The Markets

South Omaha, December 4—Special market letter from Nye Schneider Fowler Co.
The first two days of this week brought about 10,000 cattle on this market. Chicago had very heavy runs and reported their market lower on all offerings except best beefs, which is about the condition of the trade here with the exception that the packers seemed inclined to prefer the good western rangers to the common natives and the market was about 10 cents lower on short fed stuff, and stronger on good western feeders.
We quote:
Choice dry lot beef, corn fed \$5.00 @ 60
Fair to good 4.40 @ 50
Choice range beef 4.80 @ 90
Others down to @
Choice cows 3.50 @ 4.00
Canners & cutters 1.25 @ 2.00
Veal calves 13.00 @ 15.75
Bulls, stags, etc. @
Heavy feeders @
Medium @
Stockers @
Stock heifers @
Hog receipts are light with advanced prices over last week, the bulk selling at \$4.60 to \$4.65, top \$4.75.
Sheep market is active to 10 cents higher than last week's close.

For that Dull Feeling After Eating.
I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempton, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at Gilligan & Stout's drug store and see what a splendid medicine it is.

Educational Notes.

The Holt County Teachers' association will hold a meeting in O'Neill, December 14, 1907.

An excellent program is being prepared for the benefit of the teachers of the county. This is the first of the two meetings that the association will hold this year. All teachers are expected to be present and we wish all to come prepared to share in the discussions.

The purpose of having these meetings is to afford all an opportunity to hear of the successful experiences of others and give to others the benefits of your discoveries.

Superintendent Robert Thomson, who is known as the "bird man," will give us an exceedingly interesting illustrated lecture on the birds of Nebraska.

Superintendent I. A. Downy resigned his office as county superintendent of Adams county to accept the position of inspector of the normal training department in the high schools. Mr. Downy is a member of the reading circle board and has made "Teachers' Reading Circle Work" a special study. He will emphasize the importance of the work and the benefits to be derived from it.

Arrangements are being made for a social gathering of the teachers in the evening at the hall where they will be entertained by music from the Stuart high school band, vocal music and toasts.
Florence E. Zink,
County Superintendent.

MINOR MENTION

Butte Gazette: A warrant was sworn out Tuesday for the arrest of Jens Jensen on the charge of selling a glandered horse to a young fellow over in Holt county by the name of Orabtree. Jensen entered into a recognition of \$200 to appear on December 7, 1907, to answer said charge.

R. J. Marsh is laid up at his home with a sore and badly swollen foot, caused by Mr. Marsh's first attempt at chiropody. He was annoyed by a large and particularly obstreperous corn upon the little toe which refused to come off. Mr. Marsh uprooted the same, a considerable portion of the pedal extremity clinging to the roots. It bled profusely and has now developed into a pretty bad foot.

John Grutsch returned last Saturday evening from a five weeks visit with relatives and friends at his old home at New London, Canada, and says he is glad to get back. John says he could not again be induced to live in that country, and although it has been twenty-three years since he left there the change in that time is not as great, he says, as it would be in the west in the same period. Holt county looks better than ever to him now.

Thanksgiving evening worshippers were disappointed and a union praise service forestalled at the Presbyterian church last Thursday evening by the gasoline lighting apparatus refusing to supply the necessary illumination. A goodly sized audience had assembled, the choir had sung the opening song, "Praise God From Whom All Blessings Flow," and the pastor, Rev. Mr. Ellhorst, had offered prayer, when the lights went out. The audience was dismissed with the explanation that the "plant was knocked out."

John O'Donnell returned last week from Seattle and other western cities where he has been the past eight months and will remain at home this winter. Jack says things in Seattle, and in fact in all the western cities, is at a standstill and the indications are that a good many people will go broke before things commence to climb upward again. The former O'Neillites whom he met in the west seem to be prospering.

The old sheds and superannuated structures at the rear of the Golden Furniture and Hardware company's buildings have been torn away to make room for a large two story extension, the foundation for which is now being laid. The extension is being put up for a machine and implement house, a new line the company is just putting in. It will be equipped with an elevator for hoisting and lowering heavy machinery. A force of men are now at work on the grounds and the building will be pushed along rapidly.

Mrs. S. F. McNichols died at the home of her mother in Colo., Iowa, last Monday morning at 2 o'clock. Deceased left here about three weeks ago to attend the funeral of her father and while she had been ailing the past few months her sickness was not considered serious and she contemplated going to Des Moines for medical treatment before returning home. The funeral was held yesterday, the remains being interred at Colo. We have been unable to learn the cause of death and obituary will appear next week. The sudden death of Mrs. McNichols is a sad blow to her family, relatives and friends, and the sorrowing husband and children have the heartfelt sympathy of the entire community.

There are eight applications for naturalization papers to be heard at the December term of district court, which convenes the 9th. They are: Robert Fawkes of Inez, native of England; John Burshek of Page, native of Austria; John Stenks and John Kleiser of Tonic, both natives of Austria; Anton Wallinger of Stuart, Paul Dickau and W. F. Bremer of Atkinson, all natives of Germany, and John Minahan of Swan, native of Ireland.

At the regular meeting of O'Neill lodge number 153, Ancient Order of United Workmen, held last Tuesday evening, the following officers were elected for the ensuing year: D. H. Cronin, Master Workmen; Clayton Messner, Foreman; Neil Brennan, Overseer; L. G. Gillespie, Recorder; Sam Barnard, Financier; Frank Campbell, Receiver; P. J. Biglin, Guide; A. P. Brooks, Inside Watch; John Horiskey, Outside Watch; T. V. Golden and T. F. Birmingham, trustees.

Other towns beside Ewing along the North Western line have to do without night accommodations at the depots. The company is doing away with the night men at the smaller towns. Citizens of Meadow Grove have taken the matter up with the state railway commission. Under the section of the law which provides that facilities shall be furnished Meadow Grove people ask the commission to issue an order requiring the railroad company to keep an operator on duty. Complaint is made that no business can be transacted at the depot after 6 o'clock in the evening nor before 7 o'clock in the morning.
