

Break Loose From the Creamery Trust

Farmers Organize to Manufacture and Market Their Own Product.

If you are tired of milking cows and getting small returns; if you want more money for your butter fat; if you want to be freed from the danger of combinations to keep down the price paid you; if you want to get the most for your cream, and to have a voice in its manufacture and sale, you will join the great movement for Co-OPERATION that is sweeping over the state like wildfire and become a member of the

Farmers Co-Operative Creamery and Supply Co.

It is your only hope of getting your share of profits from your milk cows. You do the hard work—you ought to reap the profit. Organize! Co-operate! Control the manufacture and sale. That's the only way. This movement will unite 5,000 cream producers in a purely co-operative movement. The society—incorporated under the laws of Nebraska, has already purchased the immense plant, equipment and business of the Harding Cream Co. of Omaha, with more than 3,000 patrons and a well established trade. So we start with a growing, paying business. No money need be spent in experimenting or in pioneer work.

Our plant has a capacity of 40,000 pounds of butter, 3,000 gallons of ice cream, 25 tons of ice per day, and a good market for every pound we produce. Members of the association not only share in the profits of this entire business, but also have their butter fat manufactured and marketed at actual cost. Will you, as a cream producer and a clear-headed business man, join with us in the movement for co-operation and control of our products? Why not reap our legitimate profits from our cream? Why let them go to enrich a corporation or combination? Why not be our own masters?

The marriage ceremony was again repeated, with the exception of the word, obey, when it came to that O. B. said "cut it out." An elegant supper was then served. After supper card playing and merry making was kept up till an early hour, when the guests departed trusting they might have the pleasure of again congratulating them on their silver wedding day. Mr. and Mrs. Hatch were the recipients of many pretty and useful presents.

You are quite wise in getting ready to make your little garden useful, and the ingredients for a salad are best when home grown. As a rule, of all plants we employ as food none are so neglected as those that form our salads. Don't forget to plant some vegetables this spring, it will set the table for you later.

Mr. Ferguson's claim to ownership of the hogs, but refused to disclose the name of the parties he claims sold him the property. Tuesday afternoon Mr. Ferguson went to O'Neill and swore out a complaint against John Dibble, Frank McShane and William Weller; Sheriff Hall came up that night with warrants for their arrest and took them to O'Neill Wednesday morning where they had a hearing. Mr. Ferguson is determined to push this case as this is not the first time he has met with a loss, having had about twenty head of shoats taken last fall which he has been unable to get any trace of. Several other parties have been losing stock in and around the neighborhood of town. Our citizens are aroused and are assisting Mr. Ferguson in every way possible in his effort to bring the guilty ones to justice and break up the gang who refuse honest labor, preferring to prey on the results of honest toil of their neighbors for a livelihood.—The Graphic.
