

WHOOOP, HURRA!

Republicans Sweep Everything in Holt County But Clerk of the District Court

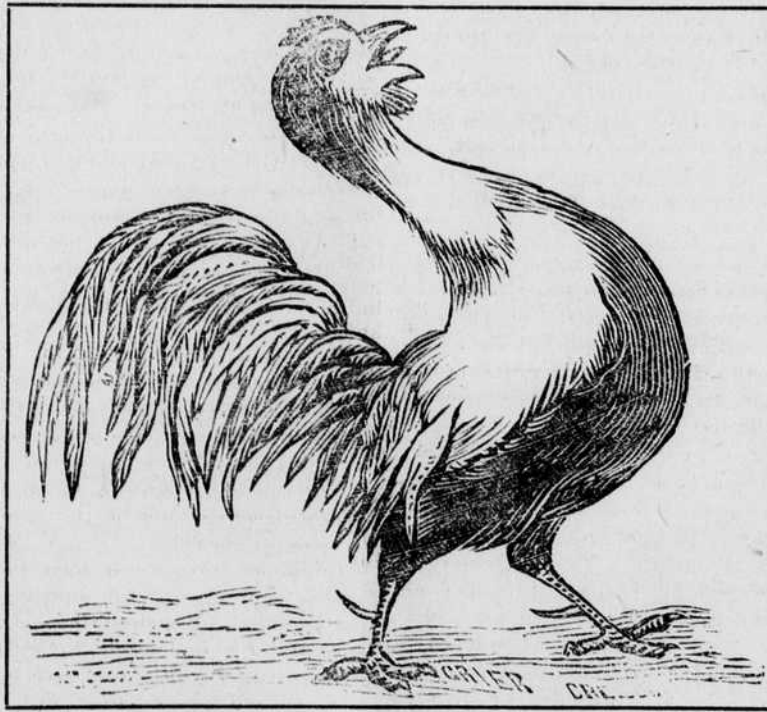

REPUDIATE RING RULE & SLANDER

Republicans and Honest Democrats Unite and Give the Strategy Board a Black Eye.---Harrington Loses Eight Hundred Votes in Holt and Boyd Counties.---Western Counties Go Republican On Everything But District Judges, Which Reelects Harrington and Westover.

The result of last Tuesday's election in Holt county is an emphatic rebuke to the high handed methods of the fusion bosses, whose campaign of falsehood, deception and slander knew no limit. The unfair and high handed methods were continued to the last minute, even to replacing legally appointed members of the election board by men who had no kind of authority to sit on the election board. Through the united action of republicans and honest democrats, every republican county candidate was elected except one, that of clerk of the district court, to which the democratic incumbent was re-elected by a reduced majority.

The republican candidates were elected in three of the four supervisor districts and this makes the board four republican and three fusion. Hence the republicans have all the county offices but one and the board of supervisors.

In the judicial fight the fusion vote was reduced 800 votes in Holt and Boyd counties. Four years ago Harrington carried Holt county by 539, this year he carries it by 158; four years ago Westover carried the county by over 400, this year by 24; four years ago they carried Boyd county by 300, this year supervisors and sheriff's office and their signal defeat is a vigorous protest from the voters of Holt county against deception and fraud. The following are the totals for the county:

they lost it by 150. A peculiar circumstance appears in the counties in the western part of the district. The majority of them went republican on every thing but the judicial ticket, which went fusion and reelect Harrington and Westover by about 250.

The total vote of Holt county was 3122 with the head of the ticket very close, Loomis, the fusion candidate for supreme judge having a majority of only 3, while the republican regents carried the county by a small majority.

The fusionists made a desperate effort to secure control of the board of supervisors

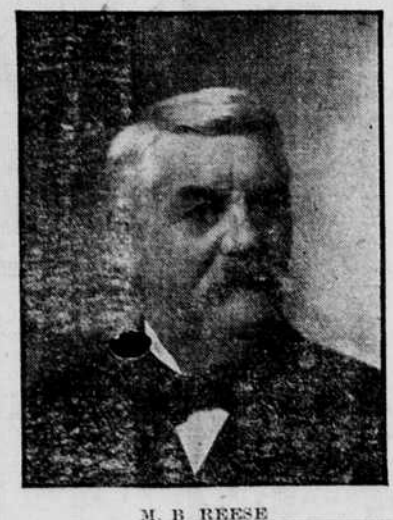

Douglas	1446	Harnish	1708	Hall	1628	Sturdevent	1404	Skidmore	1524	Wilson	1546
Jenckes	1310	Robertson	1327	Mathis	1445	Harmon	1618	Lell	1483	Flynn	1450
Harrington	1604	Simar	1637	Malone	1699	Zink	1590	Page	1493		
Westover	1470	Morgan	1363	Simmons	1325	VanConett	1437	Norton	1497		

VOTE ON SUPERVISORS

Roberts 228, Bedford 167. Roll 266, Coover 199. Roche 284, Shorn 230. Hickman defeats Root by 38 or 40.

The loss of the judges is the only regret of republicans and the honest democrats who voted with them. It can be accounted for in no other way than ineffective organization and lack of fighters in the western counties, as the east end did

M. B. REESE

more than its share to swing the district into the republican column as shown by the vote. There may have been some sore spots also left from the primaries that festered at the polls and encompassed defeat for republican candidates.

The state is still strongly in the republican column, Reese being elected to the supreme bench over Loomis by 20,000.

The ringsters are "licked" to a finish in Holt county. The republicans promised a square administration two years ago and have been re-elected because they made good. The same square deal policy will be pursued in the future as in the past.
