

KILL TROOPS AND GET AWAY WITH \$80,000

Russian Revolutionists Begin Collecting Money for the Future Conflict.

TELEPHONES DESTROYED

St. Petersburg Cut Off from Provinces and "Accident" May Have Been Arranged—Black Hundreds Busy.

Poltava, Russia, July 31.—A grave outbreak occurred Saturday in the Sevsk regiment, following the arrest of a private of the First battalion, who was discovered with some other soldiers in a shed where the revolutionists are in the habit of holding meetings. After the arrest the entire First battalion, accompanied by a large crowd, paraded the streets in defiance of the military authorities. The soldiers proceeded to the artillery barracks, where they seized several guns and marched with them to the prison where the political prisoners are confined. At this stage all of the remainder of the Poltava garrison was called out. The loyal troops fired on the mutineers with machine guns as they were engaged in breaking down the gate of the prison. Several men were killed or wounded. The outbreak was not suppressed until 2 o'clock Sunday morning.

News Suppressed in Capital.

St. Petersburg July 31.—No new soil the formidable revolt at Poltava, which was first predicted in revolutionary manifestos in southern Russia, will reach the Russian public through the press. Dispatches of the occurrences have been suppressed here, and only scanty details are obtainable by the foreign press correspondents through the regular telegraphic channels. The revolutionists here, however, who are almost as promptly and fully informed as the government, declare the trouble to be far from over. An official dispatch gives credit to the statement that machine gun detachments and Cosacks are being used to suppress the mutinous battalion.

A plenary meeting of the St. Petersburg council of workmen's deputies, representing 130,000 workmen, was held at Terpiok, a little town on the Finnish border, which is now the mecca of all opponents of the government. The members agreed that a general strike, though it must be declared later, at the present moment would be untimely. The afternoon was spent in discussing other measures, and an expression as to the attitude to be taken by the workmen on the dissolution of parliament. Many of the delegates favored a gigantic one day strike, but no decision of this point was reached.

Radicals Seize Printing Office.

A party of men armed with revolvers forced their way into the Bousset printing establishment here. They made the foreman a prisoner and prevented the compositors from leaving the building. They then printed 50,000 copies of the Viborg manifesto of the outlawed lower house of parliament. Strangers calling at the establishment while this work was being done were detained to prevent their giving the alarm.

While this was transpiring within the printing works, a religious procession, escorted by policemen, both mounted and on foot, drew up to a church immediately opposite, but no one was aware of what was passing on inside the establishment.

A rumor reached the Associated Press that General Treppoff had been killed. It could not be confirmed, but probably is a revival of the false rumor current last week.

Warsaw, July 31.—A passenger train carrying government money and guarded by a detachment of soldiers and gendarmes, was attacked today between Czestochowa and Herby, by a number of revolutionists. A lively firing ensued, during which two gendarmes, four soldiers and two civil employes were killed and others wounded.

The attacking party carried off \$50,000 and arms of the defenders' train.

Guerrillas Find Support.

The country side is said to be in a ferment, sympathizing with guerrilla bands. A small force of troops operating in the district will be reinforced. Agitators are making capital over recent incidents. They affirm that it will be difficult for the provincial authorities to detach enough troops for the cities and towns to make the net large enough to catch marauders.

Later details say the attacking party consisted of ten revolutionists.

St. Petersburg, July 31.—The board of central telegraph station in St. Petersburg was burned out today destroying all communication with the provinces.

While there is suspicion that the "accident" was arranged by revolutionists no evidence to support it can be found. Cable communication abroad is not affected.

Black Hundreds Active.

Kazan, Russia, July 31.—Black Hundreds here are terrorizing the intelligentsia and Jews with threats of an uprising. Many houses have been marked with crosses and Jews are seeking safety in flight.

Peasants Fight Dragons.

WILL TRY TO INDICT JOHN D. ROCKEFELLER

Federal Grand Jury in Chicago Begins Action Which Promises a Sensation.

Chicago, July 31.—Subpoenas for railroad men who, it is claimed, are acquainted with the relationship existing between the Standard Oil company and the Lake Shore and Michigan Southern Railroad company were issued in the United States district court today.

Vice President Grammer, of the New York Central railroad, and a number of other railroad officials who testified before the grand jury in Cleveland are named in the subpoenas.

It developed today that the government attorneys are bending every effort to present facts before the grand jury upon which indictments may be sought which will include John D. Rockefeller and his subordinates in the Standard Oil company, under the charge of engaging in a monopolistic business in violation of the anti-trust laws.

HOARD MONEY? NOT HE

John D. Rockefeller, Who Returned Today from Europe, Doesn't Think He Has Right To.

New York, July 31.—John D. Rockefeller was a passenger on board the steamer Amerika, which arrived from Hamburg today.

A wireless message from the Amerika upon which John D. Rockefeller was returning from Europe, said: "The Amerika is off the Banks today in foggy weather, after a rough trip. John D. Rockefeller has been exclusive during the voyage. He dines daily in the restaurant, exercises in the gymnasium and plays shuffleboard on deck.

"In speaking with a newspaper correspondent Mr. Rockefeller said: 'I believe it is the duty of every man to spend their money judiciously for the benefit of mankind. I don't believe I, nor any other person, has the right to hoard money. Labor and capital will eventually reach an understanding on a common sense basis.'"

"Reginald G. Vanderbilt won the day's pool today. He and Mr. Rockefeller have met on deck, but have not been introduced."

No attempt was made to serve any legal papers on Rockefeller in connection with legal proceedings against him at Findlay, O., when he left the Amerika at Hoboken.

CONSTANTINE RELEASED

Man Held at Poughkeepsie, N. Y., Declared Not to Be Murderer of Mrs. Gentry in Chicago.

Poughkeepsie, N. Y., July 31.—Fritz Constantine, who had been held eight days as suspected of knowing something of the death of Mrs. Arthur W. Gentry, who was murdered in Chicago last January, was released from prison today. George Scott of Chicago, who was intimately acquainted with the murderer, saw Constantine in jail today and declared he was not the prisoner wanted in Chicago.

Poughkeepsie, N. Y., July 28.—Fritz Constantine, the young man who was arrested at the Tivoli last week charged with being the alleged murderer of Mrs. Arthur W. Gentry, of Chicago, on January 6 last, will be discharged. Constantine is not the man wanted, although he bears a remarkable resemblance to the murderer.

Arthur W. Gentry, the husband of the murdered woman, saw Constantine early in the day, and was impressed with the resemblance to the man who had roomed at his house last January and had murdered his wife. Mr. Gentry stated that he did not want to make his decision as to the identity of the prisoner until the arrival of George G. Scott, a Chicago man, who had been an intimate friend of the man wanted by the Chicago police. Mr. Gentry had a long interview with the prisoner. At its conclusion he gave Constantine a cigar, shook hands with him and said: "He is not the man."

New York, July 28.—Investigation of the records here confirm the alibi of Fritz J. Constantine, arrested at Poughkeepsie on suspicion that he was the murderer of Mrs. Arthur Gentry.

New Plan Adopted in Standard Oil Prosecution.

Chicago, July 31.—Standard Oil company methods of transportation of its products are to be investigated August 6, when a federal court grand jury will convene in Chicago to take testimony on that subject. The decision to draw a special grand jury was reached late yesterday, after an all-day conference between the government lawyers in the case, and Judge Landis in the United States district court issued the order for the jury.

District Attorney J. J. Sullivan, assistant U. S. Attorney Francis Hanchette, Special Agent T. C. M. Shilbier, of the department of commerce and labor, Assistant District Attorney General Oliver E. Pagan and Special United States Attorney C. B. Morrison were in the conference at which it was decided to call a jury, instead of filing an information against the defendants to place them on trial. It is declared that new and important evidence was discovered.

IT DEFIES GOD.

Opinion of Deacon Lewis Regarding Judge Landis' Zion City Decision.

Zion City, Ill., July 31.—Deacon John A. Lewis, recognized as the spokesman of Mr. Dowie and who was chosen by him to manage the Paradise plantation of Mexico, the rock over which it was alleged the Dowie and Voliva partisans were fighting, has issued his opinion of the decision of Judge Landis, which deprives Dowie of Zion City, appoints a new receiver and orders an election for choice of a spiritual overseer.

If the decree of Judge Landis stands, the Christian Catholic Apostolic church of Zion is uprooted. The church is founded on the theory of a theocracy, and how, then, can an election under the laws of Cook county, Ill., proclaim who shall be leader of the hosts? I maintain that God Almighty alone can designate who shall be the first apostle. I firmly believe that the Lord has designated John Alexander Dowie to lead the hosts to the paths of light. Therefore when a special election is called the church is destroyed. If God designates the leader how can man choose him?

As far as property rights are concerned they matter little to us; the great question is that of the spiritual control of the church depends. I am sure Mr. Dowie will never be satisfied with the decision as rendered.

REVIVES, MAKES CHARGE

Frank Kern Says Albert Crone Killed Bertha Ewlin.

Kansas City, Mo., July 31.—Frank Kern, who with Bertina Bowlin was brutally assaulted at night at a party given at the Korsey Coates terrace, fully regained consciousness last night and made a statement in which he said that Albert Crone committed the assault. Crone is now in the county jail charged with murder in the first degree.

During the preliminary hearing, Kern in his statement said that he and Miss Bowlin were walking along the terrace when they met Crone, and the latter immediately began to abuse both of them. Bertha Kern realized Crone's intention, according to the statement, and she seized the head with a lead pipe, and Kern never fully regained his senses again until last night.

Miss Bowlin, who died two days after the assault, during a period of semi-consciousness, when asked who struck her, maintained the innocence of Crone ever since his arrest. He asserted that he did not know Kern, and that he was in a saloon on Grand avenue, a mile from Kersey Coates terrace, when the assault occurred. Several witnesses positively last night that he and Crone were acquainted.

EIGHT OF FISHING PARTY DROWNED

Yachts Collapse Off the Coast During a Sudden Storm.

MANY ARE RESCUED

The Heroic Work of Captain Ludlow and Life Saving Crew Probably Saved Many Persons from Watery Grave.

Anglesea, N. J., July 31.—Two yachts coming in from the flying banks capsized on Hereford Inlet bar off here yesterday, and so far as can be ascertained eight persons lost their lives. There were thirty-two persons on one yacht, of whom seven were lost, and twelve on the other, all of whom but one were saved.

That not more fell victims to the rough sea was due to the heroism of Captain Henry S. Ludlow, of the Hereford Inlet life saving station, and a crew of five men. It was at first thought that from fourteen to twenty-eight persons had been lost, but after an investigation the coroner last night stated he believed that only eight were lost. His list is as follows:

FREDERICK FISHER, SR., Philadelphia.

HERBERT MAMMELL, Landsdale, Pa.

WALTER SNYDER, Philadelphia.

JOHN FOGARTY, Haverford, Pa.

J. STARKEY, Philadelphia.

JERRY DONAHUE, Philadelphia.

MISS DAWN MAE.

Missing: SAMUEL LODNER, Philadelphia, Pa.

Famous Pleasure Resort.

Anglesea is one of the favorite fishing places along the southern New Jersey coast. Every excursion train from Philadelphia and other nearby points came crowded with visitors.

The weather in the morning was ideal and all the fishing boats took out large crowds to the fishing banks. After noon, however, a brisk breeze sprang up and the captains of the small craft hoisted sail and other nearby points came crowded with visitors.

The two boats that got into trouble were the sloop yacht Nora, which had on board Captain Herbert Shivers, his mate and thirty passengers, and the sloop Alvin B., with a party of twelve. The Hereford bar is about a mile from shore, and as the Nora was about to go over it a heavy squall struck her.

As the craft heeled over she hit by a huge wave and the Nora turned completely over, throwing the thirty-two occupants into the sea.

As the yacht heeled over the mast snapped off short. There was an agonizing cry as the yacht turned turtle, which was quickly silenced when nearly all of the victims disappeared beneath the water. The heaving, growling sea was responsible for the saving of most of the eighteen survivors, as the waves were so rough that the upturned yacht was tossed about, thus uncovering the struggling victims caught underneath. As many as could reach the keel. In the end, a fight against the elements the struggling men disappeared one by one until only eighteen were left clinging to the boat.

Rescued by Life Saving Crew.

After they had been hanging to the yacht for nearly an hour a government lifeboat commanded by Captain Henry S. Ludlow, of the Hereford Inlet life saving station, hove in sight, and after some maneuvering managed to get close to the capsized vessel. He was not a moment too soon, for as he came within a boat's length of the Nora four men weakened from exhaustion, let go their holds and began floating away. Captain Ludlow threw his boat around and the four half dead men were drawn from the water. Then, at the risk of their own lives, the rest of the crew pulled the other men and pulled them into their boat. The rescue was most perilous, as the rough sea was constantly pounding the lifeboat against the keel of the yacht. The eighteen survivors were transferred to the sloop yacht Violet and taken ashore.

Shortly after the survivors of the Nora were brought ashore another yacht, the Alvin B., was seen to capsize about a mile over the place where the Nora overturned. There were several boats in the vicinity at the time and all but one person was saved. The Alvin B. was owned by E. L. Hallman, a lawyer, of Pottsville, Pa. He and a party of friends were on board at the time.

VESSEL CAPSIZES; 3 DROWN.

LOCUSTS COVER GROUND

Put Out Fires Set for Their Destruction—Crops Ruined.

London, July 31.—The Vienna correspondent of the Daily Express states that the locusts are devastating the neighborhood of Debresin, where crops on 60,000 acres already have been consumed. Desperate means have been adopted to keep back the invasion, but without avail. Fires lighted to check the progress of the insects have been extinguished by the oncoming mass, after which the survivors of the army of devastation have continued their march. Twelve steam rollers have been used at one place to crush the locusts, but they have made no apparent impression. The locusts cover the earth in many places to the depth of several inches, defying annihilation. Many farmers are threatened with ruin.

As a Result Three Persons Are Killed and Many Injured Near Los Angeles, Cal.

Los Angeles, Cal., July 31.—The local Southern Pacific passenger train running between Pasadena and this city collided last Saturday afternoon with a Sierra Madre electric car of the Pacific Electric road at Oenta station, near Pasadena, killing three persons and injuring possibly sixty, several of whom will die. The injured were brought to the Sisters' hospital in this city.

Most of the dead and injured were passengers on the electric car and were residents of Sierra Madre.

UNIDENTIFIED MEXICAN WOMAN, aged about 60.

UNIDENTIFIED MAN.

The most seriously injured: Miss Jessie York, daughter of Superior Judge Walter M. York, of Los Angeles, contusion of the side; face and arms lacerated.

Dr. Wallace, brother of Mrs. Kennedy, body badly bruised, both arms crushed.

The conductor of the electric stepped from his car just before reaching the crossing and went ahead to see if the crossing was clear. He did not see the train approaching and the curve at terrific speed, and gave the signal to his motorman to go ahead. The engine struck the street car squarely in the middle, lifting it from its tracks and carrying it 200 feet down the track.

The passengers were hurled in every direction and great numbers were thrown beneath the wheels of the train, being horribly mangled. The engine, tender and first coach of the train were derailed and went into the ditch.

FAST TRAIN WRECKED.

One Man Killed and Others Fatally Hurt on New York Central.

Fishkill Landing, N. Y., July 31.—Pacific express train No. 37, of the New York Central and Hudson River railroad, which left the Grand Central station in New York at 9:32 o'clock Sunday night, was wrecked shortly before midnight on a short distance above Chesham, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm yesterday afternoon.

The engine of the flyer was thrown from the rails and plunged into the river. Fireman Mills was killed outright and Engineer Edward Kelly was so badly injured that he will die.

Fifteen passengers were seriously injured and a score of others received minor hurts. The most seriously injured are:

Edward Kelly, of Poughkeepsie; will die.

Mrs. Augustus Herath, of Schenectady, arm broken.

Mrs. Warren Reynolds, of Peekskill, N. Y., arm broken and legs lacerated.

Oxford Peters, Schenectady, arms broken.

Henry Taylor, Poughkeepsie, leg broken.

The injured were taken to Highland hospital at Mattawan.

During the afternoon and night heavy rains undermined the embankment on the east side of the tracks and shortly before the arrival of train 37 tons of earth and rock slid out on the roadbed, covering the northbound track. The express train was going swiftly when the engine plunged into the mass of earth and stone. The locomotive turned turtle and rolled over into the river. The heavy truck of the baggage car and first coach sank into the pile of earth and brought the remainder of the train to a sudden stop. The passengers were thrown violently about the cars. Four of the day coaches were wrecked.

BOYS SUSPECTED.

Engineer Fatally Hurt in Smashup on Frisco Road.

Antlers, I. T., July 31.—The southbound Cannonball on the Frisco was wrecked this morning at Antlers. A spike had been driven between the rails on the high side of the curve and the engine struck it and rolled down the embankment, the tender and baggage car following.

John Harlan, the engineer, will die. He lost his left eye and his right arm was broken. He staid with the engine as it skeltoned.

Will Shelton, the fireman was shoveling coal into the firebox and was caught in the buckle of the engine and tender and instantly killed. The baggage man and express messenger escaped with severe bruises.

Detectives believe the wreck was caused by country boys, who wanted to see the fast train stop in the woods. They have sufficient evidence to make a number of arrests.

The train was a long one, bearing over 200 excursionists who were returning to Texas.

STICKNEY MAY HAVE PLACE SAYS REPORT

Washington Still Believes That President Is Ready to Put Him on Commission.

Washington, July 31.—It is generally conceded in Washington that President A. B. Stickney, of the Chicago Great and eastern railroad, can have a place on the interstate commerce commission if he will say the word.

When this announcement was first made in these dispatches, members of the commission, railroad men, lawyers and others interested in the one remaining appointment began to investigate and they found that President Stickney had the call.

Some of the present commission do not admire Stickney. One of these is Judge Prouty, and it is said that he has expressed his opinion quite openly. Judge Prouty's grievance against Stickney dates from an interview given out by the latter not long ago, in which certain members of the interstate commission were referred to as "harmless old ladies." Stickney's original ideas and his tart way of putting them impressed President Roosevelt very favorably. Stickney is considered a certain that he will tender the appointment to the St. Paul man.
