R. F. D. No. 1.

Colmer Ross, Lew Stevener and Nell
Autman had business in this vicinity
this week.

Rudolph Adams and family of Ame-
lia, visited with their parents, Mr.
and Mrs. Jacob Ernst.

David Yantzie has bought the north
east quarter of 25, which was former-
ly John Grutsch's homestead.

Miss Brennan suspended school dur-
ing this windy weather for want of
coal with two more weeks to teach out
the term.

The calf and pig crops have begun
to arrive. Calves are doing well but
it is cold for young pigs and there is
some loss.

There is considerable grain in the
hands of the farmers this spring,
which is a good indication they are on
easy street.

Small grain is nearly all sown, it
has been excellent weather for seeding
and there is a large acreage in this
part this spring.

A skunk feasted on ten of Mrs.
Harding's spring chickens one night
and came for more the next night but
got tangled up with a steel trap.

Neil Brennan and another gentle-
man representing the International
Harvester Co. were looking up future
trade in this territory a few days ago.

J. J. Schweitzer has traded his old
engine and bought a new one which is
in use every day. He runs a tripp ham-
mer, a drill disc sharpener and emory
wheel.

Mr. Schweitzer and Joe Troyer have
each put a substantial yard fence
around their houses one of the neces-
sities on the farm where there are
pigs, chickens and other animals.

It is the impression of one farmer
that two terms in office is enough for
the president or any one else, this is
not a one man government. He would
establish a precedent which has never
been broken. His fame is secure and
no one will accuse him of selfishness
if he retires at the end of his present
term.

Gentle and Effective.

Chamberlain's stomach and liver
tablets invaluable for the touches of
biliousness natural to sedentary life,
their action being gentle and effective,
clearing the digestive tract and the
head." Price, 25 cents. Sample free.

This Institute in order to introduce
their new Medical Discoveries and X
Radium System, sends at its own ex-
pense these eminent specialists to give
to those who call on the above date,
consultation, examination, advice and
all medicine required to complete a
cure, absolutely free.

These specialists will diagnose your
case and give you the benefit of their
medical knowledge. Their is no ex-
perimenting or guess work. You will
be told whether you can be cured or
not. If your case is curable, they will
treat you; if incurable they will give
you such advice as may prolong your
life.

Their treatment gives quick relief
and positively cures. Being prepared
to suit each individual case the human
system is thoroughly cleansed of the
disease in a natural and direct manner
and improvement is noticed at once;
even the worst cases are treated with-
out any inconvenience to the patient
or the pursuing of his daily vocation.
If you are improving under your fami-
ly physician do not come and take up
their valuable time. They wish to give
each one plenty of time, but cannot
listen to long stories not pertaining to
your case.

They have discarded the old reme-
dies used for ages by the medical
world and which it would be folly to
depend upon any longer for they do
not cure, as thousands die depending
on them for relief.

The fact that these Specialists have
discovered entirely new treatments
and natural cures, gives them control
of the Nervous System, Heart, Stom-
ach, Lungs, Kidneys, Catarrh, Con-
sumption, Epilepsy, Deafness, Male
and Female Weaknesses, Cancers,
Tumors, Piles and other Chronic Dis-
eases.

They treat deafness by an entirely
new method and hearing in many cases
is restored at once. Catarrh in all its
varied forms cured so it will never re-
turn. If you have weak lungs or con-
sumption do not fail to be examined.

All cases treated can and will be
cured, no difference who you have seen
or treated with heretofore. Thousands
who have given up all hope of being
cured, now have an opportunity to con-
sult specialists of reputation.

Don't fail to call as a visit costs you
nothing and may save your life.

If you suspect kidney trouble, bring
a two ounce bottle of your urine for
chemical and microscopical analysis.

REMEMBER—The free offer is
during this visit only and will not be
given again. Persons commencing
any treatment after this trip will be
required to pay, but not one cent will
be asked of those commencing treat-
ment during this visit for any medicine
necessary to effect a cure; also a posi-
tive guarantee to cure will be given to
patients accepted under their system
of treatment. Those having long
standing and complicated diseases,
who have failed to get cured and be-
come discouraged, are especially in-
vited to call as thousands who have
given up all hopes can testify to per-
manent cures obtained.

NOTICE—Married Ladies without
their Husbands and Minors without
their Fathers, will positively not be
admitted to consultation.

EUREKA!

Yes, I Have Found it at Last.
Found what? Why that Chamber-
lain's salve cures eczema and all man-
ner of itching of the skin. I have been
afflicted for many years with skin dis-
ease. I had to get up three or
four times every night and wash
with cold water to allay the terri-
ble itching, but since using this
salve in December, 1905, the itching
has stopped and has not troubled me.

Miss Muad Kline, teacher of Eden
Valley school closed a very satisfactory
term last Friday. Her pupils were
keenly disappointed when they learned
of her departure so soon for Los
Angeles, Cal. As they had already
looked forward to her as being their
teacher for the following term. Ray-
Hatch, one of her pupils took up a col-
lection from his classmates, and bought
her a small token of remembrance,
and she likewise surprised them, by
presenting each with a pretty bound
book of choice literature. Miss Kline
has made everybody her friend during
her short stay in the country, and we
all wish her success and good luck in
her new home.

it and skill which is second to none in
the state. He will complete his en-
