Educational Notes.

A few points asked about by many people, and answers briefly in these notes may be of interest.

The new certification law of 1905 did away with the issuing of permits. The lowest certificate issued is called an "emergency certificate" and can be issued, only, when absolutely necessary. It is good for six months providing the applicant makes passing grades in the five essentials: "Arithmetic, geography, grammar, reading and history." One only of these certificates can be issued to the same person.

The minimum passing grade fixed by law is 60 per cent for a third and 65 per cent for a second grade certificate. County superintendents have the privilege of raising this standard for their own counties. Superintendents in most of the counties of the state have used this privilege. Holt county has not.

Holt county has issued two hundred thirty-seven and transferred thirty-three certificates during the past two years under the new law, making a total of two hundred seventy. Forty of these have been issued to teachers who have taken up other work, one hundred fifty are in the possession of teachers teaching in the county at present, and the remaining eighty belong to teachers in other parts of the state.

At present a few schools are without teachers. We do not expect this to be the condition long as we have just received a list of about thirty names of teachers from Superintendent McBrien and he says he can send one hundred more upon a few days notice.

The question of most interest to about fifty districts in the county is how to receive the state aid for weak districts. After the meeting of county superintendents with the state superintendent October 24th, 25th and 26th, this office will send out a circular letter to all districts interested in which we will give a detailed explanation.

Districts are not obliged to have seven months of school to draw state aid if they cannot do so without putting themselves in debt. Debts are to be paid out of the twenty-five mill levy if there are any to pay. State aid goes toward paying teachers' wages only.

The teachers we visited in their schools last week are: Olive Wagers, Alice Harper, Maggie Murray, Belle Tucker, Sylvia Cronk, Myrtle Hunt, Alice Rinsinger and Mrs. Decker.

County Superintendent.

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by Gilligan & Stout.

O'Neill, Nebr., Sept. 20, 1907.—To the Board of Supervisors, Holt county, Nebraska. The undersigned asks for a refund of taxes for the year 1905 on the following described property, lots 7 and 8, block B, Neeley's addition to town of Atkinson Nebr., for the following reason. That the said property was acquired by the said Atkinson State bank by warranty deed dated January 4, 1905, same being recorded in book 71, page 489, and was therefore a part of the assets of said bank. That by an oversight in making returns to the assessor this was overlooked and not deducted from the capital stock as the law provides in such cases, said authority being found in Cobby's statutes of Nebraska, 1903 vol. 2, chap. 49, revenue, page 3020, 10445. That said tax was paid twice, first as part of the assets of said bank and also as real estate and that the subscriber is therefore entitled to a return of the amount so paid.

More Than Enough is Too Much.
To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For Chronic Diarrhoea.

Miles of this place persuaded me to try Chamberlain's Colic, Cholera, and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Gilligan & Stout.
