BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will soon-er or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organ-ism and quickly indicates by aching

and pains will continue until the cause is removed. Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record

of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:— "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits

of crying and extreme nervousness, and was always weak and tired.
Lydia E. Pinkham's Vegetable Compound completely cured me."
Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system

Nothing Too Good For the

American People

There is NOTHING TOO GOOD for the American to make Cascarets Candy Cathartic. The first box made its appearance in 1896, and the enthusiastic endorsement of the people has been bestowed upon Cascarets ever since. The sale today is at the rate of OVER A MILLION

BOXES A MONTH, proving that the American people recognize, that what is BEST FOR THEM is none too good.

Why this enormous patronage? The answer is simple: Cascarets are pure, clean, sweet, mild, fragrant, harmless but effective little tablets for the treatment and cure of Constipation and all Bowel Troubles. They are put up in neat little enamel boxes, easy to buy, easy to carry (in vest-pocket or purse), easy to take and easy of action, always reliable, always the same, they "work while you sleep' and wake you up feeling fine in the morning.

They not only regulate the movement and stimulate the muscular walls of the bowels, but they keep the ENTIRE CANAL CLEAN and antiseptic, forcing out and destroying all disease germs that breed in the accumulated filth unless promptly and regularly discharged. Therefore, they are a great preventive of disease, and may be taken continuously as a precautionary measure.

The new Pure Drugs Act, adopted by Congress on June 30, 1906, and in effect January 1, 1907, is a GOOD LAW and means better and PURER drugs for the American People. We endorse it and will live up to it in SPIRIT and LETTER,—an easy task, as we have always been actuated by the same principles and no changes are required in our formula or pack-

We adopted OUR OWN PURE DRUG LAW in 1896 when the first box of Cascarets came on the market and have lived and worked and pro-

duced under it ever since. To-day, after a record of nearly 100,000,000 boxes sold, Cascarets STAND the greater in PURITY, QUALITY and MEDICINAL MERIT than any other preparation for Bowel trouble in all the world.

This should be a great argument for any one, to try Cascarets AT ONCE, and be healthier and happier for it. Some people have CHRONIC CONSTIPATION with all the horrors derived from it; others have HAB-TTUAL CONSTIPATION from carelessness and neglect, but nearly EVERYBODY has OCCASIONAL CONSTIPATION, which, if not promptly taken care of is liable to result in its degeneration into the worse forms and cause great suffering and perhaps death.

taken patiently and regularly, will remedy all of these awful troubles, but if taken promptly at the very first sign of an irregularity of the Bowels, will act as the FINEST PREVENTIVE ever discovered and will keep all the machinery running in good order.

We advise you to get a little 10c box of Cascarets TO-DAY and carry it in your purse or vest pocket. Take one when you feel anything unusual about your bowels. Your own druggist will sell you the little box, under GUARANTY of satisfaction or money refunded. All druggists, 10c, 25c, 50c.

NEW DESIGNS IN WALL PAPER.

The new paper this season is plain, with a heading which comes in beautiful floral effect, producing a border when pasted to the walls. Large clusters of flowers trailing in places is one of the neat designs. A deep cream paper, splendid for a north room, has branch border, resplendant in spring fruit blossoms and graceful birds. It is an attractive paper for a bed room. The almond blossom is truly the work of art, while the geranium is a very attractive paper in pink. The plain walls are excellent to show to advantage good pictures

speaker. He is opposed to long speeches. He said the other day: "The longer the speech, the less, as a rule, its effect. I have heard some long speeches—I will name no names—that had o effect at all.

"Yes, the icng speeches lack effect as the average quack claim lacks truth. "I overheard the other day two quacks in conversation.

"William, have you been vaccinated?"
The small boy answered: "Well, not zactly, but I've been baptized."

The foolish man approached the wonderful goose that laid the golden eggs. "Old bird!" ejaculated the foolish man, "I think your time has come. Golden eggs are no longer popular. Why can't you lay gold bricks?"

"Because, master," replied the goose, 'I don't belong to the bricklayers' union." And then the ax fell.

BABY WASTED TO SKELETON.

In Torments with Terrible Sores on Face and Body-Tore at Flesh-Cured by Cuticura.

"My little son, when about a year and a half old began to have sores come out on his face. They began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton and was hardly able to walk. I sent to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment, and at the end of about two months the sores were all well. He has never had any sores of any kind since, and only for the Cuticura Remedies my precious child would have died from these terrible sores. I used only one cake of Soap and about three boxes of Cuticura Ointment. Mrs. Egbert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

The Burning Question.
From Harper's Weekly.
A teacher in one of the public schools of Baltimore was one day instructing her pupils in the mysteries of etymology, when she had occasion to question a boy pupil with reference to the word "re-cuperate."

'As an example," said the teacher, "we will take the case of your father. He is, of course, a hard-working man."
"Yes'm," assented Charley.
"And when night comes, he returns

home tired and worn out, doesn't he? "Yes'm," in further assent from

Charley.
"Then," continued teacher, "it being night, his work being over, and he being tired and worn out, what does he do?" "That's what ma wants to know," said Charley.

Sarsaparilla Time.

Make your own Sarsaparilla or Spring Blood Medicine by mixing one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Shake well in a ottle and take one teaspoonful after neals and again at bedtime. Any good druggist can supply those ingredients.

This is said to be a splendid Spring Blood Tonic and system renovator because of its gentle action in restoring the Kidneys to normal activity, forcing them to filter from the blood all impure matter and acids, destroying micro-organisms which produce ill health and sour blood.

Every one should take something to cleanse the blood at this time of year, and the above simple prescription !s the most highly indersed of the hundreds of home remedies generally used, Mix this yourself, then you will know what you are taking.

TNAM FADELESS

BY DR. WILLIAMS' PINK PILLS.

By Toning up the Blood and Nerves Patient Recovered Weight, Strength and Good Spirits.

When the nervous system is broken down from overwork, or whatever cause life loses its joys. Not only is the nervous victim a sufferer himself but he is usually a trial to the whole family. Nervous breakdown is often gradual, appearing at first to be merely an unusual fretfulness. Dr. Williams' Pink Pills tone up the nerves in the most

direct way and not only cure minor troubles but serious disorders as well. Mr. W. W. Munroe, of 16 Hazel Park, Everett, Mass., says: "About four years ago this September I became all run down from overwork and from confine ment to work during warm weather. For two months I grew steadily worse. I lost in weight and strength and had no appetite. My memory failed me quite rapidly and I became in a very low state, both physically and mentally. I took no interest in life, neither in business nor recreation. In my position, as foreman in a large manufacturing chemist's establishment in Boston, a good memory is absolutely essential to success because of the immense amount of detail that must be carried in the head.

"I grew very despairing, could not bear to have people meet me and my friends remarked on my condition. About the middle of December a friend told me one day that he had tried Dr. Williams' Pink Pills and found them reliable. I commenced taking them and at the end of two weeks the change for the better was remarked by friends. I continued using the pills until I was thoroughly recovered. I regard them as a fine remedy and make this statement voluntarily in gratitude for the benefit I received from them."

These pills actually make new blood and have cured such diseases as rheumatism, nervous and general debility, indigestion, nervous headache, neuralgia and even partial paralysis and locomotor ataxia. As a tonic for the blood and

nerves they are unequalled.

If you are a sufferer from any disorder of the blood and nerves write for proof of what Dr. Williams' Pink Pills have accomplished in cases similar

to yours. Every testimonial used by this company is carefully investigated before being published and is authentic.

Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

HOLDING THE SKIRT.

Did you ever watch a crowd of wom-en as the passed down the street or stepped mincingly over a muddy cross-ing, and did you notice the many dif-ferent ways they kept their skirts from

ferent ways they kept that trailing?
Some skirts are grabbed up awkwardly with both hands in a manner that may protect them from soil, but certainly does not add to the effect. Others are clutched in a wad at one side that when dropped again leaves side, that when dropped again leaves myriads of tiny wrinkles, while others are cught up carelessly in spots, leaving just enough of a trail dragging to sweep a little path along the way.

American women have certainly yet to learn the art of holding the skirt to learn the art of holding the skirt.

to learn the art of holding the skirt properly. Parisian women have solved the problem to their intense satisfac-tion. They lift the skirt high, display-ing not only a trim foot, but a daintily clad, well turned, ankle. While this ef-fect is not displaying in the French clad, well turned, ankle. While this effect is not displeasing in the French woman, it is not one for the American woman to copy. For some reason, when she lifts her skirt a bit high, the suggestion, dainty and chic, in the former, is lost and she only makes of herself an object of coarse remarks and ridicule.

There are fashions in lifting the skirt as well as in skirts themselves, and it

as well as in skirts themselves, and it is necessary for every woman to prac-tice the different methods before a glass to find the one that is most suit-able. The long clinging skirt that lies an inch or two on the ground all the way around, with a decided train in the back, needs entirely different handling from the full skirt with its numerous pleats and folds. No set rule can be applied and the only way to master a difficult subject is by plenty of practice before a mirror large enough to display the whole figure.

Grace is on should be the foundation

Grace is, or should be, the foundation of holding up the dress. When clutched so low that the bod— is bent in order to hold it in place, or if the shoulder is raised and the arm thrown out in some angular position, the effect can-

not possibly be what it should.

Actresses, that is most actresses, understand the management of a long skirt perfectly, and careful watching of the graceful movements across the stage by these women whose gowns generally trail around their feet, will help wonderfully in giving ideas that can later on be practiced in the privacy of one's own dressing room.

The Right Remedy.
The late Bishop Seymour of Illinois was remarkable for the power and beauty of his sermons. A Springfield man said of him the other day:

"At an Easter celebration in one of our churches Bishop Seymour and a half dozen

divines were present.
"One of these divines, a stern, stately old fellow, with white hair, told Bishop Seymour in my hearing that whenever anyone went to sleep in his church the sexton had orders to go and wake the man

"Bishop Seymour smiled.
"'Wouldn't it be better,' he said, 'when anyone goes to sleep under your preaching for the sexton to have orders to come and wake you up?" "

FANS FOR SUMMER DAYS

The newest little fans, copies from ancient models, are, as a rule, of the Louis XV. or empire periods; the "1830 epoque," small and painted subjects on parchment with tiny sticks in horn, on which flowers are painted; in A TERRIBLE EXPERIENCE.

How a Veteran Was Saved the Amputation of a Limb.

Ostrich feather fans are very fashio: able for the theater. A beauthan in worthy of notice was one made of old Milanese lace of great value and antiquity. The lace was mounted on priceless Louis XV. sticks of mother of pearl incrusted with figures and designs of gold—almost too good for use. The half hoops that fans have had till now have given place to tiny gold chain hoops which are ever so much nicer than the old half hoops, which always looked hard and stiff. The chains too, have the advantage of being newer, which is a great point in their favor. Ostrich feather fans are very fashio :
