

# Break Loose From the Creamery Trust

Farmers Organize to Manufacture and Market Their Own Product.

If you are tired of milking cows and getting small returns; If you want more money for your butter fat; If you want to be freed from the danger of combinations to keep down the price paid you; If you want to get the most for your cream, and to have a voice in its manufacture and sale, you will join the great movement for Co-OPERATION that is sweeping over the state like wildfire and become a member of the

## Farmers Co-Operative Creamery and Supply Co.

It is your only hope of getting your share of profits from your milk cows. You do the hard work—you ought to reap the profit.

Organize! Co-operate! Control the manufacture and sale. That's the only way.

This movement will unite 5,000 cream producers in a purely co-operative movement.

The society—Incorporated under the laws of Nebraska, has already purchased the immense plant, equipment and business of the Harding Cream Co., of Omaha, with more than 3,000 patrons and a well established trade.

So we start with a growing, paying business. No money need be spent in experimenting or in pioneer work.

Our plant has a capacity of 40,000 pounds of butter, 5,000 gallons of ice cream, 25 tons of ice per day, and a good market for every pound we produce.

Members of the association not only share in the profits of this entire business, but also have their butter fat manufactured and marketed at actual cost.

Will you, as a cream producer and a clear-headed business man, join with us in the movement for co-operation and control of our products?

Why not reap our legitimate profits from our cream?

Why let them go to enrich a corporation or combination?

Why not be our own masters?

### SEND FOR FULL PARTICULARS

Write today for prospectus of the company and full particulars of our plan for mutual help. Find out why the combination paid on an average 5 and 6 cents more for butter fat in Central Iowa than was paid in Nebraska and other states. Find out how to keep your profits in your own pockets.

FARMERS CO-OPERATIVE CREAMERY & SUPPLY CO. 836 HARNEY ST. OMAHA, NEB.

## RURAL WRITINGS

Items from the country are solicited for this department. Mail or send them in as early in the week as possible; items received later than Wednesday can not be used at all and it is preferred that they be in not later than Tuesday. Always send your name with items, that may know who they are from. Name of sender not for publication. See that your writing is legible, especially names and places, leaving plenty of space between the lines for correction. Be careful that what you tell about actually occurred.]

### STUART

John Sturdevant went to Spencer Wednesday morning to visit a few days before starting on a trip to Arizona.

The I. O. O. F. Lodge are going to initiate a number of members Monday. A delegation from other places will be in attendance to enjoy the fun.

Several of the young men of the High School busied themselves last Saturday in preparing a basket ball ground back of the opera house. The teams will begin practice as soon as the weather will permit and expect to be able to play with the best of them this season.—The Advocate.

### EWING

John H. Dierks bought the Caleb T. Closson property in northeast Ewing last week. Mr. Closson will move with his family to Wisconsin.

The six year old daughter of Mrs. Farnsworth, Mr. L. S. Butler's sister from Pennsylvania, is sick with an attack of the measles at Mr. Butler's home.

We understand there is a movement on foot to open and grade where necessary, a road from Inman south to Cache Creek valley. This road was graded seven miles last summer and should be completed Inman would certainly be the trading point for the people of South Fork and Cache Creek localities.—The Advocate.

### CHAMBERS

Potter-Summers.  
At the home of Mr. and Mrs. C. H. Kemp at eight p. m. Tuesday evening, in the presence of a few friends, Rev. Ahrendiz, in a beautiful and impressive manner, performed the marriage ceremony which united Mr. Sylvester Potter and Miss Katie Summers in the bonds of holy matrimony. The bride was daintily dressed in white mull, while the groom wore the conventional black. The bride is one of Chambers highly respected young ladies and has large circles of warm friends who respect her for her true womanly qualities. The groom is a young man who is rich in friendship of the whole community and is a man honest, industrious and honorable. They will begin housekeeping at once on the Dave Huston ranch of which Mr. Potter is foreman. The Bugle wishes them a world of happiness and prosperity.—The Bugle.

### ATKINSON

Mike Stafford will move his family from Scribner to Atkinson and become a citizen of this place, about the first of March.

Mrs. Pat Barrett succumbed to surgical operation in a hospital in Omaha, Monday, February 18. Her remains were shipped to Atkinson and interment made in the Catholic cemetery here, Wednesday following.

Fred J. Ulrich and sister departed for Scranton, Pennsylvania, Tuesday. Fred has been visiting his parents and friends here for several weeks. Miss Clara expects to visit in Indiana and Pennsylvania during the coming spring.

Chas. Purdy returned Saturday from Texas where he has been the past three months in the interest of his land firm. Mr. Purdy informs us that he closed a contract with the International Land Co., at Davenport, Iowa, whereby he becomes state agent of Texas for them. He left for Ainsworth Sunday, after a day's visit with his parents, Mr. and Mrs. Ed Purdy, here.

Gilman Davis has just received a patent on an invention of a feeder for

a hay press. Mr. Davis has been working on this invention for the last year and has demonstrated it to be practical as well as a labor saver. Every year somebody has either a foot crushed or a leg broken by feeding with the foot. This feeder removes all danger in that way and saves time. A man can feed from three to five tons of hay more per day than by feeding with the foot and do it easier. Several eastern firms have written to Mr. Davis in regard to selling his patent for him but he has ignored all offers so far. Everyone who has seen his patent says it is a hummer and should be a money maker.—The Graphic.

### Neglected Colds Threaten Life.

[From the Chicago Tribune.]  
"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by Gilligan & Stout.

### Editor Protests on Bridge Deals.

Verdigre Citizen: The tax payers of this county should rise en masse and protest vigorously against the manner in which the bridges of this county are being built. It's a shame, and a robbery, and we can not make our language too strong in condemnation of the horrible manner in which the people of this county are wantonly and ruthlessly robbed; for what else can you call it when bridges are built year after year only to be carried away each spring by ice and high water. Rockefeller himself could not withstand the assaults of this terrible gang of incompetents who have been doing the bridge building in this neighborhood for the past few years. It's a shame and a downright disgrace for our board of supervisors to allow the tax payers of this county to be so ruthlessly robbed. As an illustration, a new steel (and it ought to read steal) bridge was put in this winter down by the Frank Gross farm which was just 10 feet short of what it should have been. Did the bridge men remedy this defect? No, they did not. On the other hand, they drove piling in the current of the stream instead of in the shallow water, as much as to say, come on old ice and water, knock her down! John W. Towle can put her up again, at the expense of the tax payers of Knox county. Did the board of supervisors examine this bridge and note that it was 10 feet short and not according to contract? Well, did they? Well, if they did, it would look to a man up a tree that the relationship between the present board of supervisors and John W. Towle was altogether to amicable for the welfare of the tax payers of this county. Gentlemen of the board of supervisors, what have you to say in your defense?

Skin Disease of Twenty Years' Standing Cured.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me.—Mrs. Fannie Griffen, Tory, Ala. Chamberlain's Salve is for sale by Gilligan & Stout.

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by Gilligan & Stout.

### Peru's Railway Wonder.

A remarkable railway, one of the wonders of Peru, is that which runs from Callao to the gold fields of Cerro de Paeco. Beginning in Callao, it ascends the narrow valley of the Rimaco, rising nearly 5,000 feet in the first forty-six miles. Thence it goes through the intricate gorges of the Sierras till it tunnels the Andes at an altitude of 15,645 feet, the highest point in the world where a piston rod is moved by steam. This astonishing elevation is reached in seventy-eight miles.

What To Do When Bilious. The right thing to do when you feel bilious is to take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse the stomach and regulate the liver and bowels. Try it. Price, 25 cents. Samples free at Gilligan & Stout's drug store.

### Auction Sale.

I will sell at public auction at my place 3 miles north and 1 mile east of O'Neill, on Saturday, March 9, 1907, one red steer 2 years past, the same being an stray taken up by me on July 17, 1906. D. W. Sullivan. 35-2

### Seed Speitz for Sale.

Have 1000 bushels of clean seed speitz for sale. Price 40 cents per bushel.—D. A. Doye. 34-4

For first-class printing see The Frontier.

## FIVE REASONS WHY CALUMET BAKING POWDER

1. It complies with the Pure Food Laws of all states.
2. It is the only high-grade Powder sold at a moderate price.
3. It is not made by a Baking Powder Trust.
4. Food prepared with it is free from Rochelle Salts or Alum.
5. It is the strongest Baking Powder on the market.

\$1,000.00 given for any substance injurious to health found in Calumet

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.

All Grocers are Authorized to Guarantee this.

Calumet Baking Powder costs little. Costs a little more than the cheap, injurious powders now on the market, but is a big saving over the trust powders.
