**A Cut Rate Price.**

This is the first campaign in Nebraska in which political bosses cut no figure. The people will nominate the candidates and afterwards elect them. You are one of the people and should take an active interest in these primaries and elections hereafter. Politics from now on means a square deal for the masses; lower passenger rates, lower freight rates, less extortion by trusts and combinations. These things can only be accomplished by every honest voter making it a part of his business. The people can only know what is really going on by reading the newspapers. But you ought to read a newspaper that can print the truth about all the candidates; a paper that has no self-interest in politics; whose owners are not office-holders or office-seekers. The publishers think the STATE JOURNAL is such a paper and in order to prove it to you make the special offer of only 50 cents from now until after election; seventy-five cents if you want the Sunday also. The earlier you send in your order the more you get for your money. Lincoln is the news center.

To St. Paul, Minneapolis and Duluth. Two through trains daily via the North Western Line from Omaha, Council Bluffs and Sioux City, make direct connection from all points west and southwest. Splendid equipment. Night trains electric lighted. Smooth road beds and convenient schedules. Full particulars on request of any ticket agent of the North Western Line. 13-4

**EWING**

Some of the Deloit farmers say there was a terrific hail storm in their section of the country Monday evening.

J. L. Fisher has been discharged from the hospital at Omaha, and after a few days' visit with his folks at Wahoo, will return home.

The small bunch of large agitators on the board of supervisors this week and tried to make it appear that for the sake of the "dear people" it would be necessary to mandamus the board so the people could get their money. Why don't the "small bunch" who are so much interested in the welfare of the people bring Pat Hagerty to O'Neill and see that he pays back some of the money belonging to the depositors of the defunct bank?—The Advocate.

**New Homes in the West.**

**For a Sprained Ankle.**

A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Pain Balm freely, and giving it absolute rest. For sale by Gilligan & Stout.

**STUART**

The showing of cash on hand, made by the Stuart banks, denotes a prosperous condition of this section of the state that is an argument which the calamity howlers cannot answer.

R. A. Haskin and his two little children accompanied by Mrs. W. B. James and her daughter, Miss Pearl, left for Eagle Grove, Iowa, this morning, where Mr. Haskin has a position in a newspaper office and where he will make his home. Mrs. James and Pearl will visit friends in several different Iowa cities before returning to Stuart.

Mrs. M. Flannigan of Minneapolis, Minn., is in Stuart visiting her sons, John, Michael and James. It has been twenty years since Mrs. Flannigan was last in Holt county and she is quite impressed with the improved conditions here. At the expiration of an indefinite visit here, Mr. and Mrs. Flannigan will go to California for the winter. Mrs. M. J. Flannigan, who was visiting in Minneapolis, returned this week.

The work is now progressing rapidly on the new Advocate building. By another week the building will be enclosed and ready for the plasterers. It will be practically fire proof as it is built entirely of rock and brick, with steel roof, steel ceiling and cement floor. We hope our friends will remember us with their continued patronage. We feel that our village deserves a good newspaper, and that the home of the paper should be such that the citizens of the town will take pride in showing it to their friends. It must be remembered that this work was not undertaken because of the money there is in the business, but that Stuart should not be always given the dirty end of the stick.—The Advocate.

Morton Greeley brought in a wagon load of apples, from his fathers orchard at Phoenix, and sold them on the streets here Wednesday. Mr. Chambers or Artie as he is familiarly called, was raised here from boyhood and is a member of the prosperous merchant firm of Chambers & Co., who has by his tireless devotion to the firm's interest been one of the means of its present popular standing. Miss Williams has resided here for years and her amiable disposition and lady like qualities are requirements which make a happy home and the Graphic with a host of friends extends congratulations and wishes of happiness through their voyage of life.
