

Majestic Baking Demonstration! ONE WEEK = MAY 13-18

Majestic

PERFECTLY SATISFIED!

15 gallons of water heated to the point of boiling, while breakfast is cooking. When water gets too hot reservoir can be moved away from fire by shifting the lever shown.

When pressure water is used this malleable iron pin-extension water front, which has more heating surface than any other, supplies abundance of hot water to all parts of the house. It takes the place of reservoir.

We heartily invite our friends to call any day during the above mentioned week and we will demonstrate the superior qualities of the New Majestic Malleable and Charcoal Iron Ranges.

The Majestic Malleable and steel range, as formerly turned out by the Majestic people, has been considered throughout the country as par excellence, and far ahead of any other range made. But with the new charcoal iron body in place of Steel, making it double its value, and the fact that it is the only range in existence made of Malleable and Charcoal Iron, you can readily see that if quality is considered the Majestic leads by a big margin. We want you to call during at our store during this week and let us explain this new feature—**charcoal and iron bodies**; let us explain why it is the best material for range bodies, and incidentally why it is not used on other ranges. We want you to call if you intend to buy or not, as the information gained will serve you in the future.

Hot Coffee and Biscuit Free

Come any day during this week and have buttered hot biscuits and hot coffee. Biscuits baked on a Majestic in three minutes while you wait.

Handsome Set of Ware Free

With every range sold during this demonstration we will give absolutely free one set of Majestic ware worth every cent of \$7.50. This ware will be on exhibition at our store. Everything, useful, ornamental and durable. Come in and see it and you will agree with us that it can not be bought for a cent less than \$7.50, and it is cheap at that.

Come in any day. You are welcome whether you intend to buy or not.

To whom it may concern: All persons are hereby notified not to purchase lot one (1), block thirty (30), original town of O'Neill, as I am the owner in fee and in possession of the same and any deed executed by me was given and accepted as a mortgage and not as an absolute conveyance. Dated at O'Neill, Nebraska, May 7, 1907. Mary J. Kinney.

An exchange furnishes its young lady readers with the following: Say girls, if your best fellow, or any other fellow, overstates his time when calling on you, spring this on him, and if he don't "take a tumble" he is too stupid to ever call on you again. Here it is—take any number between one and nine, add one, multiply by nine, cross out left hand figure, add fourteen, add the number you started with and then watch the young man's countenance.

Miss Nellie Brennan closed a very successful term of school in district number twenty-three last Friday. To show their appreciation of the work done during the year and to encourage the children, the parents and friends of the district met at the school house in the afternoon to listen to a program prepared by the children and teacher. After the children's program, the audience was entertained by a phonograph concert under the management of Mr. Falk. During the concert the listeners were treated to candy, nuts and oranges provided by the teacher. Prizes won in various contests were distributed to the respective winners after which the pupils showed their appreciation of the teacher's efforts in their behalf by presenting her with a beautiful china tea set.

That age does not limit ambition nor exclude men from venturing into new fields is forcefully illustrated in a visitor to O'Neill this week. S. M. Walton, who is stopping at the Merchants and is here looking up a location for a horse ranch, is probably entitled to the belt for agility and sprightliness of age. He says he is ninety-four years old, is a veteran of the Mexican and civil wars and cast his first vote for president for General Andrew Jackson. Notwithstanding his advanced years, Mr. Walton retains his faculties, is strong and rugged and looks about the age of the average man of seventy years. He has been out in the country to see a

number of places with a view to buying but has not decided on anything definite yet. He comes here from South Dakota.

The city council met Monday evening and closed the business for the fiscal year. The new administration began Tuesday, a short session being held in the forenoon at which permits to sell liquor were granted to the two drug stores and the following saloons licensed: Arthur Ryan, who succeeds Wm. Lavoillette, W. J. O'Connor & Co. and J. J. Thomas. Two other applications are in, George Cordes, who bought the Mechale place, and Frank Leahy, who is on a deal to sell his place to John Lang, a non-resident, and between whom the application for license hinges. These applications will be acted upon at a future meeting. P. J. Coyne was appointed and confirmed as marshal, water and street commissioner; John Kane remaining as night police. There is but one new member of the council, Frank Campbell of the Second ward.

The name Nashville Students, stands for the highest form of moral and universal entertainment today. And if you care for a good show that will give you an evening of thorough enjoyment you will not be disappointed as the people with the Company, have been carefully selected for his or her singing and dancing ability. This Company has been before the people for twenty-five years and there is hardly a person in America who has not heard of them. The roster, this year, includes the following well-known artists: "The Mitchells," "the Parties From the South," Henderson and Bruce, wholesale and retail dealers in fun, singing and dancing. Frank Edwards, who discusses the happenings of the present time and in a way that will make you forget your troubles. The other members of the company will do their share to make you happy. At opera house O'Neill May 15th. Price 25, 35 and 50 cents.

MR. HOVEY'S REPORT.

What the Expert's Found in Checking Treasurer's Office.

O'Neill, Neb., May 7, 1907.

To the Honorable Board of Supervisors of Holt county, Nebraska:

Gentlemen: In compliance with the contract entered into January 25, 1907, I have made a complete examination of all the records of your county treasury from January 4, 1895, to January 8, 1907, (both inclusive) and submit herewith a report of my findings in the same.

The work done includes the checking of every receipt issued, to the "cash book" or other record of first entry; the additions of the columns; the distribution to the different funds receiving the same; the posting of these items to the collection and disbursement record; and, finally, from this record to the "Treasurer's General Ledger." In this "General Ledger" all receipts are credited to the funds, and all disbursements charged to them. Treasurer's statements and final settlements are made from the balances shown in this "General Ledger," and such statements and settlements have been carefully examined.

In brief, every dollar has been traced from the stub, or duplicate of receipt issued, to the account of final entry, and all charges made against such fund have been verified; the additions of credits and charges proven, and all balances checked.

I find only small amounts of actual money involved in the errors that have been made, as the cash accounts are kept in the "General Ledger," and these are correct in the main.

Accompanying this report are balance sheets showing the condition of the treasury at the close of the term of each treasurer, and the amount turned to his successor; and the funds to which it belonged. These balance sheets show the figures left by the county treasurers and a list of "errors and corrections" also attached of the errors found.

The report also includes balance sheets showing the amount of money in each fund of the thirty-three townships in the county, together with statements indicating the amount in each school district fund in the county; the "Apportionment Fund," "District Fund," "Bond Fund," and "Special Fund," are all shown separately. These school district balances are the ones left by the treasurers; and a lengthy list of corrections to be made in the various sub-accounts of the
