F. P. CORRICK WM. HAYWARD Chairman. January 8, 1908, Lincoln, Nebraska.

The annual report of the county treasurer is the best answer to those bleary-eyed fusionists who are continually shouting that the county is on the verge of bankruptcy.

The Butte Gazette springs the name of Robert Lynn of Spencer as a candidate for the republican nomination for commissioner of public lands and buildings. "Bob" was a candidate before the state convention two ears ago and made a splendid showing, though opposing Mr. Eaton who was asking for a second teom. Should Mr. Lynn decide to enter the contest for the nomination he would make some of the other aspirants "go some" if they succeeded in carrying off the TO OUR SUBSCRIBERS.

A reasonable time will be allowed publishers to secure renewals of subscriptions but unless subscriptions are expressly renewed after the term for which they are paid within the following periods-dailies within three months, triweeklies within six months, semiweeklies within nine months, weeklies within one year, semimonthlies within three months, monthlies within four four months, bimonthlies within six months, quarterlies within six months-they shall not be counted in the legitimate list of subscribers and copies mailed on account thereof sient second class postage rate of one cent for each four ounces or fraction thereof, prepaid by postage stamps publication is not denied or questioned, but his compliance with this regulation will be taken into consideration in determining whether the at second class postage rates.

This is a serious proposition to the publishers of weekly newspapers as it virtually compels them to have their subscription accounts all paid up or Pursuant to the call of the National else place a one cent stamp on each paper sent to subscribers who are one year or more in larrears. This, of course, would be impossible as the

The Frontier has been very lenient with its subscribers, allowing them to pay their subscription whenever it to collect up and we ask all our readcrs to pay up and a year in advance if possible. We have several hundred able H. H. Wilson for presidential subscribers who are a year or more in elector at the general election held arrears and we hope they will appreciate the favors shown them in the past and promptly liquidate their indebtedness. During the next week we will send statements to all subscribers showing the amount of their indebtedness and we trust all will remit the amount due. If you can not It is recommended that no proxies be spare the cash at present we will take allowed and that the delegates pres- your note. But square up. Do it at once before the matter escapes your mind.

> As will be seen by the annual report of County Treasurer Harnish, pub-000.00. This is a long ways from being busted, isn't it?

The Nebraska congressional delegation should cut out their fooling and endorse Ross Hammond for the collectorship. As editor of the Fre mont Tribune he has performed valiant services for the party and should, without question, receive the unanimous endorsement of the delegation.

Indications are that the Third congressional district will select two editors to represent them at the republican national convention. They are: W. N. Huse of the Norfolk News and J. T. Elliott of the West Point Republican. These men have the avoirdupois and the ability to make them eligible to to membership in Nebraska's big four.

We will bet a doughnut against a last summers bird's nest that one congressman on the Nebraska delegation will sweat blood if it should be up to him to cast the deciding ballot in the collectorship fight. Would he vote? Well, we are inclined to think he would resort to his old-time practice and take the matter under advisement for a year or two.

"The backbone of 'senatorial privilege' appears to have been broken, so rants for the same. far as Nebraska is concerned," remarks the Lincoln Star. "For many years the senators have been conceded certain privileges, one of the chief of which has been the distribution of good appointive federal offices among their own friends. But the old order has been overturned by President Roosevelt, and his demand that the whole congressional delegation agree upon some man for internal revenue collector comes as a shock to the two members of the upper branch of congress from this state. From now on, it is more than likely that the entire

delegation will have a hand in the Uncle Sam, through the postoffice distribution of all federal patronage in department, has made a ruling which Nebraska. Such a practice will take affects the publishers of all newspapers from the senators something that now being mailed at the second class they have come to value highly. The rate of postage. The order is as fol- congressman now hold the whip hand in the matter of Nebraska patronage."

Ravil changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind-know the difficulty of avoiding cold.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

It will help you to avoid taking cold.
