LARGE CONVENTION

Representative Gathering of Republicans of Holt County.—Endorse Taf. Snyder and Kinkaid.

The republican county convention held at the Odd Fellows hall in this city last Saturday was one of the largest conventions held in the county for years. A majority of the precincts were represented, many of them by full delegations, and it was as fine a looking body of men as we have seen together for many a day.

The convention was called to order by Dr. J. P. Gilligan, chairman of the county central committee, and upon motion Jacob Roekke of Atkinson was elected chairman and S. S. Smith of Swan secretary.

The temporary organization was then upon motion made permanent, and upon motion the delegates present were recognized as the accredited delegates from the several precincts and wards.

Upon motion of R. R. Dickson the chair appointed the following committee on resolution: R. R. Dickson, Alex Searl, F. W. Phillips, Joseph Matousek, D. M. Stuart.

Upon motion convention then adjourned until 1:30.

Upon reconvening the committee upon resolution reported as follows, and the report was upon motion adopted:

Mr. Chairman: Your committee on resolutions respectfully report the following:

Resolved, by the republicans of Holt county, Nebraska, in convention assembled, that we reaffirm our adherence to the principles of the republican party enunciated in the last National platform and that we fully and cordially endorse the administration of President Roosevelt, his courageous and untiring efforts to compel the rich as well as the poor to obey the laws of the country, his vigorous and timely intercessions to equitably adjust the differences that have existed from time to time between capital and labor. His determined purpose and policy to prosecute and punish law-breaking corporations and criminals of all classes and in view of the fact of his not being a candidate for re-election, we hereby endorse Secretary Taft, an adherent and advocate of his policies, both home and foreign as being the loyal and logical candidate for presidential honors.

Resolved, that we renew and hereby acknowledge our confidence in Senators Burkett and Brown and commend the progressive republican spirit that has characterized their public and official acts, and the manifest interest taken in all sections of the state in their fair minded administration of affairs effecting the different localities.

Resolved, that we endorse the administration of Governor Sheldon and other state officials and members of the legislature and commend them for their statesman like attitude on all public questions.

Resolved, that we fully endorse all of the public and official acts of our distinguished congressman, M. P. Kinkaid, and we commend his decisive stand on all matters touching the public service and the law making branches of the government, both as member of committees and upon the floor of congress; that we greatly appreciate his active support of the

rural free delivery system which has resulted in almost complete country service for every county in his district; that we sanction and applaud the stand he has taken in favor of pensions for soldiers and soldier's widows and the further legislation contained in his bill, act March 2, 1907, extending the privileges accorded by the general homestead laws to include persons who served in the army, navy or marine corps of the United States during the Civil and Spanish wars or Philippine Insurrection to receive credit for the term of such service on the five years residence required in perfecting final proof in support of entries made under what is commonly known as the Kinkaid Law.

We further commend his untiring efforts in the framing and passage of this act whereby millions of acres of land have been reclaimed throughout this congressional district, thus affording poor and needy people a means of livelihood and the procurement of homes for themselves and families.

We approve his measure, now a law, providing for the extended area that can be applied for and sold as isolated tracts in the territory affected by the Kinkaid law; that his present bill amendatory of the Kinkaid law (act of April 28, 1904), allowing homesteaders to make additional entries to fill out the maximum 640 acres, whether from contiguous or non contiguous land; also the matter of improvements on their original entries being credited as improvements on their additional entries and the fixing of the value of improvements required at the time of making final proof at 40c instead of \$1.25 per acre is a matter of further relief and benefit to such entrymen and furnishes a further avenue for the appropriation of the vast area of public lands now vacant in this district.

And be it further resolved, that

we having the distinction of being to a great extent his neighbors and personal acquaintances during his residence of nearly thirty years in this county, during which time we have always found him to be a conscientious, honest and honorable gentleman in all his dealings, fearless in the discharge of his duties as a citizen and recognizing in him an able and faithful servant of the people of this congressional district, we believe him, M. P. Kinkaid, to be the logical candidate from this district.

And we hereby pledge our support for his nomination at the coming primaries and his re-election at the polls next November; that we condemn in unqualified terms, the derogatory reports furnished the press relating to his attitude on the appointment of U. S. Collector for the district of Nebraska, as in no wise reflecting the sentiment of the republican party of this county; that we, not being fully informed, as to all the conditions existing throughout this congressional district, and being remote from the seat of action, repose implicit confidence in our representative Kinkaid to take such a stand on all public and official matters as will the better preserve the interests of the district at large.

Resolved, that we ardently endorse the candidacy of O. O. Snyder as one of the delegates from this congressional district, to the national convention and obligate ourselves that in the event of his selection, he will cheerfully co-operate with the remainder of the delegation from this state in the nomination of the exponent of President Roosevelt's policies—the Honorable Secretary Taft.

Resolved, that we commend the administration of our county officials through whose tenure in office are due the marked improvement of our county finances and affairs over that which

distinguished the mal-administration of the erstwhile "has-beens," whose identity as a political party ceased to exist upon the termination of their brief regime and the disloyal attempt of trusted leaders to deceive the honest members of their own party.

Resolved, that we deeply deplore the impairment of the fair name and good standing of our county at home and abroad that has obtained through the malicious, misleading and maudlin effusions of "yellow journalism."

Resolved, that this convention tender a vote of thanks to Honorable J. P. Gilligan, chairman of the county central committee, and Romain Saunders, its secretary, for their efficient services; also a like expression to the republican press for cordial co-operation and that we extend to the voters of this county, our appreciation of the magnificent support given our candidates at the last general election.

R. R. Dickson, Alex Searl, F. W. Phillips, Joseph Matousek, D. M. Stuart.

Upon motion of Dr. Gilligan the following committee was named to select delegates to the congressional convention: J. P. Gilligan, C. D. Keyes, Tom Simonson, C. E. Hall, W. L. West.

Upon motion of F. W. Phillips the following committee was named to select delegates to the state convention: Frank Phillips, Dell Akin, Sam Wolf, Willie Calkins, Fern Smith.

The committee to select delegates to the state convention reported that the following be selected as delegates to the state convention, and the report was upon motion adopted: F.

W. Phillips, C. W. Moss, D. M. Stuart, D. H. Cronin, Thomas Simonson, Willie Calkins, J. P. Hancock, Jacob Kraft, W. P. O'Brian, Joseph Matousek, A. Smith, Alex Searl, Thos. Haldorson

The committee to select delegates to the congressional convention reported the following names as delegates to the congressional convention and upon motion the report was adopted: C. J. Malone, E. A. Clark, Frank Kiernan, Frank Dobney, Zeb Warner, M. W. Holcomb, John Brady, Sanford Parker, R. R. Dickson, L. E. Skidmore, C. E. Hall, O. O. Snyder.

The convention then, upon motion, adjourned.
