Springfield, Mo., April 17 .- At 2:1o'clock Sunday morning William Allen. a young negro was taken from the county jail here and lynched in the public square by the same mob that two hours earlier had hanged Horace Duncan and James Copeland. The body of Allen later was burned to ashes as had been the bodies of the other negroes beneath the spot where they

and Copeland someone suggested that Allen and Bus Cain, two other negroes known to be in the jail, should also be lynched. The mob, now bloodthirsty and wrougnt up to the highest pitch of excitement, readily took up the cry and soon the charred bodies of a third victim lay beneath the statue of the goddess of liberty. Cain escaped. Allen and Cain were being held upon suspicion of having murdered O. P. Ruark, while Duncan and Copeland were accused of assaulting Mabel Ed-mondson, a white domestic. Their work finally accomplished, the mob quietly dispersed. Crowds augmented by hun-dreds of persons from surrounding towns, filled the streets yesterday, making threats of further vengeance. Several companies of state militia, or-dered out by Governor Folk, together with 200 deputy sheriffs, patrol the streets.

But Al-len was there yet and the second mob found him hiding under a cot. He was dragged out, his hands were tied behind his back, a rope was put around his neck and he was marched down the street to the tower in the square.

Two men climbed up the iron stair-way and stood upon the platform with Allen between them. One of these men, who held a lantern in his hand, faced the crowd below and, waving his hand toward the negro, said: "Ladies and contlement this is Will

The man put the lantern up so it shone into the face of the negro, and someone in the crowd said: "Yes, 1 identify him; hang him!" At this the crowd laughed. "Are you Will Allen?" asked the ora-tor.
