ed Green who works in McPharlin's barber shop in this city. Two years ago the young man was shot in the eye and some two months ago it was again injured, necessitating its removal.

Kicked a Horse

Fred Smith was pretty badly bruised up in an encounter with the hind hoofs of a horse last Sunday. Going into the stable to feed the animal, Fred's solicitous attentions were rewarded by a vicious beating on the legs, back and side, which portions of Fred's anatomy were badly bruised and swollen.

Railroad Man in Town.

Jacob H. Cable, traveling agent for the Northwestern railway, was in the city today. He made The Frontier a short call in company with Editor Miles of The Independent.

Queer Little Blunders.

From an account of the Doncaster (England) Art club's annual exhibition in the Doncaster Gazette: "Miss also goes in for portraiture. In hitting off her father's head her intentions are good, but the execution lacks very much in artistic finish."

In the London Mall's description of a parade in honor of the king of the Helenes the reporter said: "The soldiers, clad only in their scarlet tunics, presented an unpleasant contrast with the warmly clad members of the police force."

From the windows of a British tailor: "We have cleared a Scotch merchant's remains of high class overcoatings at a big reduction."

Not a Born Forger.

The indorsement of checks is a very simple thing, but, as the following story will show, it, too, has its difficulties: A woman went into a bank where she had several times presented checks drawn to Mrs. Lucy B. Smith. This time the check was made to the order of Mrs. M. J. Smith—M. J. were her husband's initials. She explained this to the paying teller and asked what she should do.

"Oh, that is all right," he said. "Just indorse it as it is written there." She took the check and, after much hesitation, said, "I don't think I can make an M like that."

Hair.

Animal hair differs in construction from that grown on a human head. In human hair the upper skin is smooth and thin. The circular section is comparatively broad, forming the main part of the hair shaft. It is striped in appearance and carries the color matter. The tubular part is thin, extending to about one-fifth and certainly not more than to one-quarter of the entire width of the hair. Animal hair also consists of three parts, but these are differently constructed, the tube often filling the entire hair.

FORETHOUGHT OF A BOY

Young Hero in Valley County Acts At Right Time.

PREVENTS WRECK ON THE U. P.

Discovers a Broken Rail and Flags Passenger Train With a Gunny Sack.

Ord Quiz: A case of boy heroism of more than usual magnitude comes to the notice of the writer this week. When the Union Pacific freight was making its return trip to the Island last Monday evening it knocked several inches from a rail at a point a couple of miles this side of Elba. Oscar Hudson, a twelve-year-old boy, passing along the track after the train had passed discovered the break and realized that there would be something doing when the passenger went down in the morning if the break was not repaired or the proper persons warned of the rail's broken condition. Tuesday morning, it will be remembered, there was something of a blizzard going on but the youngster still had in mind the broken rail and with a piece of gunny sack he started down the track to flag the train. The keen eyes of Engineer Rollins soon spotted a boy frantically waving a sack and the time was still shorter than it took him to make up his mind that the boy meant business and no mistake. The engine was reversed and the train crew went forward to repair the break when it was discovered that it was of such a nature that had it not been discovered the engine, at least, and probably part of the train ditched. During the repairing of the broken rail the little fellow, although blue and shivering with cold, insisted on helping repair the break and seeing the train properly started on its way again.

Oyster Social.

An oyster social will be given by the gentlemen of Blackbird at the Leonie church on Wednesday evening, Feb. 22. Proceeds are to be used in equipping church with lights.

The Best Physic.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by P. C. Corrigan's.

Girls who are fond of earrings may perhaps be interested in hearing a few facts about them. Sad it is for the emancipated woman of the present day to learn that these fashionable ornaments were originally a mark of slavery. In bygone days the slave always wore his master's earrings. In the east they were a sign of caste and were buried with the dead. Some ancient earrings were very elaborate, and many statues had their ears bored in readiness for votive offerings of earrings. In England the earliest earrings were very cumbersome and made of stone or wood. The eighteenth century saw the glorification of the earring, fashionable beauties outvying each other with the rarest and most beautiful jewels.—London Graphic.

A New Application of Scripture.

There was rejoicing in the village at the killing of a pig. Being dead, it was cut up. A neighbor's cat stole secretly into the larder and annexed a piece of pork, which she brought in triumph to her mistress. Next day the clergyman of the parish visited the old woman, who recounted to him the remarkable sagacity of the beast. "It was quite beautiful, sir," she said proudly, "to see the way the sweet creature brought me the piece of pork. It brought to my mind what we read in the Bible about Elijah and the ravens."

Not Seeing, Not Believing.

There was a man in Nottinghamshire who discontinued the donation he had regularly made for a time to a missionary society. When asked as to his reasons he replied: "Well, I've traveled a bit in my time. I've been as far as Sleaford, in Lincolnshire, and I never saw a black man, and I don't believe there are any."—London Standard.

The Physical.

The morality of clean blood ought to be one of the first lessons taught us by our pastors and teachers. The physical is the substratum of the spiritual, and this fact ought to give to the food we eat and the air we breathe a transcendent significance.—Tyndale.

See Our Radiumite Window Display

We have received a fine new special lot of handsome, hand-forged, hollow ground Radiumite Razors that usually sell at \$2.00 each at retail, which we will give away absolutely free to advertise the wonderful

RADIUMITE DOLLAR RAZOR STROP

which is light, pliable, durable, convenient, and safe, and which is revolutionizing the art of shaving.

A RAZOR GIVEN FREE TO THE PURCHASER OF EACH STROP.

CALL TODAY AS THEY ARE GOING FAST.

We make this remarkable free offer of a most excellent razor, the property of the Radiumite Razor, which will not harm the finest and most delicate razor. They make shaving a convenience and a delight, even to men having the hardest beards. The necessity of a razor, clean shaven men use so much in a good razor as in a good stop. With the RADIUMITE STROPS the most inferior razors are brought up to a fine edge, and the effect of the stops upon the finest razors is to keep them at all times in the best possible condition, ready to shave the hardest beards easily and delightfully. Each Radiumite Razor is sold under the positive guarantee that if it is not satisfactory money will be refunded. They are for either Ordinary or Safety Razors.

Radiumite Strops, 50c to \$2.50; Razors, \$1 to \$3

DANGER LURKS IN THE USE OF ANY STROP BUT A RADIUMITE.

Horrible skin diseases, such as CALLOSITY, BURNING, ITCHING, SORENESS AND BLEEDING, often result from the use of imperfectly stropped razors that cut, irritate and open the skin, thus admitting the terrible bacilli that lurk in the sharp parts of shaving soaps, hair shaving brushes, and in the air itself.

THE ONLY PERFECT STROP IS THE RADIUMITE

Don't use the worthless, heavy, costly, common cow strops so generally used, and with which also dealers out of us try to afflict you. They are so much old junk, pure and simple. The word Radiumite stands for perfection in razor making. Buy a Radiumite stop and take no substitute—no matter how handsome it may appear. Radiumite is the only stop that is Radiumite.
