FINANCES OF THE COUNTY

Annual Statement Made by Mr. Chittick.

MUCH INDEBTEDNESS PAID OFF

Many Claims Liquidated During Past Year and Good Cash Balance Left.

R. E. Chittick's statement of the of Stuart on February 13. financial condition of the county appears in this issue. This statement shows a cash balance on hand of a trifle less than \$71,000. During the year Mr. Chittick has paid out for all the current. The bed burned up. purposes, county general expenses and to township, school and village treastal of \$248,791.13. After paying this amount of indebtedness and claims there is a flattering balance on hand.

When Mr. Chittick took charge of the treasurer's office there was a heavy thousand to turn over to his successor. catch it at every turn. During the month of February of last rants held by a fusion scalper \$11,433.- soon. 08; or a total of \$43,087.47. In addition to this there was paid during the months of February, March and April no indications for a permanent moderin O'Neill, Atkinson and Grattan ation soon, although the weather butownship bond, sidewalk and judgment reau predicted rain yesterday. The funds the sum of \$10,301.71, making a coldest point reached was Tuesday grand total of \$53,389.18. Almost the morning, when the glass tubes indiwhole of this should have been paid cated 16 below. out by the previous treasurer, who reduced to about \$50,000.

It is noted by Mr. Chittick's statecess of the amount the fusion strategy board claim in an injunction suit started to be the limit which he should last fall. turn over to his successor, namely \$4,-500. The trust warrants amount to \$4,539 38. It is also noted by this statement that he could lawfully have more than \$8,000 invested in trust warrants. The fusion bosses were evidently going on the theory that the county treasurer's office was being run on the plan of their last treasurer and they would make a fine piece of political capital out of a law suit lieve would be well grounded if the same conditions still obtained
