#### FOLK'S SUCCESSOR BUSY

Circuit Attorney Sager Will Now Ture His Searchlight on the Whole House of Delegates.

St. Louis, Oct. 23 .- That St. Louis, once cleaned by Joe Folk, has returned to political corruption, is shown by five marked \$100 bills given by Circuit Attorney Sager to Henry Ascher, of 5011 Delmar boulevard, that were the bait in a trap set for Delegate Ferd Warner, of the Second ward, and Delegate F. W. Priesmeyer, of the First ward, who were given a preliminary hearing before Judge Rodgers on in-dictments charging them with bribery. The indictments followed their arrest in the chamber of the house within

fifteen minutes after the marked bills an envelope, so it is charged, had en passed to Delegate Priesmeyer in the washroom in the north end corridor on the second floor of the city hall.

The grand jury, under the direction of Circuit Attorney Sager, will now devote its entire time to investigating the house of delegates in connection with the delays of the asphalt paving bills, the bill for a public utilities commission and other important legislation

Sager eas been planning for weeks to catch Warner, who is chairman of the public improvements committee of the house, and has the power as one of the leaders of the combine, to kill or pass any bill referred to his committee

Warner and Priesmeyer were ar-rested immediately after a bill granting Ascher the right to build and main-tain a garage on the rear of 5011 Del-mar boulevard had been reported out of the public improvement committee and massed and passed.

#### Ascher Tells the Story.

They were conducted to the circuit attorney's office and ushered into the grand jury room. Ascher had preceded them and had related to the grand jury the details leading up to the cli-

Ascher, finding that he could not get the bill passed by the ordinary meth-ods, entered into negotiations with Chairman Warner. These negotiations reached a point where Ascher went to the circuit attorney's office and re-ceived from Circuit Attorney Sager five marked \$100 bills in a sealed envelope

## THAW FACES SUITS BY HIS ALIENISTS

New York, Oct. 23.—Dr. Allen Mc-Lane Hamilton, the well known allen-ist, whose testimony formed an import-ant part of the trial of Harry K. Thaw, is preparing to sue the Thaw family for his services. The suit which will be for between \$6,000 and \$7,000, will probably be fol-lowed by similar proceedings on the part of all of the other alienists em-ployed by Thaw's counsel to testify in his behalf. At present Dr. Hamilton is awaiting the outcome of the action by Dr. C. L. Dana, another of the corps of insanity experts, for non-pay-ment of his bill for services. Dr. Dana was awarded a judgment by default of \$1,500 on October 11 by Judge Green, of the city court, Clifford W. Hartridge having failed to appear in Thaw's defense. Yesterday, however, Mr. Hartridge filed an application to have the judgment vacated on the ground that he had been unable to ap-pear and that he had understood that Attorney Martin W. ## JUDGE ORDERS MAN TO TALK TO WIFE

Chicago, Oct. 23.—Municipal Judge McKenzie Cleland, through the me-dium of his Maxwell street police court, has persuaded wayward husbands to stop drinking, has restored shattered homes and even has induced professional thieves to give up their vocation, but can he make a man talk to his wife? This problem now confronts him, and if Adolph Felder, a giant machinist, fails to talk to his wife for at least half an hour each day hereafter, the court threatens to make a human phonograph of him phonograph of him. Felder, formerly a saloon frequenter,

The arrests were ordered by State's Attorney Miller. The accusations against Magill and his bride furnished a climax to the rumors which had been
