#### PNEILL NEBRANKA

"When I saw our latest leviathan war ship, the Indomitable, launched at Blasgow the other day," writes a cor respondent, "I could not help wondering what our forefathers of a century ago would have thought of her. In 1800 a what our forefathers of a century ago would have thought of her. In 1800 a leading naval anthority wrote: "The size of our ships seems now to have reached its ultimatum. " " " The Erench, indeed, have latterly built a fhip of most extraordinary size, 172 dest keel, 55 feet 9 inches by the beam, ionnage about 2,850 tons; but she is pronounced to be entirely unfit for service." And yet this marine monster of 1800, whose size made her so un-wieldly that 'she hath never been out of harbor,' was but a third as long as our latest cruiser, little more than two-thirds the width, and a sixth of the tonnage—in fact, she was relatively so small that she might easily, one would think, have been carried on the Indomi-table's deck. Although a 50-acre for-est had provided her timbers, and it had taken 200 shipwrights a year to build her, her total cost was less than one-tenth that of her successor of toone-tenth that of her successor of to-day."

day." Paper wood fibre is now made into yarn and woven into cloth, the Saxon inventor, Emil Caviez, having per-fected the process. United States con-sul Hurst, of Plauen, tells of some of the uses of the cloth, which is called "xyolin." The thread is not brittle, does not have a hard finish and neither shrinks nor stretches to any appred-able substitute for cotton, linen, jute and silk. Carpets, rugs and mats made from it are easily cleaned by beating or washing without fear of injury. Moths will not eat the new cloth.' Can-vas" shoes and slippers have been made of it at nominal cost and it is said that last year 7,000,000 pieces of toweling were made of it and sold, wholesaling at 24 cents a dozen, medium size. It is said to make warm and sanitary gar-ments.

The self-loading or automatic musk-st is now being seriously considered as the infantry arm of the future. The squipment of the great armies of the world with an improved rifle is hardly pompleted when the mechanics begin work on a new weapon. At the re-pent examinations of the German War academy the automatic rifle was one of the themes for discussion. The piece how on trial has a magazine holding the cartridges; the recoil is utilized to load and recock. Consequently the sol-dier can remain quietly in position, never removing his eye from the tar-get and fire his ton shots.

get and fire his ten shots. Comprehensive plans are under con-sideration in the ministry of railways for the introduction of electricity on all the state railways in the western part of Austria, embracing the lines be-tween Vienna and Bregenz, and Salz-burg and Trieste. It is proposed to has the water power in the country through which the roads run and an mgineering commission has been en-raged for some months in investigating the amount of power available. As Austria is particularly rich in rivers, and mountain streams, an almost un-limited water power is to be found in many parts of the country.

The arrival of the emigrant ship Plo Nono with a band of study natives of the Canary islands aboard will prob-ably mark the cessation of immigration from the shores of Spain into the new world. The little band which made up the passenger list of the Plo Nono num-bered thirty persons in all, men, wom-en and children. They experienced no er and children. They experienced no trouble meeting the laws of the United States and the statutes covering immi-gration in Louisiana. All in the party appeared to be in the best of health and were found to be a most desir-ble set of people. able set of people

#### Angry Magnates May Resist Increased Assessments -- Pass Law Evasion Must Stop.

a commencement address at the operation house Friday evening. The object of his wrath, for whom he held the whole gallery responsible, was a group of pmall boys eating peanuts, although few people in the house were aware of any unusual noise. And there was hard-Lincoln, Neb., June 4 .- Attorneys of the Burlington and Union Pacific railroads spent all day yesterday trying to convince the state commission that they meant no disrespect in not complying with the order to report their pass lists, but that really it was too much of a job. They said that there FAR FROM EASTERN HOME Philadelphia, June 5.—Augustus F. Schoenberg, who committed suicide at Chadron, Neb., Saturday was the son of August Schoenberg, a painter, of this were from 6,000 to 8,000 annuals that are good on Nebraska lines, but that most of these were issued in other jurisdictions, in other states. Chairman Winnett was the only

city. He was married and lived at the ad-dress given in North Fiftieth street. He was employed by William Jordan, a coal dealer, but mysteriously disap-peared a week ago. After his disap-peared a week ago. After his disap-peared is was discovered there was a shortage in his accounts. While in the employ of Jordan he made deposits in the Corn Exchange National bank. member present, and he was the only member present, and he was inclined to the belief that the board did not care to have the complete list, but only those issued good for within the state.

#### Would Nullify Act.

This pleased the attorneys, but it is This pleased the attorneys, but it is likely that when they return they will find that the board did not mean just that. It has since dawned upon the chairman that the roads could easily nullify the entire pass law and make ridiculous any restrictions of the board by issuing masses mood for the bolder. by issuing passes good for the holder between Nebraska points and Sioux City or Council Bluffs or some other point just without the state, thus making it inter-state business, upon which they need not report. It is likely that the board will insist

that all passes issued to residents of Nebras'a, whether good within the state or between points in Nebraska and other states must be reported.

#### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* LINOTYPE VICTIMIZES PRESIDENTIAL CANDIDATE.

Lincoln, Neb., June 4 .- A heart-Lincoln, Neb., June 4.-A heart-less linotype operator has made Mr. Bryan his victim. He inserted a stray line of type in an article in the Southern Christian Advocate. The Advocate reproduced an article from a Japanese newspaper detailing how Mr. Bryan insisted at the banquet to Togo last year on drink-ing all the toasts in cold water. but there suddefily loomed up the line:

about him. A southern clergyman has written: "My Dear Mr. Bryan: There is much criticism of you on account of the utterance quoted in the clipping enclosed. I have heard many of your former ardent supporters say they were shocked that you should have said such a thing. They do not understand it. If you will explain it I will take pleasure in showing your letter to those of your friends who have taken offense." Mr. Bryan is writing an explana-tion.

IS DROWNED WHILE FISHING

Winnebago, Neb., June 4.-The funeral of Harry Boyd, who was drowned in Winnebago lake Memorial day will be held Sunday. It will be the saddest event which has yet taken place in the new town of Walthill, where Mr. Boyd was engaged in business with his brother-in-law, Charles Hudec. The fact that deceased leaves a wife of 20 years and a baby but 10 months old, adds to the pathos of the affair. Mr. Boyd was in an old hollowed out og with Chester A. Boughn, fishing in Winnebago lake when Boyd is said to have attempted to change his position, upsetting the sensitive craft. He was

#### **NEBRASKA ROADS TO** FIGHT ASSESSMENT

Lincoln, Neb., June 3 .- There was a strenuous session at the capitol last evening of the state board of assessevening of the state board of assess-ment, at which representatives of the railroads intimated they would resist the increased railroad valuation, amounting in the aggregate to \$5,-000,000. The board formally an-nounced it would not reduce the as-sessments one cent. The session at times vias stormy. Attorney J. E. Kelby, for the Bur-Attorney J. E. Kelby, for the Bur-lington, said it meant an increase in taxation for his road alone of \$600,-

is a very handsome and vivacious blonde and her gowns were several sea-sons in advance of ranch styles. The way in which she proceeded to take care of young Massey added to the sur-prise that her visit inspired. They moved to a more secluded ranch on Tail creek, five miles from Cody, and set up housekceping. When Mrs. Raue came to Cody, Mas-sey celebrated the event by buying un-limited champagne for everybody he could find to drink with him. The re-sult was the attempt at isolation which was made the next day. With a "Bad Man." 12,139,700 10,445,930 11,358,068 1,602,450 3,650,075 3,205,250 500,000

With a "Bad Man."

Last week Massey escaped from the ranch in company with a "bad man" named Berry. They came to Cody and proceeded to illuminate the town. When Mrs. Raue discovered the state of affairs, she role across the desert to the town, captured Massey and his com-panion and, hiring a carriage, took them both back to the ranch on Tail creek. Twice she has been thrown from a bronche and has figured in two run-

broncho and has figured in two run-aways, but her devotion to the young man is such and her hopefulness of man is such and her hopefulness of winning him away from his evil hab-its so great that this delicately nur-tured eastern girl has accepted every hardship with a smile. Massey's wife in the east has begun proceedings for divorce.

#### JURY THAT WILL TRY HAYWOOD COMPLETED

# \*\*\*\*\*\* WESTERN MINERS' FEDERATION GROWS 10,000 STRONGER.

Denver, June 5.—An increase of 10,000 in the membership of the Western Federation of Miners will be shown by the reports to be pre-sented at the annual convention which will meet in Denver June 10.

\*\*\*\*\*

Boise, June 5.—After a good night's rest, William D. Haywood, secretary and treasurer of the Western Federation of Miners, is apparently complete-ly restored and expresses himself feel-ing as "first rate." The case against Haywood was recommenced at 11

o'clock. The jury was completed at 12:30, as folows

ows: Thomas B. Gess, real estate, Finley McBéan, rancher. Samuel D. Gilman, farmer. Daniel Clark, farmer. George Powell, rancher. O. W. Seburn, farmer. H. F. Messecar, farmer. Los Sariusren farmer.

SHIES AT HARRIMAN Britishers Refused \$50,000, 000 Because of Attack on Railroads.

New York, June 5 .- That negotiations for placing a \$50,000,000 loan in Europe by the Union Pacific Railroad company failed of success because of attacks on railroad corporations in this

country early in the year was the statement made by E. H. Harriman to-Harriman said if the negotiations had been successful the proceeds would have been brought to this country at a time when the American money mar-

line: "The dishes, and swear he would

shoot." Some thought the line meant Mr. Bryan, had kleked over the dishes and threatened to shoot a few Japs about him. A southern clergyman has written.

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

WALTHILL BUSINESS MAN

# any considerable numbers they will re-sort to force, bringing into play the photgun if necessary, these men are enemies of the country and should be treated as such. I have great respect for the exalted office Senator Tillman holds, but I hold in utter contempt the views he entertains and the doctrines he is preaching throughout the north."

A new metal which last week at-racted considerable attention in Ger-many, and which gives promise of be-poming of no little importance to many pranches of industry, has received the name of "aizin," the name being a pompounding of the first letters of luminum and zinc, of which it is com-posed. It is claimed that it equals cast from in strength, but that it is much more elastic and that it has a greater uperiority over from in that it does not just easily and takes a very high pol-sh.

A story which to western minds may navor of ingratitude reaches us from one of the northern ports. It appears that among a large quantity of food-tuff consigned to the famine-stricken beople of China by American sympa-hizers were thousands of cheeses. It asserted that the Chinese as a race bhor cheese, and the result is that in tome of the northern places there is a glut of this commodity at present. Big cheeses—once so rare—are now procurable for 60 cents each.

The richest unmarried woman in France is probably the Princess Marie Bonaparte, daughter of the late Prince Roland Bonaparte. She inherited a vast fortune from her maternal grandfather, the late Edmond Blanc—"Monte Carlo Blanc." She is 25 pretty and Carlo Blanc." She is 25, pretty and accom-plished, and although not affianced so far, is very likely to find a husband among the royalties of Europe. Prin-cess Marie has also golden expectations from her uncle, Edmond Blanc II., who is a multimillionaire.

His honor, Judge Addison, who died this week, had once to deal with the problem, "When does an egg become stale?" The plaintiff suggested that in summer eggs became stale "about a week after they came to market," but the judge declared that the real test of an eggs staleness was the moment it became fit for use at a contested election.

Eleven years ago Mrs. Maude Bal-lington Booth began her reform work in the prisons of the United States. Through her inspiration the Volunteer Prison league was organized for those prisoners desirous of leading better lives; the enrolled members number over 50,000, including many men serving life sentences.

The proposition is bein discussed to pull down the Bank of England build-ing, which is one-story in height and covers eight acres, house it in a seven-story building on a portion of the site and sell the remainder of the land, the value of which is estimated at \$32,-500,000.

The Academie des Belles Lettres, of Paris, has awarded 2,000 of the 2,000 francs of the Frix Loubet to Henry Vignaud, secretary of the American embassy, for his book on Columbus.

A Bangor newspaper estimates that the lumber cut in Maine during the winter just passed aggregates 750,850,-000 feet, a decrease of 50,000,000 feet from the season of 1905,06.

In the total quantity of tobacco grown the United States rivals Quba and the Philippine islands combined, and Fritish India is not very far be-hand the United States.

a time when the American money mar-kets were urgently in need of funds, but as arrangements could not be suc-cessfully completed, different plans of financing was followed by the Union Pacific, as recently announced. Harri-man said the present financial plans of the company will provide all funds re-quired by the Union Pacific and South-ern Pacific companies. No policy of retrenchment has been

No policy of retrenchment has been inaugurated, according to Harriman, and no extensions into new fields are being planned.

## **A NEW PROCESS IN** LABELING MEAT

Washington, June 5.—By inventing a process of labeling meat, with the pertification of its examination and approval by the government inspection officers, the scientists in the depart-ment of agriculture have effected an sconomy of something like \$300,000 a year in the conduct of the inspection business. **busines**:

By this invention likewise they have deprived the George E. Howard com-pany of Washington of one of the most somplet and profitable monopolies to which the government has been com-pelled heretofore to pay tribute. Dr. Marion Dorset, head of the biochemic aboratory, is the inventor of the new

Dr. Dorset has produced an ink which erves every purpose, and is applied with a rubber stamp from an ink pad. 't does not infringe the Howard pat-ents, and after thorough experiment bas been adouted has been adopted.

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* MORE EMPLOYES, LESS WRECKS, SAYS MR. MORRISSEY.

Cleveland, O., June 5.-Grand Mas-ter P. H. Morrissey, of the Brother-hood of Railroad Trainmen, in dis-cussing railway wrecks and the cause and remedy for the same, ways: cause and remedy for the same, says: "There is too much business for the railroads, too much hurry in conducting trains and too few em-ployes to insure the proper degree of safety to employe and traveler. What the American railway sys-tems need to insure greater safety is more men to man and inspect the trains, to guard the switches and semaphores and to patrol the tracks."

\*\*\*\*\*\*\*\*\*\*\*\*\*

# SLAVE TO TOBACCO. **BLOWS OUT BRAINS**

Oxford, Pa., June 5 .- Completely unnerved by his struggle against the tobacco habit, Frank Hodgson, 55 years old, of New London, near here, committed suide by blowing out his brains with a hotgun this afternoon.

Hodgson a few weeks ago resolved to stop using tobacco. He kept his resolve, but the struggle so wore on him that he became melancholy.

upsetting the sensitive craft. He was heavily dressed and wore rubber boots, which made it almost impossible for him to swim ashore. Mr. Boughn caught hold of the old log and saved himself.

## **AGED MAN FALLS 3 TIMES INTO 90-FOOT** WELL; LEG IS BROKEN

Florence, Neb., June 4 .- Paul Adams aged 74 years, fell into a ninety foot well three different times, going to the bottom each time and his only injury

bottom each time and his only injury is a broken leg. Adams was assisting in cleaning out a deep well when he lost his balance and was pitched head first into the ppening. There was six feet of water in the well. Adams struck the water with a mighty splash, came to the sur-face, selzed a protruding rock and yelled for assistance. A rope was low-ered and Adams fastened it around his body. He was drawn almost to the

body. He was drawn almost to the surface when the rope broke and down went Adams a second time. On the seche went down for the third time. He was again drawn to the surface, this time being landed safely.

**GOV. SHELDON NOT** TO INTERFERE WITH THE BARKER HANGING

Lincoln, Neb., June 4.-Governor Sheldon this morning denied the application for the reprieve of Frank Bark-er, the Webster county murderer, who is sentenced to hang at the penitentiary this month.

The application was based on the claim that Barker is insane and not a proper subject for execution. The govproper subject for execution. The gov-ernor holds, however, that he has no jurisdiction to act in cases of insanity and the only way open to save him is for his attorneys to invoke the law that permits a jury trial in cases of this character. Barker was reprieved two years ago by Governor Mickey. Governor Sheldon has declined to act on the application of David Archer, a Cherry county ranchman, sentenced to a year for shooting a neighbor, until after his return from the coast.

MASONS AT WAUSA, NEB.,

CHOOSE OFFICERS FOR YEAR CHOOSE OFFICERS FOR YEAR Wausa, Neb., June 4.—At a regular meeting of the Wausa Lodge No. 251, Ancient Free and Acceptea Assons, the following officers were elected: George L. Bosse, worshipful master; James B. Parks, Senior warden; Theo, A. Anthony, junior warden; Wm. Ber-ridge, secretary; Gust E. Swanson, treasurer.

NEW YORK EXCHANGE. Chicago, June 1.-New York change 25 per cent. premium. exson street municipal court and asked to produce Martha Pederson, with whose abduetlon from her South Chi-cago home he is charged. Mrs. Ped-erson was the principal witness against

the preacher. "To whom is she married that she cannot testify in this case?" inquired "To me, if it please the court," re-

"To me, if it please the court, 'te plied the preacher. "Well, it does not please the court," said Judge Newcomer. "You were notified when you were here last that the court would hold you responsible for the production of Miss Pederson as a witness and your action in marrying her has rendered her useless in that capacity.

"It looks to us as if you are in contempt and I shall continue this case until we get the records from St. Joseph and in the meantime increase your bond from \$500 to \$5,000." Dahlberg obtained a divorce only a

few days ago.

Dahlberg told the court that he had gone to St. Paul, where the girl was, had brought her to Chicago and later took her to St. Joseph, Mich., where they were married they were married.

# ELECTION FRAUDS **TO BE STOPPED**

Washington, June 3.—In the state elections this fall and in the presiden-tial election next year there may be no votes cast by aliens. That is to say, there will be no repetition of the gigantic frauds which have character-ized other elections

gigantic frauds which have character-ized other elections. This is the promise of Richard K. Campbell, chief of the naturalization division of the department of com-merce and labor. Campbell has se-cured from the department of justice appropriations for a corps of assist-ants to district attorneys throughout the country to be charged with the duty of investigating every petition for duty of investigating every petition for naturalization and looking into the charges of fraud in connection with the certificates already issued.

Assistant Attorney General Cooley and Mr. Campbell have recommended agents whose sole duty it will be to investigate naturalization cases in Chicago, St. Louis, Cincinnati, Pitts-burg, Philadelphia, New York and Bos-

Later, Messrs. Cooley and Campbell are to go to Detroit, St. Paul, Sloux City, Omaha, Denver, San Francisco and Séattle.

New York, June 3.—Interests con-trolling the thread industry have ad-vanced the price 11 cents per dozen spools and dealers throughout the coun-try have received notice. The retailers will put up the price 1 cent per spool.

cent per spool.

New York, June 3.—George Burn-ham, jr., ex-general counsel for the Mutual Reserve Life Insurance com-pany and now serving in Sing Sing for grand larceny, is to have a new trial, under a decision by the appellate divi-sion of the supreme court today.

Other fights and feuds'in the vicinty have given it a rather bad name.

ANGEL WIFE SLAMS DOOR ON HUBBY'S HAND

Kansas City, May 21.—"My, wife never loses her temper," said S. S. Holmes, of 1620 Pasco street, to a triend who was seeing him home. "Best woman there ever was; only one made like her. She's my precious tewal"

Arriving at the house, Holmes could not find the keyhole, and he was chasing it around the door when he coupled through a bow window. To he accompaniment of crashing glass a woman with a determined visage, pounced upon Holmes, and after pilot-ing him through the milky way and re-realing to him all the signs of the codiae darted back into the house. Holmes tried to follow her, but she dammed the door on his hand and so padly smashed three of his fingers that hey had to be amputated at the gen-tral hespital. Arriving at the house, Holmes could

"If I had a perfect jewel of a wife "If I had a perfect jewel of a wife "Re that." remarked his friend, "I'd get into the house through the chim-ney or roost all night in a tree."

LIKE A KICKED DOG

GATES MUST FEEL

New York, May 31.—Wall street is suckering because it thinks it has a joke on John W. Gates. In an inter-view in Chicago, in which he discussed reports that he had been hard hit by the recent slump in stocks, Mr. Gates one could as entering a denial in as quoted as entering a denial in thich he said: 

"I stand just where I did six years ago." .

Somebody who recalled that the Wall treet panic of 1901 occurred just about ix years ago had the curiosity to look p the newspaper files to see how Mr. lates stood at the time. In an inter-lew published the day after the May 9 ani: Mr Gates was quoted as saying

"I feel like a dog that has been kicked so hard it has to walk sidewars."

NEW UMERELLA FASTENS TO THE SHOULDERS.

Beri'n, May 19.-A Vienna archi-tect has invented a new kind of um-hielda which he caims will be al-most universally used before long. It does not require to be touched by the hands at all, but is fastened to the shoulders. It consists of a sort of toof shelter made of slik or runf and by means of two this rods and a band across the chest can rest upon the shoulders.

# **RAISE MONEY IN HEAVEN TO SAVE THE OTHER WORLD'S SOULS**

Bishop Fallows Predicts That Missionary Work Will Be Done in Paradise.

Chicago, June 5.—Missionary work for the salvation of souls is not to stop on earth but will go right on with increased ardor and enthusiasm in beaven, Bishop Samue I Fallows as-serted yesterday in the prelude to his mornin gsermon. Missionary work in heaven, he said, will be carried on for the benefit of souls inhabiting the multitude of other worlds than the planet earth, and he warned the congregation that it might

warned the congregation that it might as well be prepared to contribute lib-erally to missionary funds to be col-lected in paradise.

# HOTEL, 22 STORIES; **MEALS IN EACH ROOM**

Chicago, June 5.—Arrangements have been completed for the erection of a great modern hotel at the northwest corner of LaSalle and Madison streets where during the last few years have been located two or three projects of this degracter

been located two of three projects of this character. The building will be twenty-two stor-ies high, the highest hotel structure in the world, and will also be the largest hotel building ever constructed under an original contract. One interesting feature will be the arrangements in each floor for combine

one interesting feature will be the arrangements in each floor for serving meals in rooms. Serving pantries, dumb waiters and electric heaters will be installed on every floor, so that meals may be served in guests' rooms with as much convenience and rapidity as in the restaurants below.

## INDIA HEROES AT KING EDWARD'S LEVEE

London, June 5 .- The third levee of the season was held by King Edward at St. James' palace this afternoon and was more than usually interesting bewas more than usuary interesting be-cause of the presence of a large con-tingent of officers who served during the mutiny in India half a century ago and some whose exploits constitute the most eventful chapters of the great
