FIVE REASONS WHY CALUMET BAKING POWDER

1. It complies with the Pure Food Laws of all states.
 2. It is the only high-grade powder sold at a moderate price.
 3. It is not made by a Baking Powder Trust.
 4. Food prepared with it is free from Rochelle Salts or Alum.
 5. It is the strongest Baking Powder on the market.
- \$1,000.00 given for any substance injurious to health found in Calumet Baking Powder.
- Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.
- All Grocers are Authorized to Guarantee this.
- Calumet Baking Powder costs little. Costs a little more than the cheap, injurious powders now on the market, but is a big saving over the trust powders.
- Try Calumet

MR. HOVEY REPORT.

Continued from first page.)

school districts is also attached.

These entries pro and con will bring the sub-district accounts in balance with the "General Ledger" accounts, when these shall have been corrected according to the figures and data submitted herewith.

While, as stated, the cash accounts have been fairly well kept, the sub-accounts prior to January, 1906, have not fared so well. At the close of the term ending January 3, 1906, an unusual condition existed. A credit balance of \$4,918.80 in the "General Ledger account of the Special Fund" appears, while credit balances in the sub-funds by which the treasurer would settle with school officials, amount to only \$1,965.54. In the district levy fund, as kept in the sub-ledgers for the various districts for the same period, a total of more than \$33,000 was shown, while only \$30,257.90 was shown to their credit in the "General Ledger" account. The Bond Fund was more than \$200 out of balance.

All of these accounts have been correctly kept for the year ending January 8, 1907, but the discrepancies as found in the accounts to January 3, 1906, will need to be corrected as per statements attached.

As shown by the list of changes to be made, the sum of errors in the cash account of former Treasurer Mullen leaves \$3.30 due from him to the county. The sum of \$1.18 is due from H. R. Henry. The difference between the charges and the credits in the errors in the account of D. J. Cronin, as shown in the statement attached, is \$4.13 in favor of the treasurer. This however, does not take into account the matter of the "Docket Fees" collected by Treasurer Cronin, and by him credited to Lis "Fee Account" instead of crediting them to the "County General Fund" direct as provided by law and custom in other counties. Reference is made in this particular to the last examination by State Examiner E. J. Robinson, and his report of the same including the opinion of the Attorney General on this subject.

The attached error sheet shows a total of 65 cents of debit errors, and 2 cents of a credit error during the one year term of R. E. Chittick, ex-treasurer. This leaves a net balance due from Mr. Chittick of 63 cents. With these exceptions, all accounts of this treasurer are found to have been correctly kept.

With the assistance of your members, practically all of the vouchers upon which the disbursements were made were found. The few exceptions to this were thoroughly looked up and either the District Treasurers' receipts, or a cancelled check for the amount were found.

The accounts of this county with the state have been thoroughly gone into, and the levy as made and extended for every year has been verified. One of the results already secured is a refund in the sum of \$402.62 by state warrant, which is now in your county treasury. I acknowledge efficient assistance in this connection rendered by Mr. Phillips, your state senator.

All tax lists to including 1906 have been gone over, and the uncollectable taxes have by your order been stricken from the lists. This will net the county credits of over \$1,000, which will reduce the balance due the state in a like amount.

In conclusion: I am indebted to each member of your board for every assistance and courtesy extended. Also, to the various county officials and their assistants whose records I have examined in connection with the work of the county treasury.

Respectfully submitted, E. P. HOVEY, Accountant.

Educational Notes.

About one hundred sixty eight grade pupils will take the examination next Thursday and Friday. The diploma earned at this examination allows a pupil to enter any high school in the state without having to pay a tuition fee. Another advantage of having a diploma issued by the county superintendent is that of being in possession of a certificate which will admit the owner to the state junior normal school.

At a conference of the junior normal school principals and superintendents of the counties wherein said junior normal schools are located, held at Lincoln April 27, a motion was moved and carried that the minimum entrance requirement for admission to the state junior normal schools shall be a teacher's certificate, or a certificate from the county superintendent that the applicant has completed the eight grade course of study, or a certificate from the city superintendent or high school principal for the admission to the high school, or the presentation of evidence of other equivalent academic work.

June 17, 1907, is the date of the junior normal at O'Neill.
Florence Zink, County Superintendent.
