Norfolk Nursery

ELM AND ASH
Trees are the hardiest, longest living
trees, and are the best shade trees
for the street or park. A fine lot of
and 12 foot trees for sale.
Cottonwood, Box Elder and Ash
tree seedlings. Rose Bushes and
ornamental shrubs.
ASPARAGUS
Asparagus is so easily grown and
such a large quantity is produced on
a small amount of ground that every
garden should contain a bed. A bed
10 foot square requiring 50 plants will
give an abundant supply for any ordi-
nary family. April and May is the
best time to plant. He have the
largest and best flavored variety.
DELICIOUS STRAWBERRIES
Most everybody likes strawberries
and they are the most easily grown of
any kind of fruit, as well as the most
healthful and delicious, and they bear
a full crop of fruit the next year after
planting. From 300 to 500 plants
make a good sized bed planted one foot
by three feet. We have the biggest
self-fertilizing kinds.
SWEET PRUNE PLUM
September 1, 1903, three bushels of
plums were picked from one five year
old tree in E. D. Hammond's orchard of
Sweet Prune Plums. The tree
commenced to bear two years after
planting and is bearing every year. It
is the only prune plum that has been
a success with me and I have tried
many kinds. It stood the dry years,
1893 and 1894, and the hard winter of
1899 and bore fruit the following year.
It is a grand success for north-
eastern Nebraska. It is a dark purple
in color, large size, skin can easily be
removed and be pitted like a free-stone
peach. They are excellent for canning
and preserves and are so sweet that
they require very little sugar. I sold
this plum at \$2.50 to \$3.00 a bushel the
past season when other varieties of
sour plums were selling for 75 cents to
\$1.00 a bushel. It has taken first
premium at several fairs a premium
at the Lincoln state fair, and limbs
and branches loaded with plums, ship-

ped to the Pan-American exposition
at Buffalo, N. Y., were shown in the
Nebraska fruit exhibit that took one
of the gold medals. I also received an
honorable mention diploma on this
plum from the Pan-American expo-
sition. We believe this plum has more
qualities, and is the best plum in ex-
istence for this whole northwestern
country. If you plant some of these
you will be well paid.
We have a choice fine lot of five to
six foot trees to sell for the spring of
1906. These trees were grown from
grafts cut off these bearing trees that
bore these plums, and they will bear
fruit at two or three years old if plant-
ed and are sure to be genuine. If you
want some of these trees send your
order early and get the best plum in
existence. Trees five to six feet \$1.00
each; \$9.00 per dozen. Six trees for
\$5.00. The only way you can be sure
of getting this plum true to name
grafted from my bearing trees is to
send your order direct to me. Trees
